WINDHAM CUSHION

A large, mature tree with dense green foliage stands on the right side of the image. In the background, a pond is visible with a fountain spraying water. The foreground is a well-maintained lawn. A set of outdoor furniture is arranged on the lawn, including a two-seater glider, a three-seater glider, a spring chair, a club chair, an ottoman, a square table, a coffee table, and a serving cart. A large market umbrella is open over the furniture. The furniture has cushions with a vibrant floral pattern in shades of blue, green, and red. The umbrella also features the same floral pattern. The overall scene is bright and sunny, suggesting a pleasant day outdoors.

A woman with long brown hair, wearing a black tank top and dark shorts, is sitting at a white outdoor dining table. She is holding a glass of wine and smiling. The table is round with a glass top and a white metal frame. There are four white armless bar stools around the table. A large white patio umbrella is open over the table. In the background, there is a building with a textured wall, a dark door, and a window with a wooden frame. A black lantern-style light fixture is mounted on the wall. There are some potted plants with pink flowers. The ground is paved with reddish-brown bricks.

With the

DECK & DOCK UMBRELLA

Powder Coat Umbrella does not crank or tilt

Fashioned after the popular Market Umbrella, this smaller 8' dia. version is perfect for any outdoor setting. Choose from six popular cover colors. Umbrella stands 8' tall. Patented design folds and gives aerodynamic resistance to flying or lifting in moderate winds. Both the wood and powder coat aluminum umbrellas are of the push up design. All wood ribs are made of solid oak immersed in high quality urethane. Use with a table or free standing with a market base. Perfect for poolside or on a boat, deck or the beach. (Upper and lower hubs are made of high density, high impact plastic. Manufactured in the United States of America.) All parts are guaranteed for one year.

LIMITED 15 YEAR WARRANTY

If your Telescope powder-coated frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

Not included in our "powder-coat" warranty are table tops, umbrellas, terrace shells & market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our cast iron market base, if not properly maintained, will rust if the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture which, in our opinion, was caused by acts of God, or by unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed.

Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price list, in which case it is warranted for one year from the date of purchase.

Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact our Customer Service Department in writing, stating the problem and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received, your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture Inc. after September 1, 1986. This warranty is in lieu of any other warranty, expressed or implied by law.

CARE & MAINTENANCE

Acrylic Fabrics

Most stains are removed easily with mild soap and water. For stubborn stains, such as blood or suntan lotion, soak the fabric for a few minutes in a mild solution of bleach, soap and water. Rinse thoroughly and allow to air dry. Always follow the directions on your laundry products when mixing bleach and detergent. Continued use of chlorine bleach will remove the stain repellent quality added to the fabric during manufacture. You may choose to spray the fabric with Scotchgard® after washing.

Telaweave® Vinyl Mesh

Soak the entire fabric or cushion in a mixture of water and detergent. A small amount of chlorine bleach may be added, paying strict attention to directions of the manufacturer of your laundry products. Rinse thoroughly. Hint: When used in a pool location, allow your cushion or fabric to soak in the pool before washing. The chlorine in the pool water is usually enough to remove most stains.

Aluminum Frames

Powder-coat finished aluminum is a bonded integral part of the frame and carries our limited warranty. Soft Scrub® or other comparable product is excellent for removing scuff marks or scratches. The frame should be waxed with any automotive wax once or twice a season to maintain its luster and beauty. Wax will also make washing and cleaning a breeze.

Winter Maintenance

Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing.
