OF QUALITY FOLDING FURNITURE

The modern Telescope factory, built exclusively for the manufacture of summer furniture and cots, is equipped with the latest woodworking, metal fabricating and sewing machinery.

Location of the factory in the heart of the hardwood forest areas of Northern New York and New England makes it possible to select only the finest Northern Hardwoods for Telescope furniture.

Our plant operated by skilled workmen using the latest production techniques together with high grade northern hardwoods assures you the finest quality finished products and the greatest possible values.
