

Telescope Casual

2001 COLLECTION

Casual Furniture That Shapes The Future

With the dawn of what we believe will be the next golden age of design, our new collections bring together the best of everything you've been searching for in leisure furniture.

Since 1903, we've been innovating and producing high-quality products that are beautiful, durable and easy to maintain. Our products are stylish, timeless and just right for life in the new millennium. From upscale indoor/outdoor, to casual aluminum folding collections...with Telescope, you'll be sitting pretty in the 21st century.

Shaping The Future For The Next 100 Years

Back in 1905, our ancestors at Telescope could not have imagined how much we'd shape the future of the casual furniture industry. Over the years, we've produced products for the U.S. military, and consumers. We've manufactured beach, folding, and aluminum casual furniture, patented the award-winning director chair, and innovated replaceable sling and powder coat aluminum leisure furniture.

Today, Telescope Casual remains family-owned. We are renowned for creative design, versatility, service, and superior quality. We owe much of our success to our powder-coated collections.

For your satisfaction, we are committed to intensive research and development. We continually

study new materials, finding new and imaginative ways to use them in our products. We apply all that we've learned over the years and implement sound engineering and manufacturing processes. This discipline ensures that we are offering you the most value today, and in the future when we improve existing products and introduce new ones.

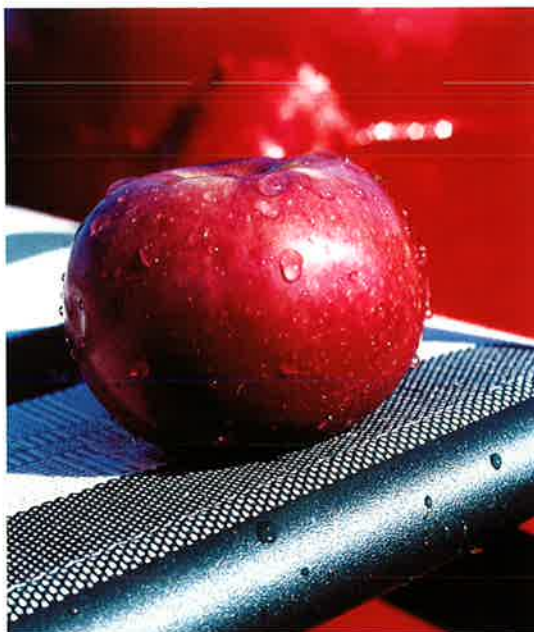

Every year we increase our style offerings and bring you traditional, contemporary, and timeless design selections to complement your unique lifestyle.

At Telescope, we're blazing new paths into the new century. By relentlessly striving to improve our already successful track record, we will continue to shape the future of the next 100 years.

Telescope's Mission Statement

Telescope's mission is to consistently supply products that our customers can rely on for quality and value. We are committed to provide our customers with the best service possible, whether they order one unit or a thousand. Through teamwork with our dedicated workforce, we will grow and prosper for another 100 years.

Anything On Anything

Now your choices are practically endless. Telescope is offering you the choice of any suitable fabric and any frame color you want. Some restrictions apply, so use our Price Index to determine the many possible combinations. We still offer our popular core "Quick Ship" items in each collection which we attempt to keep in stock for quick delivery to your location. While we cannot guarantee these items will be in stock at any given time, selecting from these items helps us to serve you and your customers better.

But if you are looking for a uniquely different look, we can make a wide variety of specials for you with no minimum order. We will attempt to ship these specials within 4 to 6 weeks. Telescope reserves the right to split shipment of special orders, but we guarantee that the freight cost will not be greater than if the order was shipped all at once. Director Chairs and silver aluminum furniture are excluded from this program.

The Northampton Collection

Update your outdoor garden decor with Telescope's Northampton Collection. Enjoy the handsome look of traditional style bench furniture...

completely constructed of powder-coated aluminum!

This aluminum interpretation of the traditional English Garden chair and bench is the ultimate in maintenance free seating.

