GENUINE
TELESCOPE
FOLDING FURNITURE

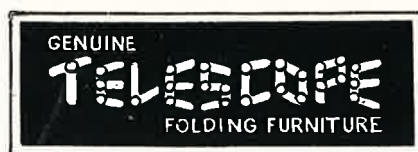

FOR over a quarter of a century tourists and campers all over the world have preferred Telescope folding furniture. Each Telescope piece is stoutly built of choice materials and is mechanically perfect. Every cot and chair will stand rough, knock-about camp usage – moisture, corrosion and rigorous climate. Every folding piece is equally friendly to the rocky retreats of the Adirondacks, and to the camps of the Alps; to the decks of luxurious cruisers and around the bridge tables. The users of Telescope cots and chairs are numberless, for these versatile folding pieces may be used everywhere.

To Telescope's line of world-famous folding furniture has been added a set of splendid colored reclining chair models. For months after the introduction of this attractive line it was impossible to supply the demand. The pleasing blue, yellow, orange and green of these bright models invite the eye and make colorful additions to the home, porch, lawn, roof garden, boat, etc. They are as useful as they are beautiful. Indeed, a Telescope reclining chair offers the utmost in pleasure and relaxation.

Telescope's outdoor furniture is ideal for roof-gardens, beaches, house boats, lawns, porches and country clubs.

Because Telescope colored reclining chairs are seasonable in summer, hundreds of live dealers are ridding themselves of dull summer months. Telescope's colored models make profitable summers.

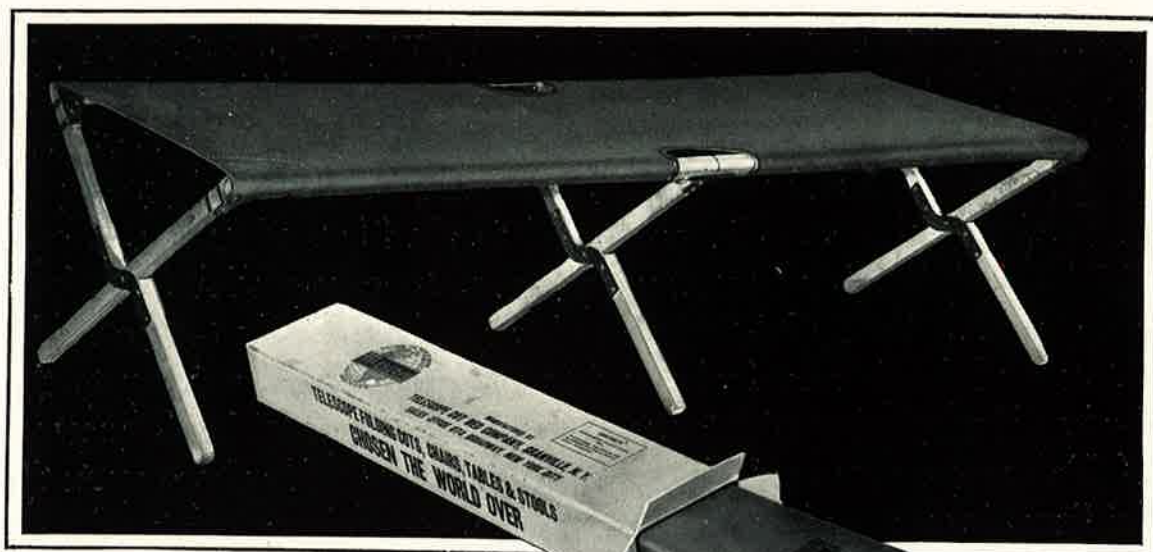

THE TELESCOPE COT BED COMPANY

THE EVER-READY COT NO. 9

Packed and Shipped in Individual Cartons

DIMENSIONS

Opened: 76 inches x 27 inches x 18 inches high
Folded: 38 inches x 7½ inches x 4 inches
Weight: 16¼ pounds (approximate)

URSATILE in the uses to which it lends itself in camping, motor touring and as an emergency bed around the home, this is the most popular and best selling cot in the line.

