Telescope's Handcrafted Quality

Ever wonder how Telescope got its name? Or how it became synonymous with quality products at a great price? Telescope, a family-owned business for over 90 years, first produced a rugged army cot that was light and compact, and easy for patriotic troops to carry with their supplies. Veterans of World Wars I and II, these cots had sturdy legs that *telescoped* into themselves for streamlined efficiency.

From these humble beginnings an American tradition was born. (In fact, the Government was so impressed with the durability of these cots that Telescope was awarded a medal for distinguished service to the United States of America!) Since then the tradition has grown and flourished. Our product line has expanded, but great quality and great prices have remained the keys to our success. Now Telescope is focused on a world of leisure.

The pride of producing handcrafted furniture goes into every item we make. Telescope offers anything you could want for a dream day outdoors. No-hassle cushions or slings. Tables, chairs and accessories in white, green, black or pebble. Serving carts, plant stands. Rocking chairs, gliders. 3 seat settees and ottomans. Some traditional, some contemporary. But despite our wide selection, you can count on one thing we consider straight and narrow...**QUALITY.**

Popular Accents For Your Furniture

Telescope has designed a large assortment of hanging and free standing planters to enhance the decor of your interior or exterior casual furniture groupings. Choose from our popular free standing single planter to our NEW free standing triple planter. This smart design is also available as an attractive towel rack. Also NEW this year is a wall hanging planter, as well as a free standing *in-ground* design. All planters come in powder coated colors to match all of Telescope's furniture collections.

Powder Coated Quality

Telescope is known for its fine, durable finishes. Our powder coat process is an investment in time and quality for you... you can be sure that Telescope products will retain their charm and characteristics for many years to come. Choose white, green, black or pebble.

Home of Mr. and Mrs. Rolando De Avila...Glens Falls, New York

The Vineyard Collection

Telescope's charming Vineyard Collection is a clear reflection of grace and warmth. Vineyard exudes romance and evokes pleasant dreams of formal gardens and courtly manors. Its expressive scrolls and curves complement any secluded nook or extensive landscape.

Photo on opposite page:

This large green garden group consists of a six piece dining setting, four bar height chairs and table, Chaise and Serving Cart. It is all accented with cushion pattern # 952 Cabot and matching umbrella.

This photo shows the option of a Vineyard seat and back cushion.

Home of Mr. and Mrs. Kevin Rickard... Boca Raton, Florida

Vineyard Product Selection

Vineyard is garden furniture at its finest. Its formal designs are made of 100% aluminum, and is guaranteed never to rust. Vineyard's exquisite scrolls come in a wide variety of seating and dining options, like the romantic Bistro Collection. Available in cool white, textured green, and antique textured black.

The Windham Collection

Windham is Telescope's finely tailored powder-coated cushion collection. Wonderfully refined and dignified, Windham is a tasteful choice for both its quiet beauty and its superb comfort. This aristocratic collection is truly the top choice in quality cushion furniture.

Photo on opposite page:

This large white Windham Cushion Collection consists of 4 Arm Chairs, 48" Table and Market Umbrella. There is also a matching Two Seat and Three Seat Glider in pattern #131 Water Garden. The group is accented with our popular Serving Cart.

Home of Mr. and Mrs. Mark Pulte...Boca Raton, Florida

Windham

Product Selection

Windham has all the selections you need to transform your home. Choose your color...natural textured green, earthy textured pebble, or smart, bright white. All are made with the rugged powder coat for which Telescope is famous. Relax in a regal Chaise or a High Back Swivel Rocker.

Market Umbrellas

#3 Market Umbrella...9ft.

#11 Market Umbrella...10ft.

#6 Deck & Dock Umbrella...8ft.

Our large hub design featured on the Market and Deck & Dock umbrellas.

9ft. Market Umbrella

The 9ft. Market Umbrella is available in both Wood and Powder Coated Aluminum frames with the same features as our popular 10ft. Market Umbrella. These umbrellas are offered in 5 solid and 5 print patterns.

Varn Frame	White Frame	Green Frame	Black Frame	Description
3	---	---	---	9ft. Dia. 6 Rib, Ash Umbrella
---	29	294	297	9ft. Dia. 6 Rib, Powder Coated Umbrella

10ft. Market Umbrella

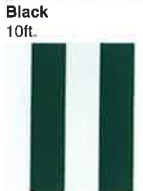

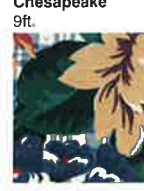

The Telescope Market Umbrella is so unique it's patented. The Ash Market Umbrella and Powder Coated Aluminum Market Umbrella are designed to be the perfect addition to any casual setting. All metal parts are either solid brass or aluminum so there will be no rust...ever. The Powder Coated Umbrella has an extremely durable baked on polyester finish. The covers can be removed easily and are machine washable...See Care & Maintenance for instructions.