Our comfortable 3" thick seat cushions feature durable solution dyed acrylic fabric with matching ties to hold the cushion securely in place.

New for this year is our 48" Diameter Round Aluminum Slat Table and Curved Bench. Plus, we have added a Canopy to our popular 4 ft. Swing, along with an optional seat pad for the curved bench and an optional back pad to make our rockers even more comfortable.

fabric features special order #6A White

fabric features #62A Green Linen

Greensboro, North Carolina

Made of 100% Aluminum

Our new 90-degree Curved Bench shown above, can be connected to themselves and to our 5ft. Flat Bench to make endless shapes. Four curved benches connected together makes a marvelous circular tree bench. Attachments are achieved using our optional connector pieces (not shown).

The Adirondack Collection

The Adirondack Chair is one of the most recognized outdoor furniture designs in the world. The humble beginnings of this design started many years ago in the Adirondack region of northern New York State, thus giving this classic design its name. Craftspeople have always built Adirondack Chairs out of a variety of materials, but Telescope has created an absolute original.

The first Adirondack Chair built entirely out of *ALUMINUM!* Of course, a matching ottoman is also available. You can have all the charm and design of the classic Adirondack-style Chair without all the maintenance. We are stocking these items in textured ivory and textured green powder coated finishes, and they can be special ordered in textured sandstone, textured bronze and textured black. Who else but Telescope could bring you the ultimate in maintenance free Adirondack Chairs?

Telescope's Cushion Collections

From The Sagamore in Bolton Landing, New York

Relax and take it easy, as you sink into one of our pillow-soft cushion collections.

With Telescope, you can create an entire outdoor "room" setting because our cushion collections are deep. In fact, with our assortment of chairs, gliders, rockers, and recliners, you can rest-assured that everyone will be sitting comfy.

Because our cushion collections are built-to-last, you won't have to worry about redecorating your outdoor "room" anytime soon.

- The Windham Cushion Collection
- The Key Largo Cushion Collection

The Windham Cushion Collection

Windham is Telescope's premier cushion collection. It will turn your outdoors into an exquisite living room ... complete with intimate seating arrangements. Windham features elegant, easy-care reversible cushions with clean tailored lines. Its cushions fit snugly over the tops of our sturdy powder-coated aluminum frames. This classy collection is suitable for formal or informal entertaining and is strong and durable to provide years of pleasure. Enjoy our ingenious outdoor recliner with an extending footrest. Or choose from our Single-Seat, Two-Seat or Three-Seat Gliders.

The Key Largo Cushion Collection

fabric features #L780 Mocha Stripe

Key Largo is a dream come true! And Telescope offers you the same 10 frame styles you will find in our Windham Cushion Collection. Key Largo has thick, cozy cushions that attach to our powder coated aluminum frames with easy to attach fabric tabs. Rain and water are never a problem. We use our unique "Rain-thru" padding in all cushions so they dry quickly, resist mildew, and keep their shape. Key Largo cushions are comfortable and care-free, and they clean up in a snap. The good life is waiting in your back yard with Key Largo.

Contour Sling Pad

For our Lisbon, Carolina, Hanalei and Concord Collections

New for 2001, we've created an innovative removable Contour Sling Pad. Now you can dress up your Lisbon, Carolina, Concord, and Hanalei Sling Collections. Less bulky than traditional pads, our versatile Contour Sling Pads add a refined, firm support layer to your sling. Each pad is designed to precisely match the contour of your specific collection. For extra comfort and reinforced lumbar support, we've even added a contour rail bar inside each cushion.

The Lisbon Sling Collection

The Lisbon Sling Collection sets you apart from the rest. This classic collection features traditional-looking solid cast aluminum. Its timeless motif with fanciful swirls and scrolls evolve into a focal point that features an architectural-style finial. The Lisbon Sling Collection is simply stated with a broad and robust design. It will appeal to your good taste and sense of style.

The Carolina Sling Collection

Our Carolina Sling Collection, featuring a unique and eclectic mix of style and detail. It's the newest sensation in wrought-style furniture.