It has been modified and perfected to the exacting requirements of tourists and campers. Opens instantly. No end pieces to fuss or fumble with. Light and easy to carry; takes little space. Restful and comfortable.

The frame is of Northern Hardwood, seasoned properly. All steel parts, neatly enamelled. Canvas duck cover is of highest quality double filling construction.

TRAVELLERS COT NO. 12

Illustrated on left

Opened: 76 inches x 25 inches x 18 inches high
Folded: 37½ inches x 5¼ inches x 4¼ inches
Weight: 15 pounds (approximate)

Frame of seasoned Northern Hardwood. Steel parts nicely enamelled.

This light model is a splendid cot for women and children for camp and emergency use. Has heavy, durable canvas duck of double-filling weave for cover.

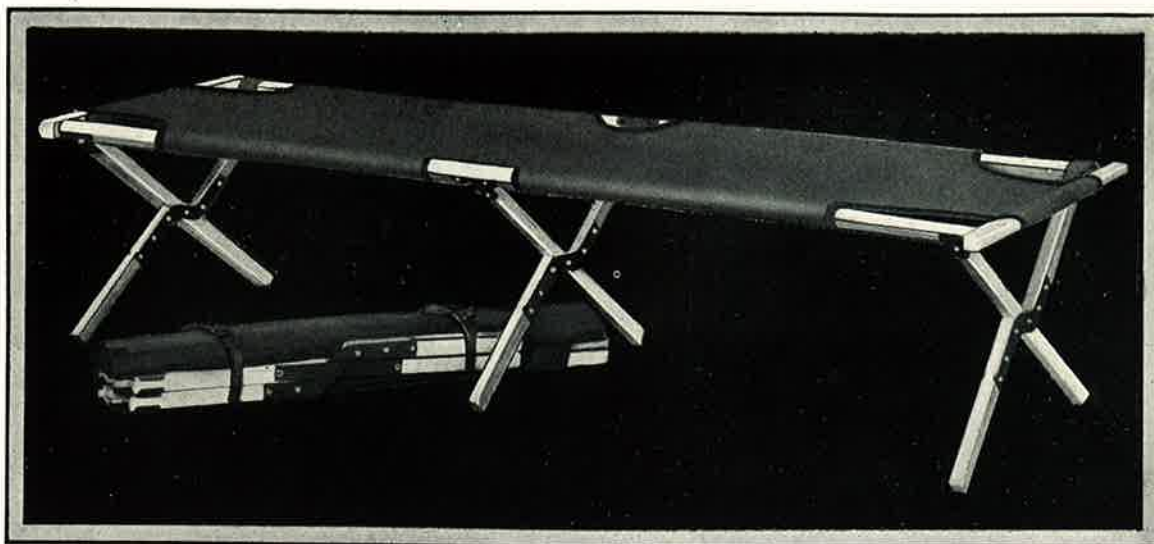

BUNGALOW COT NO. 4

Illustrated on right

Opened: 76 inches x 25 inches x 18 inches high
Folded: 37½ inches x 8 inches x 3½ inches
Weight: 15 pounds (approximate)

Similar in construction to the model shown above. Especially designed for bungalow use.