Features of Telescope's Quality Furniture

Telescope offers four frame colors utilizing a polyester powder coating process which bakes the finish permanently in place at 450 degrees Fahrenheit. Once this finish "cures" it becomes extremely durable, resistant to scratching, chipping and peeling. Our black, green and pebble finishes are offered in popular textures, while, traditionally, our white remains a brilliant, glossy, pure white.

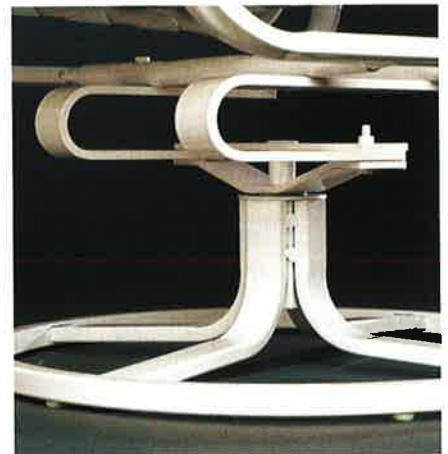

Telescope's Vineyard Collection is 100% wrought aluminum and is guaranteed never to rust.

Telescope designs and specifies all of its own aluminum extrusions to precisely match the characteristics needed for each application. These include aesthetics, strength, stiffness, "bendability," and cost. In this way, Telescope can pass along the maximum value possible to its customers. And since Telescope's products are made almost exclusively with aluminum, our products will remain virtually rust-free, forever.

Telescope products are welded together using either the MIG (metal inert gas) process or the TIG (Tungsten inert gas) process, depending on the particular application. Both processes have their own distinct advantages and, once again, Telescope utilizes these advantages to provide the most value to our customers.

Our tables set new standards for ease of use. They feature a heavy-duty aluminum rim, tempered glass (five times stronger than regular glass) and UV stabilized plastic clips that hold the glass firmly in place. The best feature of our tables, however, rests in the legs. They contain spring-loaded end caps that allow the table to be securely assembled or disassembled in a matter of seconds, no tools required.

Telescope's swivel rocker mechanism is made out of a special alloy of aluminum to provide a smooth and comfortable motion, while maintaining its durable construction.

Our Windham Cushion design has proven to be a popular twist to the traditional outdoor furniture padding. Wrapping over the back of the chair, our cushion provides the feeling of an upholstered head rest, while retaining its reversibility. That's right! This cushion can be easily turned over if the need arises.

All of our cushions are made with materials designed for outdoor use. The fabrics range from vinyl, polyester and olefins to printed acrylics. The stuffing is made of 100% polyester fibers welded by heat and pressure to maintain their loft. Water drains right through these fibers, rain is never a problem. They dry quickly.

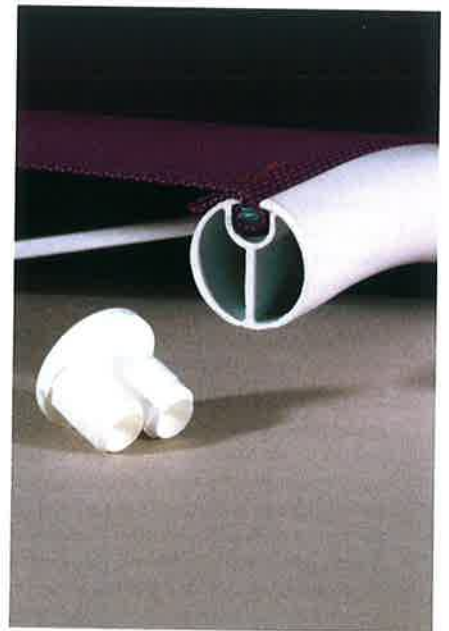

Telescope's straps are extruded right at our factory with 100% virgin PVC to ensure consistent color, strength and durability. They are secured to the frame with nylon pins to eliminate any concerns of strap pullout. Yet at the same time, these same straps can still be easily replaced.

Telescope sling furniture is our hallmark. The durability and style of our sling furniture traces its roots back through all of our proud 93 year history. And what we've learned we've put into every chair we make. We use extra heavy construction in our slings to ensure that they will last. Our slings are sewn to plastic dowels that are securely locked into our specifically designed extrusion.

Experience the result of our never ending quest for a quality product at a value to our customers!

Our plastic end caps and spacers are molded in-house to match our frames exactly in both shape and color. Ultraviolet (UV) stabilizers are added into the molding process to help protect these parts from the damaging effects of the sun.

Warranty

If your Telescope powder-coated frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase. Not included in our "powder-coat" warranty are table tops, umbrellas, terrace shells and market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our cast iron market base, if not properly maintained, will rust if the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture which, in our opinion, was caused by acts of God, or by unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed.

Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price list, in which case it is warranted for one year from the date of purchase. Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact our Customer Service Department in writing, stating the problem and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc., after September 1, 1986. This warranty is in lieu of any other warranty, expressed or implied by law.

Custom Designs

In quantities of 50 chairs or more, Telescope will silk screen the customer's artwork on the backs of our famous beach chairs. The following charges are added to the #741 Mini-Sun Chaise, or the #734 Sun & Sand Chair:

\$60 Net for one screen, one color printing (One time charge)

\$50 Net for each additional color (One time charge)

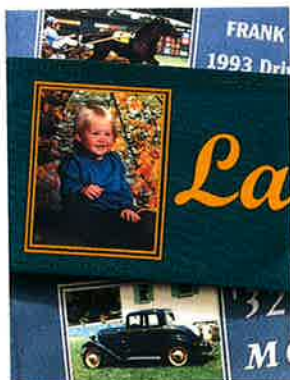

A printing charge of \$.50 per color, per cover will be added to the screen cost. All re-orders will require a \$10 net set-up charge. We will store customer screens for a maximum of two years from the date of customer's last purchase. Polyester fabric is available in Navy, Lakeside Blue, Teal, Royal Blue and Forest Green. Order requirements: Minimum order is 50 chairs. Delivered quantities must be flexible by plus or minus 5% (for example, an order of 300 chairs must be flexible from 285 to 315 chairs). We require 50% deposit on all custom orders. Camera ready artwork must be provided by the customer. Allow 4 to 6 weeks delivery time. Reproductions of trademarks require written approval by owner or licensee.

Custom Director Chairs

No expensive set up charges or minimum quantities for this fully computerized full color production system. Send a quality photograph with the copy you want printed on the cover. Telescope offers 4 type styles, plus white, black, red, blue or gold for text color. Designs can be put on any canvas cover.

Custom Strap Program

The color strap possibilities are endless at Telescope. Hand pick your own color combination to perfectly complement the decor you've worked so hard to create. Choose from hunter greens, bold reds, warm yellows, or dusty, sandy earthy colors. We offer 28 exciting strap colors to go on the frame finish of your choice. There is no minimum or upcharge for this custom program.

Care & Maintenance

SOLUTION DYED ACRYLIC FABRICS (Solids and Stripes)

For most stains use mild soap and water. For stubborn stains, soak the fabric for a few minutes in a mild solution of bleach, soap and water. Mildew stains can be removed with a solution of one cup bleach, plus two capfuls of Ivory Liquid. You may wish to spray the fabric with Scotchguard after washing.

ACRYLIC & POLYESTER PRINTS

For common dirt, spot wash with a soapy solution of Ivory Liquid in lukewarm water. Rinse and allow to air dry. **DO NOT USE BLEACH OR HARSH DETERGENTS. DO NOT PLACE IN DRYER.**

PVC/ACRYLIC BLENDS

Wash with a soapy water solution. Do not use pine oil cleaners. For stubborn stains, a small amount of chlorine bleach may be added.

TELAWEAVE MESH

Soak the entire fabric with a mixture of water and detergent. A small amount of chlorine bleach may be added.

OLEFINS

Use a mild detergent and water. Chlorine bleach may be used on stubborn stains.

ALUMINUM FRAMES

Powder-coat finished aluminum is a bonded integral part of the frame and carries our limited warranty. Soft Scrub or other comparable product is excellent for removing scuff marks or scratches. The frame should be waxed with any automotive wax once or twice a season to maintain its luster and beauty. Wax will also make washing and cleaning a breeze.

WINTER MAINTENANCE

Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing.

Advertising & Promotions

We have available to our dealers mini-brochures for consumer awareness, line drawings for newspaper advertising, black and white glossies (photos) for news stories and color transparencies for catalogs and magazines. We participate in many trade shows and refer consumers that call from our extensive national advertising campaigns to the nearest dealer.

Customer Service

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department. To place or check on orders, inquire about shipping dates, or to have your Telescope Sales representative visit you, please contact Telescope Customer Service Department. For advertising needs, black and white glossies, line drawings and other promotional materials, please contact the Telescope Advertising Department. For premium and incentive information, please contact the Telescope Premium Sales Department.

All UPS-able in-stock orders will be shipped within 24 hours upon receipt of order. All non UPS-able in-stock orders will be shipped within 10 working days. Telescope straps its UPS shipments together to save you money.

Merchandise

Display Racks

Telescope offers 2 types of Director Chair Seat & Back holders. One is the free standing #9900 Swivel Display Rack that holds up to 144 covers. The other is the #9950 Wall Display Rack that holds 72 covers. Both come with an attractive point of purchase sign.

Plus we offer a NEW Athens free standing Swivel Display Rack & Wall Display Rack. We also offer a unique display rack for our Beach Chairs. This #9975 Beach Chair Display holds 6 folded chairs with one open display chair for an attractive and space-saving display.