As graceful looking as a music note, this rugged yet delicate collection features a rhapsody of exposed architectural hardware, combined with a frame that has pitched, scrolled, rolled and bent solid aluminum. We've created a masterpiece that will truly sing to your heart.

The Concord Sling Collection

Simply sophisticated with gracefully curved accents ... Concord Sling is a classic favorite. With its bold look, you won't believe how incredibly durable this powder-coated extruded aluminum collection is. We use strong, stylish fabrics with added ultraviolet inhibitors and plasticizers for shape and colorfastness. With Concord, you'll feel like you're sitting on air! A feature of all of our sling collections is the lumbar support providing extra comfort!

The Caneel Bay Ultra High Back Sling Collection

Caneel Bay Ultra High Back's open contour frame design makes it a true work of art for family and friends to admire. This collection is as comfortable as it is beautiful.

To create your own special masterpiece, choose one of our many coordinating strong fabrics. During manufacturing, the fabric is heat sealed or sewn, fitted with a dowel, and attached into the seat rail, where it is firmly bolted into place. Caneel Bay slings are replaceable, sturdy, and made to last.

The Primera Sling Collection

Sunny days were made for Primera!

This collection's streamlined

simplicity and

arching arms represent over

95 years of classic Telescope styling.

For a poolside brunch or an informal

dinner on the patio, you'll love the

way Primera beckons you to relax

and enjoy the day.

As always, our powder-coated

aluminum frames won't rust, and

our fabrics dry quickly and stand

up to the elements.

With its clean contours and casual

elegance, Primera is sure to please

for years to come.

The Vanese Sling Collection

The Vanese Sling collection comes to the rescue when poolside patio or balcony furniture takes a lot of wear! Without sacrificing comfort, or the sturdy, solid, and rugged build you expect from Telescope, we've designed this entire collection with efficiency in mind. You can fit more chairs around a table, and still have ample room for entertaining.

Telescope's Strap Collections

SANIBEL HARBOUR
RESORT & SPA,
Fort Myers, Florida

Over the years, we've elevated our strap collections to meet your discerning taste and fit your unique lifestyle.

We've continued to reinvent our collections to make them available in decorative, casual, and practical styles. New this year is our Gardenella Strap Collection.

- The Vanese Strap Collection
- The Windham Contract Strap Collection
- The Gardenella Strap Collection

The Vanese Strap Collection

Our powder coated collection, Vanese, comes to the rescue when poolside patio or balcony furniture takes a lot of wear! Without sacrificing comfort, or the sturdy, solid, and rugged build you expect from Telescope, we've designed this entire collection with efficiency in mind. The chair is a little narrower than our standard width. You can fit more chairs around a table, and still have ample room for entertaining.

The Gardenella Strap Collection

We've decided to build on our already popular Gardenella-style furniture. Introducing the Gardenella Strap Collection. Known for its simplicity, reliability, and moderate price, Gardenella's reputation is rock solid.

You'll find that the Gardenella Strap Collection is durable and a joy to own. It's priced right, so you can use Gardenella around the pool, under a shady tree, at a table, and beside the bar.

