

TELESCOPE® '84

Cushionera IITM

Vanilla Frame

Vanilla colored frames and plush, stylish cushions add a touch of beauty to any setting. Our Cushionera II collection provides year-round comfort. Contemporary framing features a twin-leg design for added strength. The tufted woven vinyl-coated mesh cushions are stuffed with a polyester fibre batting. Plastic caps or glides help to prevent the marring of patio surfaces.

Cushionera IITM

White Frame

Style, luxury and comfort are just a few words to describe Telescope's Cushionera II collection. Sun porches, recreation rooms or outdoor settings make good locations for this versatile group. The twin-leg design will provide strength where it's needed. The frame has a baked-on polyester finish. Cushionera II furniture features flat arm rests for greater eye appeal and increased comfort while in use. The cushion covers are vinyl-coated mesh, stuffed with a polyester fibre batting and tufted. Strong vinyl strapping is used for back and seat supports. Plastic caps or glides help to prevent the marring of patios or decks.

New!
Primera™
Vanilla Frame

Telescope proudly introduces a stunning new look for '84. The Primera collection combines sleek lines, sweeping contours and generous proportions for an impressive concept in casual elegance. The contemporary rectangular tubed frame has a Vanilla colored, baked-on polyester finish that's durable and resists chipping. The seating material is a vinyl-coated, woven polyester mesh available in three refreshing solid colors. Splined edges are inserted into the frame for easy to replace seating material, if needed. Also, new for '84, is a matching (KD) Umbrella Table. The clear acrylic top is rimmed with rectangular tubing for strength and eye appeal. Plastic caps or glides help to prevent marring of patios or decks. This grouping is recommended for residential or commercial use.

Gardenella®

Vanilla Frame

Sleek contemporary design has made the Gardenella collection a renowned favorite. The frame has a Vanilla colored, baked-on polyester finish that's durable and resists chipping. The seating material is a vinyl-coated, woven-polyester mesh, available in four refreshing colors. Splined edges are inserted into the frame for easy-to-replace seating material, if needed. Plastic caps or glides help to prevent marring of patios or decks. Commercial as well as residential settings are good locations for the Gardenella collection.

Gardenella®

White Frame

Shimmering white frames, accented with refreshing designer-colored seating material bring out the richness of summer with this Gardenella collection. It's constructed with heavy-duty tubular aluminum. The baked-on polyester finish is durable and resists chipping. The vinyl-coated, woven polyester mesh seating material has spline edges that are inserted into the frame. The seating material can be replaced, if needed. Plastic caps or glides help to prevent the marring of patios or decks. Gardenella is stackable and is used in residential or commercial settings.

Telaweld™

Vanilla Frame

Curvacious, tubular framing and stylish criss-cross designing of shimmering virgin vinyl combine to make Telaweld a distinctive group.

This newly expanded line of casual furniture features rounded, flared corners and custom-welded 7/8" tubular aluminum framing finished with a durable baked-on polyester.

Included in the Telaweld collection are a Folding Arm Chair, Spring Base Chair, Stack Arm Chair, and a 4-Position Stack Chaise with or without Arms.

TelaweldTM

White Frame

Sleek in design, high on style are but two phrases used to compliment Telescope's expanded new line of Telaweld casual furniture.

Telaweld features a cross-strap design of virgin vinyl. The rounded, flared corners make this a distinctive group. Custom-welded with 7/8" tubular aluminum, the frame is finished with a durable baked-on polyester.

The Telaweld furniture collection consists of: a Folding Arm Chair, a Spring Base Chair, a Stacking Arm Chair and a 4-Position Stacking Chaise, with or without arms.

Casuela IITM

Deluxe

Vanilla Frame and White Frame

Deluxe Casuela II has a new look for '84. Contrasting pin stripes on Designer-colored vinyl strapping or all white makes an attractive addition to this stylish collection. This Deluxe chair group is designed in generous proportions with a special curved seat frame for extra seating comfort. All items have flat arm rests for greater eye appeal and increased comfort while in use. Casuela II's frame has a baked-on polyester finish that resists corrosion and chipping, under normal usage. Plastic caps or glides help to prevent marring of patios or decks. All furniture is stackable for easy storage, except the Folding Chair, which folds compactly. The Spring Chair slides together for storage.

Cafe' Chairs and Table

White Frame and Vanilla Frame

Telescope's Cafe' Chairs and Table, offer a refreshing alternative to every-day dining. These welded table and chair settings are designed with heavy-duty 1" tubular aluminum. The finish is a baked-on White or Vanilla colored polyester. The chair legs are twin-tube designed for extra strength, rigidity and stability. The seating material is an easily cleaned, heat-sealed vinyl available in several new decorator colors. Plastic tips or caps on chairs and table help prevent marring of patios or floors.