MILITARY COT NO. 1 1/2

DIMENSIONS

Opened: 76 inches x 25 inches x 18 inches high

Folded: 37 1/4 inches x 6 inches x 4 1/2 inches

Weight: 15 1/2 pounds (approximate)

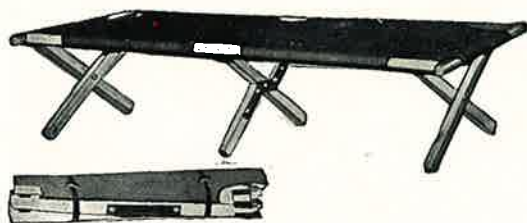

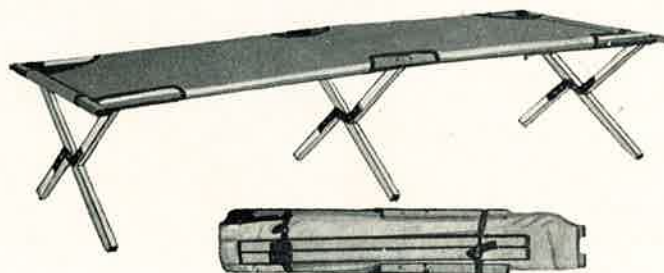

THIS MILITARY type folding cot is unusually compact. Ideal for campers' knock-about usage. Splendid workmanship combines the frame of air-dried Northern Hardwood, the neatly enamelled metal parts of open-hearth steel and the double-filled canvas duck into a sturdy, restful cot. Specially constructed grooves snugly accommodate the end pieces. A convenient carrying handle attached.

ARMY COT NO. 1

Illustrated on right

This compact and strong cot easily supports heavy weights. Identical with the No. 1 1/2 Military Cot, except that it has two additional inches of width.

Weight, 16 pounds (approximate)

CHILD'S COT NO. 5

Illustrated on left

Opened: 54 inches x 21 1/2 inches x 13 1/2 inches high

Folded: 26 1/2 inches x 7 3/4 inches x 4 1/2 inches

Weight: 12 pounds (approximate)

A finely built, sturdy, restful cot for youngsters. Northern Hardwood frame and double-filled canvas duck of good, heavy weight.

SINGLE MODEL NO. 100

Opened: 76 inches x 27½ inches x 17 inches high
Folded: 32 inches x 6½ inches x 4¾ inches
Weight: 15½ pounds (approximate)

DOUBLE MODEL NO. 101

Opened: 76 inches x 48 inches x 20 inches high
Folded: 32 inches x 9½ inches x 8 inches
Weight: 23½ pounds (approximate)

THE STANDARD TELESCOPE COT BEDS

Packed and Shipped in Individual Cartons

THESE cot beds afford the utmost in real comfort. Adapt themselves to uneven ground. The largest when opened and the smallest when folded. The braces are of enamelled high-carbon steel. No fuss in opening or folding. Note the compactness of cot when folded. Double-filled canvas duck cover is used.

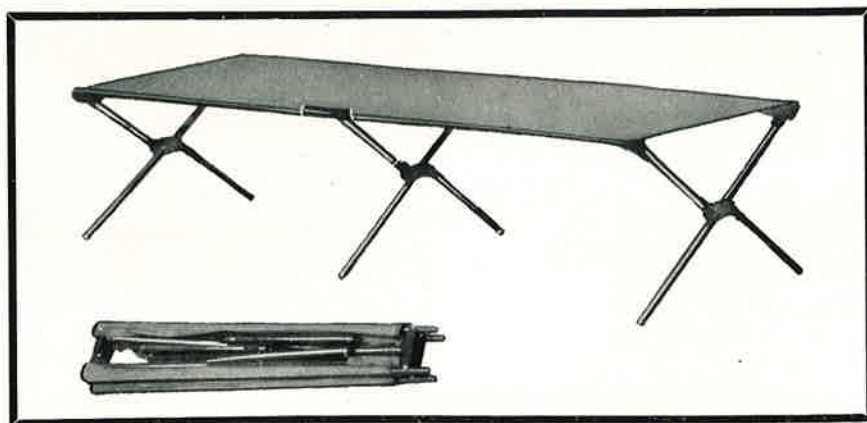

DIMENSIONS

Opened: 76 inches x 26 inches x 16¼ inches high

Folded: 38 inches x 6½ inches x 3 inches

Weight: 18½ pounds (approximate)