Telescope's Wood & Folding Collections

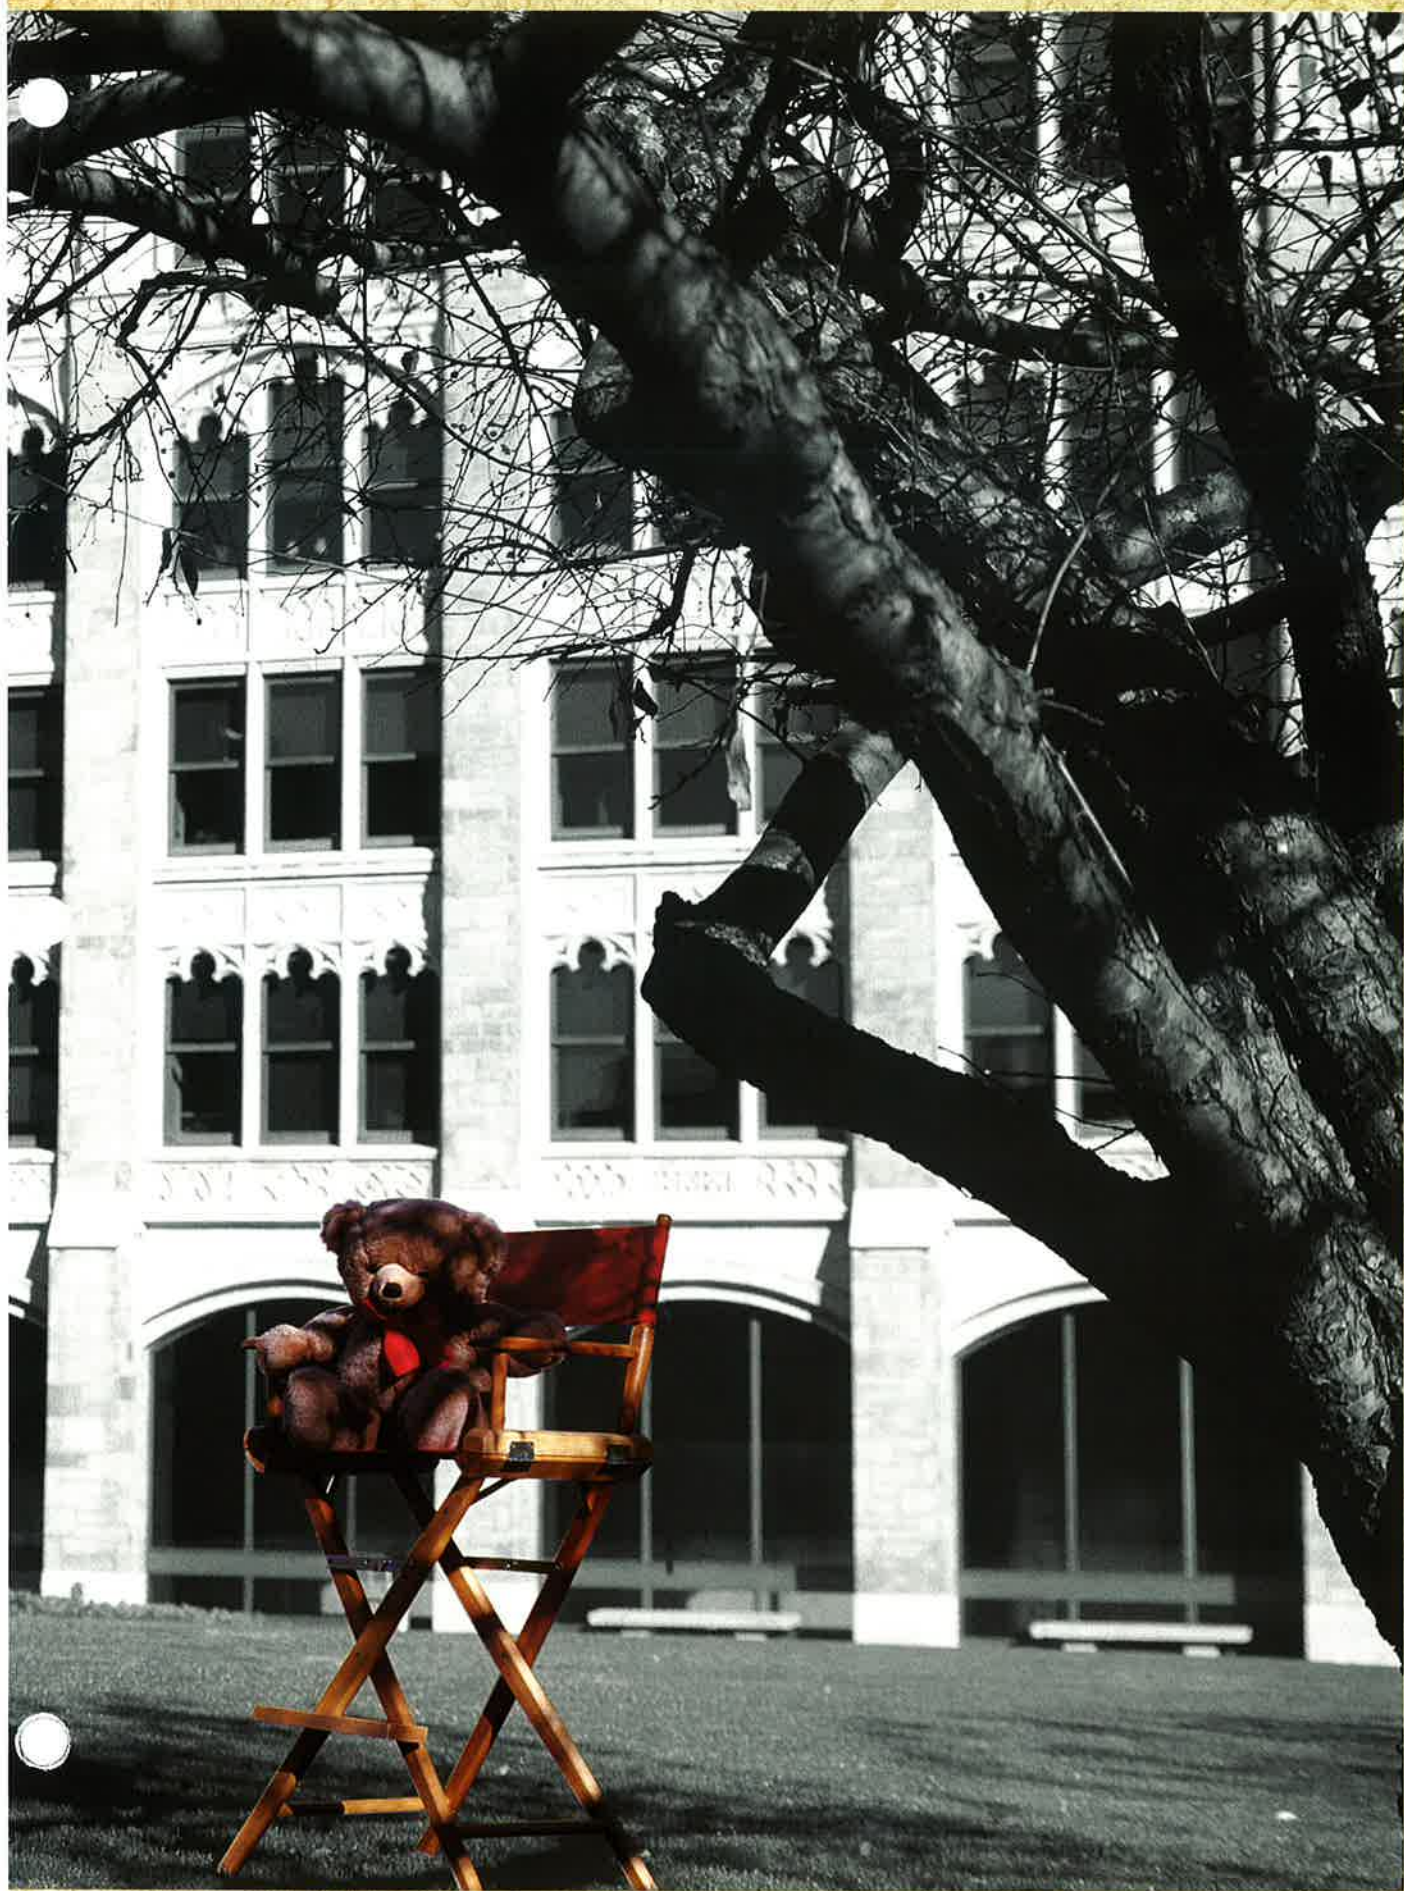

From The SUNY
Complex
Albany, New York

Your millennium resolutions probably include making more time to relax in solitude, and spending more quality time with family and friends. Whether you plan to enjoy the great outdoors at home, or away in the country or city...be sure to include Telescope's folding furniture for comfort, style, and reliability.

