TELESCOPE 63 Years

your primary source for both wood and aluminum

OF MANUFACTURING SUMMER AND CASUAL FURNITURE

The many buildings which comprise the Telescope factory are situated in the heart of a rich timberland. Owning its own forests, Telescope appreciates the qualities of furniture hardwoods, uses only the best grades. Experienced Telescope craftsmen are equipped with the most modern metal and woodworking machinery, employ the newest mass production techniques. Is it any wonder, then, that Telescope has been synonymous with quality folding furniture for over half a century?

MERCHANDISING AIDS

Attached to most furniture are Weather Resistant Hardwood Arms Labels and Sateen Streamers on all padded cushion furniture pointing out the features of Vinyl or Acrilan fabrics and Du Pont ZE PEL® Fabric Fluoridizer. Also, attractive labels are applied to all Fiberglas® table tops.

Free for the asking — Dealer helps to boost your sales of Telescope furniture: Catalogs, glossy photographs, newspaper mats, electrotypes (to order), labels, and also color transparencies and four color separations. Inquire of your Telescope representative or write directly to the factory.