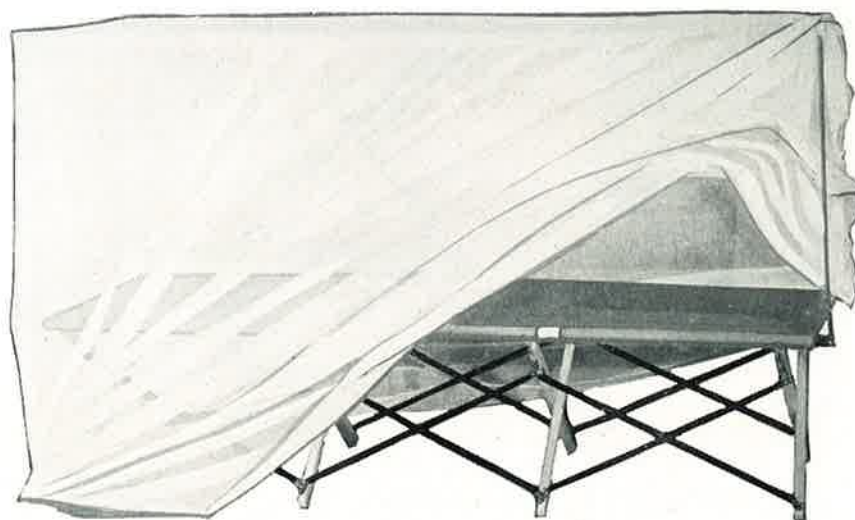

Packed and
Shipped in
Individual
Cartons

DREADNAUGHT STEEL COT NO. 77

THIS cot is so compact it is only three inches in breadth when closed. Its all-steel lacquered frame and bracket reinforcements are of strong high-carbon round steel. Opens in a jiffy. Ends of legs are rounded to prevent scratching of floors.

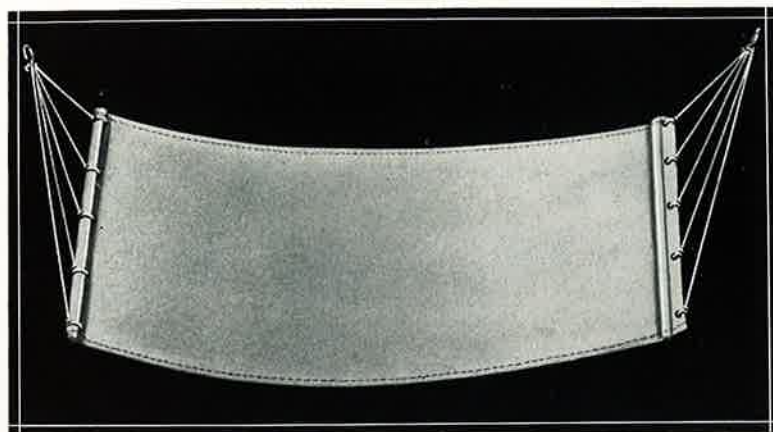

(Bar Frames made in both wood (natural finish) and steel tubing (heavily enamelled). See price list.

MOSQUITO NETTING AND BAR FRAMES

For All Single-size Cots

The netting is of fine, closely woven mesh, especially adapted to folding cots. The corners are reinforced with sewed-on cloth.

DIMENSIONS

Opened: 40 inches x 74 inches

Folded: 40 inches x 5 inches x 2½ inches

Weight: 3½ pounds

ANNAPOLIS HAMMOCK NO. 17

This comfortable hammock is tested to sustain far greater weights than it will normally have to support. Both ends secured with brass grommets fastened with one-quarter inch wide cotton rope of great strength, permitting all freedom from falling.

"TELESCOPE"

CARRYING BAGS FOR COTS

A handy bag—made of heavy canvas duck. Colored with best sulphur dyes. Each bag is fitted with a convenient carrying handle. Also equipped with a Japanned Buckle Fastener. Strong and durable. Especially adapted for the convenience of campers and tourists. These bags will keep your cots clean.