Our folding furniture is available for every occasion. The fun starts with Telescope.

- The Director Chair Collection
- The Telaweave Vinyl Mesh Collection
- The Beach Chair Collection

The World Famous Director Chair

Telescope's World Famous Director Chair is soundly constructed using the finest solid North American hardwood. Made in the U.S.A. this is the finest chair in the industry. Canvas covers are custom dyed with the finest vat dyes available. Arms are shaped and sanded by hand for maximum comfort and smoothness. The heavy duty shaped legs of the World Famous Chair set it apart from the crowd. Corner bracing on the counter and bar height designs insure long term rigidity of these frames. Chairs fold compactly, arm assembly folds down flat, packs easily. Available in three seat heights and four frame finishes.

Trout Lake, New York*

The Celebrity Director Chair

The Celebrity Director Chair offers the same quality features as the World Famous Director Chair. It is available in dining height only, but coordinates nicely with the World Famous counter and bar height chairs. The Celebrity is offered in all four frame finishes. Finished round cross leg braces are nailed securely. The strong straight legs give this chair a clean cut appearance. It is the choice for many promotional programs.

1270	Black Celebrity Chair
1290	Walnut-Stain Celebrity Chair

The Producer Director Chair

The Producer Director Chair offers the same demanding quality as are other two collections at a nice price point. This efficient design has clean lines and delivers value to the customer. It is the ideal promotional chair offered in a child height, dining height and bar height chair. The bar height chair also features corner bracing to provide a rugged frame that will last.

Market Umbrellas

Telescope's Easy Lever-Lift locks into place automatically when the umbrella is opened. This truly creative mechanism takes the hassle out of opening and closing your market umbrella. This Lever is offered on both our wood and aluminum framed umbrellas. Our strong support ribs are designed so the fabric sets off the ribs, to reduce abrasion from the wind. The cover snaps on and off and is machine washable. All our market umbrellas come with an easy tilt mechanism. Telescope offers three convenient vented market umbrella sizes in 8ft., 9ft., and 10ft. diameters.

Our Easy Lever-Lift lets you open and close your umbrella with ease.

Our strong support ribs are designed so the fabric sets off from the rib, plus the fabric snaps on and off for easy machine washing.

Drape Umbrellas

The ideal umbrella to go with any casual furniture group. This versatile yet durable crank and tilt umbrella comes in a wide variety of patterns. The raising crank has a position braking system to eliminate accidental lowering.

* These are exclusive fabrics for Telescope Casual Furniture.

Tables

Telescope umbrella tables feature a strong aluminum banded table rim and leg assembly with a durable baked on polyester finish in white, ivory, sandstone, green, bronze or black. The knock-down (KD) feature of our tables provides efficient storage as well as easy assembly. Plastic glides on all legs help to protect the deck or patio surface. The glass used in our tables is tempered for extra strength. A plastic umbrella hole protective ring and plug are included. Most of our tables are available in all six frame finishes under our special order program. Please refer to our Price Index for details. Our tables are designed to slip apart for easy storage, except for our Lisbon, Northampton and Wood Tables.

FABRIC SELECTION

Now your choices are practically endless. Telescope is offering you the choice of any suitable fabric and any frame color you want. Some restrictions apply, so use our Price Index to determine the many possible combinations. We still offer our popular core "quick ship" items in each collection which we attempt to keep in stock for quick delivery to your location. While we cannot guarantee these items will be in stock at any given time, selecting these items helps us to serve you and your customer better. Refer to each collection in this catalog to see the fabrics and frame colors that are a part of our "quick ship" program.

But if you are looking for a uniquely different look, we can make a wide variety of specials for you with no minimum order. You can use pages 94-95 of this catalog to determine whether or not a fabric can be used for an application by looking at the symbols printed under each fabric. The "Key:" at the bottom of the page explains all of the symbols used. The fabric can be used for only those applications listed. We will attempt to ship these specials within 4 to 6 weeks. Telescope reserves the right to split shipment of special orders, but we guarantee that the freight cost will not be greater than if the order was shipped all at once. Director Chairs and silver aluminum furniture are excluded from this program.

