

TELESCOPE '71

THE TELESCOPE FOLDING FURNITURE CO., INC.
GRANVILLE, NEW YORK 12832

Telescope Features

Telescope's manufacturing plant, expanded warehouse facilities, and executive offices are located in Upstate New York. From its own timberland and nearby Vermont woodlands Telescope selects hardwood processes it in its newly automated sawmill. Mass production techniques, modern metal and automatic wood working machinery, operated by skilled craftsmen, plus 'Quality Control' have made the name TELESCOPE synonymous with Quality for over 67 years.

ABOUT OUR MATERIALS . . .

All material that goes into the Telescope product is of fine quality with specific recommendations to the supplier from the Telescope staff . . . after many laboratory tests and field tests. Meriting special mention here however . . .

FINE WEAVE PLASTIC WEBBING is heavy weight and a special formulation for durability, longer life, and color retention qualities.

P.V.C. TUBING, introduced by Telescope has been chosen for its resiliency, comfort and weatherability, resulting in a pliant heavy weight tube.

TUBESTRAP, new ribbed vinyl strap, designed to give the appearance of tube with the strong, rugged look of vinyl strap. New eye - appeal to lure your customer.

VINYL STRAP, 1 1/8" wide weather - tested vinyl with a hi-sheen finish for easy cleanability. Has long lasting qualities and appearance retaining merits.

P.V.C. VINYL CORD, long a customer favorite, is strong, resilient and proven colorfast.

TELELASTIK STRAP AND LACING, a new buoyant seating material with spring like comfort, developed by the Telescope Staff.

Telescope manufactures one of the largest and most complete lines of folding aluminum casual furniture. Long known as well for its World Famous Director Chair, and more recently its Officers Chairs also. A complete camping, beach, pool line of furniture is also offered including folding aluminum cots, beach chairs, etc. It also distributes a specialized line for marine accounts as well.

Great care is taken in selecting Telescope materials. Accelerated testing units check seating materials for weathering, color stability. Quality control and constant improvement are assured.

Telescope's Research, Development and testing laboratory adjacent to its manufacturing facilities conducts on-the-spot continuous testing and development. Additional testing is conducted by independent commercial testing Labs in Southern Coastal areas. Fine Quality materials, excellent craftsmanship, continuous research, development, testing insures a Telescope quality product.

Tensile strength is measured on all materials selected for use at Telescope. Constant research and development assure consistent good quality, constantly being improved

We, at TELESCOPE, with weatherometer machines are able to run continuous tests on wood part finishes, insuring greater quality control and improvement.

Personalized DIRECTOR CHAIRS

SEWN SCRIPT LETTERING

Canvas or Acrilan Director Chair backs with names, words individually sewed on. This is custom-designed *script* lettering tailored to fit the area of the chair back. Single line of this *script* using up to twelve (12) letters (or less) is recommended. Two lines of this sewn *script* is permissible. The lettering then is scaled down in size. This type of 'personalizing' is ideal for individual first or last names.

WHITE LETTERING IS USED ON BLUE, RED, BLACK, GREEN, OLIVE, BROWN, FERN

BLACK LETTERING IS USED ON ORANGE, YELLOW, TAN, WHITE, TURQUOISE, PINK, LIME, GOLD

DRY CLEANING IS RECOMMENDED FOR ALL PERSONALIZED, APPLIQUE, OR SILK SCREEN CHAIR BACKS

BLOCK APPLIQUE FLOCKED COTTON DIECUT LETTERING

Pressure heat-sealed die-cut Block lettering is applied to canvas Director Chair Backs. Personal names are available. This is 2¼" high die-cut Block lettering and affixed to the chair backs by means of heat-sealing pressure. Single or double lines of lettering are allowed. (Each line of lettering should not exceed nine (9) letters.)