NO. 500 SERIES RECLINING CHAIRS

Natural Finish in Weatherproof Varnish. These comfortable and durable rest-chairs are alike in construction and in the excellent quality of materials used.

The Sun-shade and foot rest are detachable. Folds flat.

No. V 501 FS—The frame is finished in weatherproof varnish and covered with canvas gaily striped in orange and blue combination.

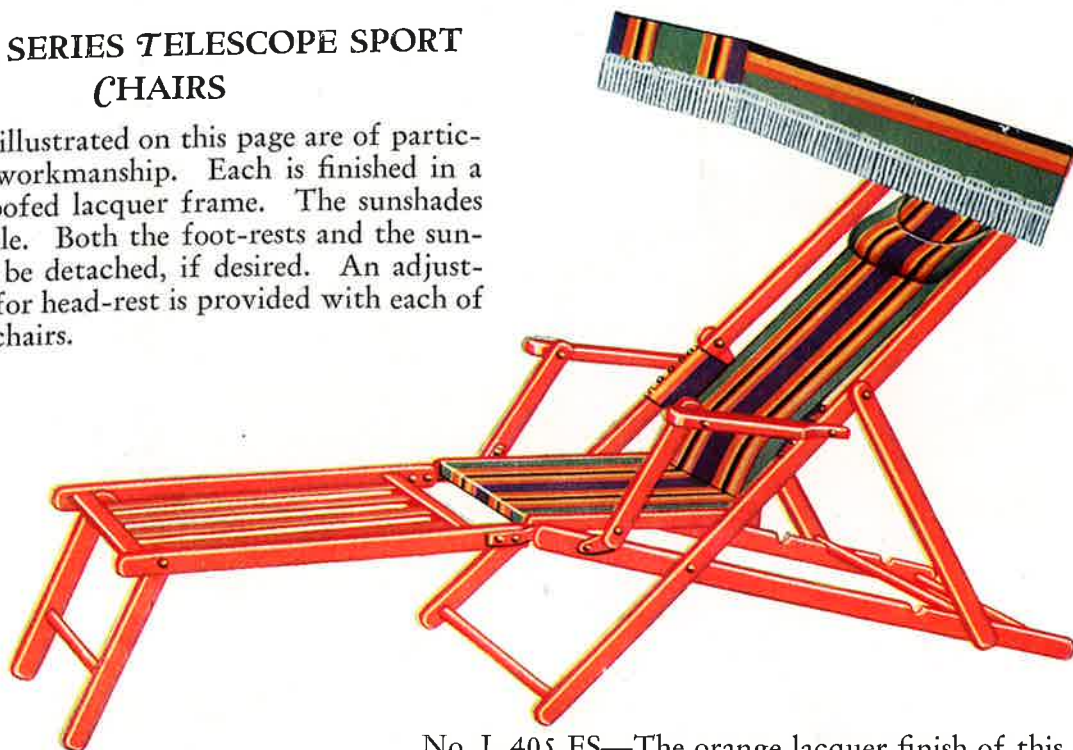

No. V 502 FS—Covering is attractively striped in printed green and yellow combination.

Note: No. V-501 can also be had with lacquer frame.

