TELESCOPE®

CASUAL FURNITURE

The year 1990 brings us to the dawn of a new decade, and with it brings Telescope to a new place in the casual furniture market.

With our diverse product line and expanding markets, Telescope greets the new decade with great anticipation of the challenges and promises that the 1990's will bring.

Telescope Casual Furniture has seen many changes in its 87 year history, from its humble beginnings as Telescope Cot Bed Company to a leading manufacturer in today's casual furniture industry. Over the years, one fundamental principle has never changed: to design, manufacture and deliver the finest quality product at an affordable price.

Catalog printed by Telgraphics, a division of Telescope Casual Furniture, Inc. Catalog designed and prepared by the Telescope Advertising Department.

WORLD-FAMOUS COUNTER & BAR HEIGHT

Telescope's world-famous director chairs are definitely the choice of the discriminating buyer!

In addition to the dining height chair, our counter and bar height stools are constructed of the finest solid hardwood, with heavy duty shaped arms, legs and seat blocks. Swivel glides help prevent marring of all surfaces. Heavy duty canvas covers are standard size to fit all Telescope director chairs.

MARKET UMBRELLA 10' DIAMETER

The Telescope Market Umbrella was designed to beautify and enhance your relaxation area. So RELAX...enjoy the beauty of these features, from top to bottom.

- The covering is 100% colorfast Sunbrella® fabric that gives total protection from the sun, Sunbrella is highly stain resistant and mildew proof.
- Cover is machine washable at a warm or cold temperature setting, and may be machine dried at a cool setting.
- Manufactured totally and solely in the U.S.A.
- Patented design folds compactly and gives aerodynamic resistance to 'flying' or lifting in moderate winds.
- All wood ribs are made of solid New England oak immersed in high quality marine spar varnish
- Upper and lower estate poles are made of solid oak wood 1-5/8" in diameter
- All metal parts are made of either solid brass or aluminum so there will be no rusting...ever
- The upper and lower hubs are molded in high density, high impact plastic for easy sliding and durability
- Every part is easily replaceable for a lifetime of use and pleasure

VINYL STRAPPING

Telescope extrudes its own vinyl strapping to insure that you receive the finest possible product. We offer a wide array of colors from soft pastels to deep earthtones, all of which are heavy duty, extra thick and have excellent sunfastness. We also add mildew inhibitors for extra protection.

ALUMINUM TUBING

Telescope uses only the finest quality aluminum tubing available. For 1990 we have added a new triple void elliptical extrusion in our Caneel Bay and Bahia Breeze collections, as well as a new Bone color frame. Our frames are finished with a durable baked-on polyester coating, which is guaranteed against peeling, cracking or chipping for 15 years.

Limited 15 Year Warranty

If your Telescope powder-coated frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included (in the case of discontinued models or finishes, we will replace the item with the closest comparable current model). The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

Cushions and slings are guaranteed against defective sewing for one year. All other Telescope products and furniture such as folding aluminum, wood furniture, umbrellas or other items are warranted against manufacturing defects for a period of one year from the date of purchase. The natural weathering of wood finishes or fading of fabrics, slings and strapping or compression of cushion fillings are not guaranteed. This warranty does not cover the failure of furniture which, in our opinion, was caused by unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed.

Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use (as noted in our price list), in which case it is warranted for one year from the date of purchase against manufacturing defects.

To obtain service, contact our Customer Service Department in writing, stating the problem and providing proof of purchase. A Return Goods Authorization card will be sent to you, giving instructions for returning items if necessary. No returns will be accepted by us without prior written authorization from our Customer Service Department. After authorization is received, your furniture must be returned to the factory freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc. after September 1, 1986.

Care and Maintenance

Acrylic Fabrics

Most stains are removed easily with mild soap and water. For stubborn stains, such as blood or suntan lotion, soak the fabric for a few minutes in a mild solution of bleach, soap and water. Rinse thoroughly and allow to air dry. Always follow the directions on your laundry products when mixing bleach and detergent. Continued use of chlorine bleach will remove the stain repellent quality added to the fabric during manufacture. You may choose to spray the fabric with Scotchgard® after washing.

Telaweave® Vinyl Mesh

Soak the entire fabric or cushion in a mixture of water and detergent. A small amount of chlorine bleach may be added, paying strict attention to directions of the manufacturer of your laundry products. Rinse thoroughly.

Hint: When used in a pool location, allow your cushion or fabric to soak in the pool before washing. The chlorine in the pool water is usually enough to remove most stains.

Aluminum Frames

Powder coat finished aluminum is a bonded integral part of the frame and carries our limited warranty. Soft Scrub® or other comparable product is excellent for removing scuff marks or scratches. The frame should be waxed with any automotive wax once or twice a season to maintain its luster and beauty. Wax will also make washing and cleaning a breeze.

Winter Maintenance

Furniture stored outside or in other cold storage should be drained of any water. Water, allowed to freeze inside the furniture, can damage the tubing.

Customer Services

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department.

To place or check on orders, shipping dates, to request a catalog and price list or to have your Telescope Sales Representative visit you, please contact the Telescope Customer Service Department.

For Telescope advertising aids, glossies, line drawings and other pertinent advertising needs, please contact the Telescope Advertising Department.

For premium / incentive information, please contact the Telescope Premium Sales Department.

Advertising and Promotional Aids

- Mini-brochures for consumer awareness
- Line drawings for newspaper advertising
- Black & white glossies (photos) for news stories
- Four color transparencies for catalogs and magazines
- Custom photos for special advertising needs
- Trade show participation
- Consumer referrals to dealers
