TELESCOPE

CASUAL FURNITURE

ELEGANT ENSEMBLES FOR LEISURE

Sophisticated styling marks this exciting new collection's debut for '86. Summit offers distinctive framing fashioned in contemporary rectangular-tubed aluminum and elegantly finished in lustrous baked-on polyester colors. Sleek polyester mesh cushions are stuffed with a rain-thru polyurethane foam and wrapped in a polyester fibre batting. Summit cushions exclusively feature end flaps which tuck into frame for secure seating or easy replacement. Plastic caps or glides on legs help to prevent marring of patio and deck areas.

Cushionera IITM White Frame

Telescope's Cushionera II collection adds a touch of beauty to any setting. Plush, stylish cushions are available in TelaweaveTM mesh or Sunbrella[®] fabric. Stuffed with a polyester fibre batting and tufted, they breathe for cool, comfortable seating. Strong vinyl strapping is used for back and seat supports. The durable aluminum frame has a twin-leg design for added strength. The powder-coated, baked-on polyester finish resists corrosion and chipping under normal usage. Plastic tips or glides help prevent surface marring.

Saratoga's contemporary frame and cushion styling make it a winning combination for '86! The all-welded twin-tubed aluminum frame is finished with a powder-coated, baked-on polyester that resists corrosion and chipping under normal usage. All cushions in this group are woven vinyl-coated polyester mesh, stuffed with a rain-thru polyurethane foam and wrapped with a polyester fibre batting. They breathe for cool comfortable seating. Strong vinyl strapping is used for back and seat supports. Plastic tips or glides on legs help to prevent marring of patios or decks.

The sleek lines and sweeping contours of the Primera collection have been accented this year with the introduction of an elegant white frame. Captivating seating patterns in contemporary colors will enhance any setting. This stylish design of all welded, rectangular aluminum framing is finished with a powder-coated, baked-on polyester that resists corrosion and chipping under normal usage. The easily cleaned vinyl mesh seating material breathes for cool comfort. All furniture has tips or glides on legs to help prevent marring of surfaces.

For those who seek the finest...the Gardenella collection features the luxurious Sunbrella® fabric. Pleasant to the touch in any climate, this popular fabric is quick drying, sunfast, and mildew & stain repellent. Superior characteristics allow Sunbrella to retain the beauty, comfort and color of the fabric, even after years of facing the elements. Gardenella's contemporary framing is constructed with heavy-duty tubular aluminum, finished with a baked-on polyester that is durable and resists chipping. Plastic caps or glides help prevent surface marring.

Grey/Lt. Yellow/White

A poolside favorite, Sunera's graceful curved design and heavy-duty vinyl strapping combine for an impressive style in casual relaxation. The durable 1 1/4" tubular aluminum frame has a baked-on polyester finish that resists rust and chipping. Caps and glides help to prevent marring of patio and deck surfaces. Arm chair and chaise stack for easy storage.

Telescope's Cafe Table & Chairs offer a refreshing alternative to everyday dining. The heavy-duty 1" tubular aluminum frames are finished with baked-on polyester. Designed with twin-tubing, the chair legs are welded for extra strength, rigidity and stability. Several decorator colors are available in the easily cleaned, heat-sealed vinyl seating material. Plastic tips or caps on chairs and table help to prevent marring of patios or floors.

Umbrella Tables

Designed and manufactured exclusively by Telescope, the Acratek™ molded top is extremely durable. With superior characteristics, this top is weather-resistant, sunfast and has a hard acrylic surface. It also features a unique slide-resistant, easy to clean, linen-textured surface for increased dining pleasure and practicality. This reinforced molded, acrylic-finished top has met stringent testing to insure maximum, long-lasting performance. All table legs are constructed with heavy-duty tubular aluminum with a baked-on polyester finish. All tables are easily assembled. Plastic tips on legs help to prevent marring.