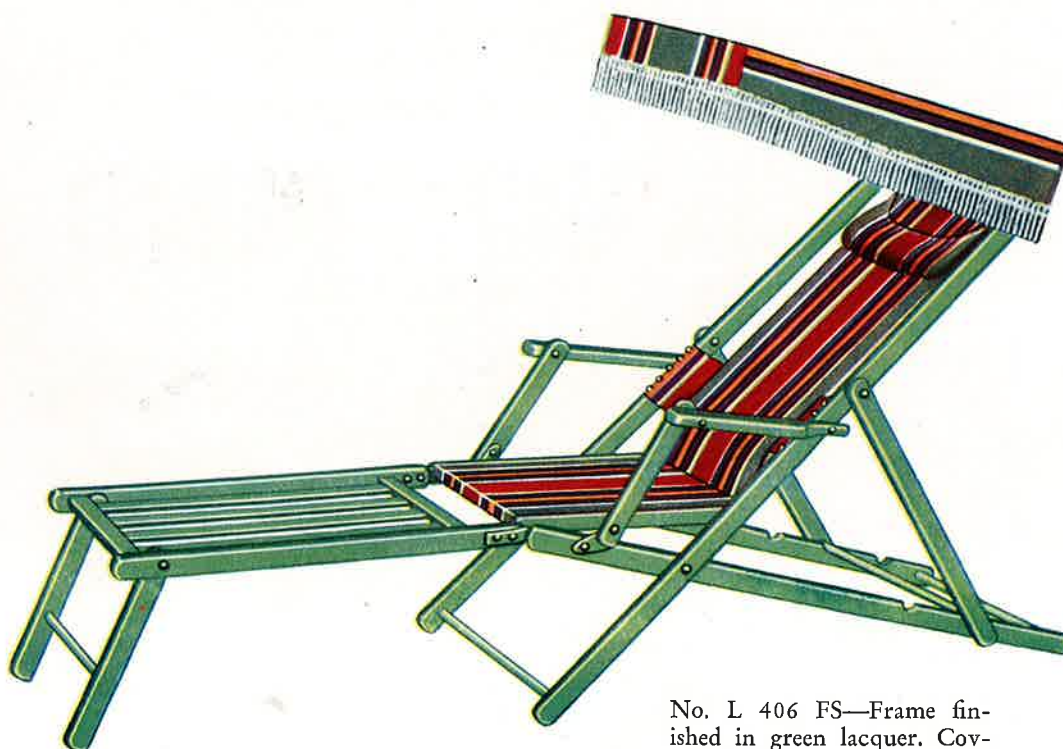

No. V-501 is also available in lacquer frame.

NO. 400 SERIES TELESCOPE SPORT CHAIRS

The models illustrated on this page are of particularly fine workmanship. Each is finished in a weather proofed lacquer frame. The sunshades are adjustable. Both the foot-rests and the sunshades may be detached, if desired. An adjustable pillow for head-rest is provided with each of these sport chairs.

No. L 405 FS—The orange lacquer finish of this model blends handsomely with the covering of woven stripe combination.

No. L 406 FS—Frame finished in green lacquer. Covered with woven stripe combination.

DIMENSIONS

Folded: 26 inches x 16 1/4 inches x 8 inches

Weight: 11 3/4 pounds

No. L 55-5—A versatile and colorful folding arm-chair. The frame is lacquered in orange. Covered with a very durable woven striped fabric. A fast seller.

NO. 55 SERIES FOLDING ARM-CHAIRS

In addition to being compact, strong, roomy and comfortable, these folding arm-chair models are finished in pleasing, lively colors that match the tremendous vogue for color. Perfectly suitable for use about the home, lawn, roof-garden, country-club, summer homes and similar places.

No. L 55-1—The frame is lacquered in orange and covered with orange and blue printed stripe high-quality fabric.

No. L 55-2—The frame is brightly finished in green lacquer and covered with printed stripe canvas of green and yellow combination. Very neat.

No. L 55-6—Its green lacquered frame and woven striped combination covering make this an attractive, as well as very useful arm-chair.

DIMENSIONS

*Folded: 25 inches x
17 inches x 9 inches
Weight: 12 pounds
(Approximate)*

TELESCOPE ARM CHAIR NO. 55

*I*T is doubly important to have a folding chair built soundly. For, while a cot bears its weight evenly over six legs, a chair must carry the load on only four. Consider, therefore, the painstaking, stout construction of Telescope folding chairs, as well as their comfort.

