Primera™ new grey frame

The sleek lines and sweeping contours of the Primera collection have been accented this year with the introduction of an elegant grey frame. Captivating seating patterns in contemporary colors will enhance any setting. This stylish design of all welded, rectangular aluminum framing is finished with a powder-coated, baked-on polyester that resists corrosion and chipping under normal usage. The easily cleaned vinyl mesh seating material breathes for cool comfort. New designs for this group include the No. 8179 Dining Swivel Rocker, and No. 2099, 36" x 60" Dining Table. All furniture has tips or glides on legs to help prevent marring of surfaces.

Cushionera II™ New Sunbrella® Fabric *vanilla frame*

Cushionera II now features the popular **Sunbrella®** fabric which is soft, luxurious and pleasant to the touch in any climate. This material is quick drying, sunfast and mildew & stain repellent. New additions to Cushionera II include a Gliding Ottoman to complement our Single Gliders, and an Adjustable High Back Club Chair with Ottoman for remarkable seating comfort. The durable aluminum frames have a powder-coated, baked-on polyester finish that resists corrosion and chipping. The cushions are woven acrylic fabric, stuffed with a polyester fibre batting and tufted. Strong vinyl strapping is used for seat and back supports. Plastic tips or glides help to prevent marring of patios or decks.

Style, luxury and comfort are just a few words to describe Telescope's Cushionera II collection. The twin-leg design provides strength where it's needed. The durable aluminum frame has a powder-coated, baked-on polyester finish that resists corrosion and chipping under normal usage. Cushionera II features flat armrests for greater eye appeal and increased comfort while in use. The cushions are woven, vinyl-coated polyester mesh, stuffed with a polyester fibre batting and tufted. They breathe for cool comfortable seating. Strong vinyl strapping is used for back and seat supports. Plastic tips or glides on legs help to prevent marring patios or decks.

Casuella IITM vanilla frame

Contrasting pinstripes on designer-colored strapping give this attractively priced group extra eye appeal. The freshness of white-on-white adds distinction and style. Extra-wide, heavy-duty vinyl strapping is easily cleaned and is used throughout. The durable welded frames have a powder-coated, baked-on polyester finish that resists corrosion and chipping under normal usage. Casuella II Stack Arm Chairs feature a twin-tubed leg design for added stability. Plastic tops or glides help to prevent marring of patios or decks. Both Arm Chair and 4-Position Chaise stack for easy storage.

Telescope's Cafe Table & Chairs offer a refreshing alternative to everyday dining. The heavy-duty 1" tubular aluminum frames are finished with baked-on polyester. Designed with twin-tubing, the chair legs are welded for extra strength, rigidity and stability. Several decorator colors are available in the easily cleaned, heat-sealed vinyl seating material. Plastic tips or caps on chairs and table help to prevent marring of patios or floors.

Cafe Tables have been newly designed for '85. The No. 2305/2308 and No. 2135/2138 tables offer increased durability and dining pleasure. The 30" 2305/2308 table features Telescope's exclusive "Acratec"™ molded top and a new sturdy leg design. The No. 2135/2138 table has a 36" diameter, clear acrylic top with a stylish banded aluminum edge and newly designed legs. See page 28 for additional information on these tables.

Umbrella Tables, New 'Acratek'™ Tops powder-coated legs

New for '85, the 'Acratek'™ molded top is designed and manufactured exclusively by Telescope. With superior characteristics, this extremely durable top is weather-resistant, sunfast and has a hard acrylic surface. The Acratek™ top also features a unique slide-resistant, easy-to-clean, linen-textured surface for increased dining pleasure and practicality. This reinforced molded, acrylic-finished top has met stringent testing to insure maximum, long-lasting performance.

All table legs are constructed with heavy-duty tubular aluminum that have a baked-on polyester finish. All tables are easily assembled with no tools needed (except No. 2415/2418 Umbrella Table).

Vinyl Strap

Stylish strap colors and durable construction combine to make this group a proven favorite. This easy to care for, comfortable furniture features 1" heavy-duty aluminum frames and cool-to-the-touch hardwood arms. All hardwood parts are finished with an attractive walnut-stained color finish.* Easy to clean heavy-duty vinyl straps are individually inserted into slots on the frame. Wooden rocker runners and plastic caps on non-tip legs help prevent marring of patios or decks. All items fold compactly for easy storage or portability (except No. 2410 Table, which KD's).