Vinyl Strap

Stylish strap colors and durability combine to make this group a proven favorite. It's 1" heavy-duty, folding aluminum frame has cool-to-the-touch, hardwood arms and stretcher with an attractive walnut-stained, durable color finish. The High Back Rocker is improved this year with the addition of a solid hardwood stretcher. The wooden rocker runners help to prevent marring of patios or decks. Easy-to-clean, heavy-duty vinyl straps are individually inserted into slots on the frame. Vinyl strap chairs have aluminum and zinc-plated steel hardware. Plastic caps on non-tip legs help to prevent marring of patios or decks.

New! Acrylic-Coated Dacron

New for '84, this sporty group is designed with today's mobile society in mind. Featuring a new fabric with outdoor durability and long-lasting appeal, our new collection is practical as well as stylish. Compact folding features lend itself to greater portability and storage. Frame is constructed with 1" heavy-duty aluminum. Comfort is built in with cool-to-the-touch hardwood arms. The square bend corners and non-tip leg construction provide stability and help to prevent marring of patios and decks.

New!

Telaweave™ Vinyl Mesh

Telescope introduces a truly comfortable addition to summertime relaxation. New for '84 is the Telaweave Vinyl Mesh collection in three refreshing colors, each accented with coordinating stripes. The vinyl-coated, polyester-woven mesh breathes for cool, comfortable seating. An added feature of cool-to-the-touch hardwood arms make an unbeatable combination.

This group is designed with a 1" heavy-duty folding aluminum frame that's lightweight and folds compactly for easy carrying or storage. Plastic caps on a non-tip leg design help to prevent marring of patios or decks. All units fold for easy storage (except No. 290 Table KD).

Popular Web

Quality construction has made Popular Web a proven favorite through the years. The frame is of 1" heavy-duty aluminum with square bend corners and non-tip leg construction for extra stability. Comfort is built in with cool-to-the-touch hardwood arms. Durable wood rocker runners help to prevent marring of patios or carpets. Premium grade weather-tested webbing on seat and back is non-absorbant and quick-drying. Patented web clips secure webbing to the frame. Heavy-duty hardware, aluminum and zinc-plated steel. All units fold for storage.

Vinyl Strap Contract

Designed for budget-conscious commercial or home users, Vinyl Strap Contract features 1" heavy-gauge polished aluminum. The strong, tightly-spaced resilient strapping is individually inserted into slots on the frame. Comfortable and weatherfast, with high sheen for easy maintenance. The hardware is non-rusting aluminum and corrosion-resistant, zinc- or cadmium-plated steel. Legs are 'U'-bend braced for extra stability and plastic capped to help prevent marring of patios and deck areas.

Mini-Sun Chaises

The popular Mini-Sun Chaise, by Telescope, is the perfect companion at beach or poolside. It can be easily adjusted into any of four positions, from upright to layflat, as you are sitting in the chair. The hardwood arms have a natural finish and are cool-to-the-touch. There are a variety of seating covers and colors. The woven fabric seating material is securely attached to the frame and has excellent sunfastness. The frame is of 1" heavy-duty aluminum with reinforced front leg braces for increased durability. All fabric seat construction insures "Under the knee" comfort. Mini-sun Chaises have a handy towel rod, they fold and are easy to carry. These Chaises may also be hung up for convenient storage when not in use. The hardware is corrosion-resistant, zinc-plated steel.

Folding Aluminum Marine Chair
SH16" OW24" - 2/ctn.

Telescope Marine Chairs give that "nautical look" to any dock or patio setting. New, colorful acrylic-coated Dacron® seat and back covers are neatly trimmed in White. Chair backs feature a stylish ship's wheel motif. Specially designed reinforced twin-tubed legs and a comfortable seating height make them great for marine, camping or RV use. The frame is of 1" heavy-duty tubular aluminum. Hardwood arms are finished with a super-tough, walnut-stained* color. The frame construction allows for 'under the knee' comfort. All hardware is corrosion-resistant, zinc-plated steel. Plastic caps on twin-tubed legs help prevent marring of patio and deck surfaces.

- Consumer referrals to dealers.

Highlights of Telescope's History Since 1903

When the firm was founded in 1903, its name 'Telescope Cot Bed Company' aptly described its output. The wood parts for the cots were produced in Telescope, Pennsylvania and shipped to the plant and offices in New York.

Owned and operated by the Henry J. W. Vanderminden family since 1905, the Telescope Folding Furniture Company, Inc. is located in Granville, a community in upstate New York located on the Vermont border.

Telescope is recognized as being the 'home of the world-famous director chair.'

In 1954, Telescope began manufacturing summer and casual furniture with folding aluminum and in 1973 production of the furniture was expanded to include a baked-on 'powder-coated' finish.

For more than three quarters of a century, Telescope has been a leader in providing America with quality products in the Summer & Casual Furniture Industry.