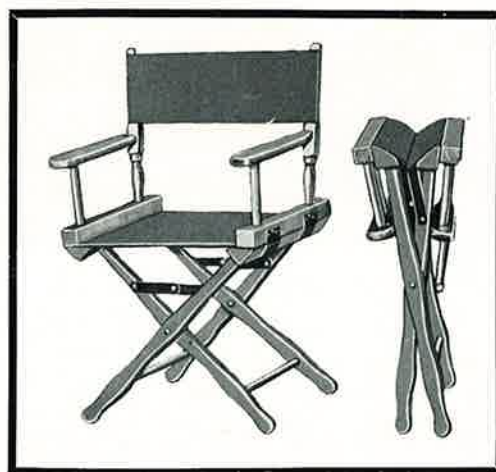

The frame of the folding chair illustrated is made of seasoned Northern Hardwood, cut with machine precision to the minutest fraction of an inch, to prevent wobbling. The frame is smoothly dressed and finished in varnish. The feet are rounded. Metal parts are dipped in enamel. This makes it particularly suitable for boats, camps and pavilions near the water.

A very heavy No. 6 (21 ounce, 36 inch) canvas duck is used and it can sustain many times the weight it will actually be required to carry. Fastened rigidly to frame so that it cannot pull out. The canvas back-rest is strong but yields comfortably to the body's pressure.

FOLDING CHAIR NO. 53

*Folded: 26 inches x 17½ inches x 8½ inches
Weight: 14 pounds (approximate)*

Identical with No. 55 in materials and construction, except that wooden parts are lathe turned. Finished in attractive varnish.

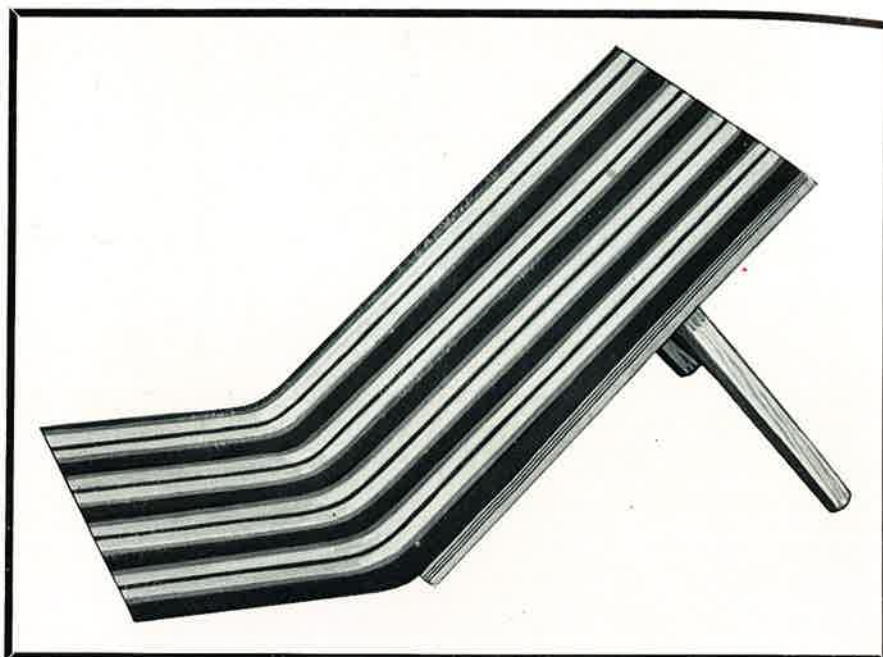

**"TELESCOPE"
FOLDING
SAND CHAIR
NO. 90**

DIMENSIONS

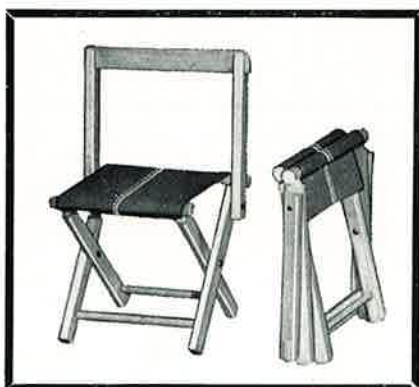

Opened: 22 inches in width

Folds Flat

Weight: 4½ pounds (approximate)

This versatile beach chair may be adjusted to various reclining positions. The Northern Hardwood frame is nicely and durably varnished. Seat and back of brightly striped, exceptionally strong awning material.

**TELESCOPE AUTOMOBILE
CHAIR NO. 28**

Folded, 15 inches x 14½ inches x 3½ inches. Weight, 2¾ pounds (approximate). An exact reproduction of style No. 82, especially designed to fit into automobile as an extra seat. Easily supports adult weight. Also extensively used as a play chair for juveniles.

**"TELESCOPE" FOLDING
HAMMOCK CHAIR NO. 40**

HIGH BACK HEAD RESTING STYLE

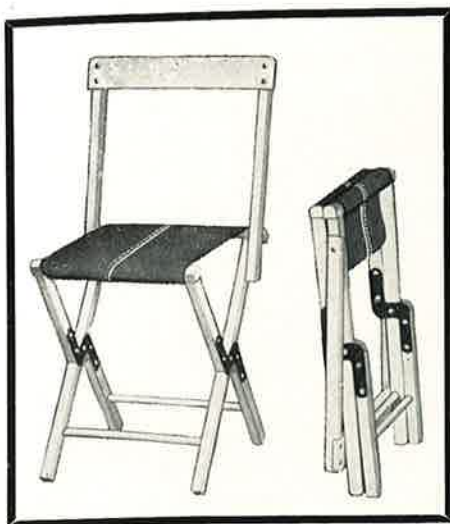

Folded: 42 inches x 5 inches x 3 inches. Weight: 6¾ pounds (approximate).

Made exactly the same as Model No. 30 described, except that the reclining seat is approximately 8 inches higher.

**TELESCOPE FOLDING HAMMOCK
CHAIR NO. 30**

Folded, 35 inches x 5 inches x 3 inches. Weight, 6½ pounds (approximate). This makes a comfortable rest-chair. The reclining seat is made of high-grade striped awning material. Corners, at points of greatest strain, are doubly reinforced. Ideal for porches, beaches, lawns, etc. Designed specifically to fit inside of a Duffle Bag.

TELESCOPE PREMIER FOLDING CHAIR NO. 60

Folded, 22 inches x 16 $\frac{1}{4}$ inches x 3 $\frac{3}{4}$ inches. Height when set up, 17 $\frac{1}{2}$ inches. Weight, 4 pounds (approximate).

Northern Hardwood frame. Backrest doubly riveted. Cross legs reinforced with open-hearth steel plates, enamelled.

Heavy olive drab canvas duck colored with best sulphur dyes.

TELESCOPE FOLDING CHAIR NO. 82

Folded, 21 inches x 15 $\frac{3}{4}$ inches x 3 $\frac{1}{2}$ inches. Weight, 3 $\frac{1}{2}$ pounds (approximate).

A light, but very stoutly constructed camp chair. Clean, natural finish. Canvas seat with heavy double-filling olive-drab duck canvas. Easily stored and carried.

TELESCOPE PREMIER FOLDING STOOL NO. 50

Folded, 22 inches x 15 inches x 3 inches. Height when set up, 17 $\frac{1}{2}$ inches. Weight, 3 $\frac{1}{4}$ pounds (approximate).

Identical with folding chair style No. 60, shown above, except that it has no backrest.

TELESCOPE FOLDING EMER- GENCY STOOL NO. 72

Folded, 21 inches x 13 $\frac{1}{4}$ inches x 2 $\frac{1}{2}$ inches. Weight, 2 $\frac{1}{2}$ pounds (approximate).

An extremely handy stool, it is similar in every way to the No. 82 model shown above, except for the backrest.