SERVING BAR FRAMES

Frames: Legs are 1 1/4" heavy duty .050" wall extruded aluminum tubing.

Shelves: Internal frame is 7/8" diameter .075" wall extruded tubing. Top serving area is 3/16" thick tempered glass. Removable bottom shelf is 3/16" thick durable acrylic.

Optional Skirt: Easy wrap-around skirt constructed of extra heavy weave vinyl-coated polyester mesh.

SERVING CART FRAMES

Frames: 1" diameter extruded drawn aluminum tubing.

Shelves: Removable shelves are 3/16" thick acrylic.

BAR STOOL FRAMES

Legs: 1 1/4" diameter heavy duty .050" wall extruded aluminum tubing.

Footrest: Constructed of 1" x 3/4" aluminum extrusion. Protective vinyl T-molding on footrest included. Bar Stools constructed with reinforced press fits, tig-welded joints and 5/16" screws.

Sling: Variety of colors of extra heavy weave vinyl-coated polyester mesh. Slings are weather resistant and replaceable.

SERVING BAR and SERVING CARTS

Wheels: Plastic rim wheels with rubber tire.

Assembly: UPS-able and ready-to-assemble at home. No tools required.

Cooler: Genuine Igloo brand 25 qt. marine grade cooler shipped with all Serving Bars and Serving Carts at no extra charge.

PLANT STANDS and TOWEL RACK

Frames: Heavy 5/8" solid extruded aluminum tig-welded with 360 degree welds.

Assembly: No assembly required.

POWDERCOAT FINISH

Finish: Utilizing the best polyester powder available for outdoor use, the frames receive a bonded polyester powder coated finish that will not peel, crack or blister. Our three stage wash and surface pretreatment process ensures that the polyester is permanently bonded to the frame.

GLIDES

Serving Bars, Bar Stools and Serving Carts have replaceable molded high-density polyethylene or nylon skid glides.

WARRANTY & SERVICES

Warranty

If your Telescope powder-coated frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

Not included in our "powder-coat" warranty are table tops, umbrellas, terrace shells and market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our cast iron market base, if not properly maintained, will rust if the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture which, in our opinion, was caused by acts of God, or by unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed.

Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price index, in which case it is warranted for one year from the date of purchase. Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact our Customer Service Department in writing, stating the problem and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for

returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc., after September 1, 1986. This warranty is in lieu of any other warranty, expressed or implied by law.

Custom Designs

In quantities of 50 chairs or more, Telescope will silk screen the customer's artwork on the backs of our famous beach chairs. The following charges are added to the #741 Mini-Sun Chaise, or the #733 Sun & Sand Chair: \$60 Net for one screen, one color printing (One time charge) \$50 Net for each additional color (One time charge). A printing charge of \$.50 per color, per cover will be added to the screen cost. All re-orders will require a \$10 net set-up charge. We will store customer screens for a maximum of two years from the date of customer's last purchase. Polyester fabric is available in Red, Cobalt, Lakeside Blue, Teal, Royal Blue and Forest Green. Order requirements: Minimum order is 50 chairs. Delivered quantities must be flexible by plus or minus 5% (for example, an order of 300 chairs must be flexible from 285 to 315 chairs). We require 50% deposit on all custom orders. Camera ready artwork must be provided by the customer. Allow 4 to 6 weeks delivery time. Reproductions of trademarks require written approval by owner or licensee.

Customer Service

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department. To place or check on orders, inquire about shipping date or to have your Telescope Sales Representative visit you, please contact Telescope Customer Service Department. For advertising needs, black and white glossies, line

drawings and other promotional materials, please contact the Telescope Advertising Department. For premium and incentive information please contact the Telescope Premium Sales Department.

"Anything On Anything"

Telescope's Quick Ship and Special Order Policies:

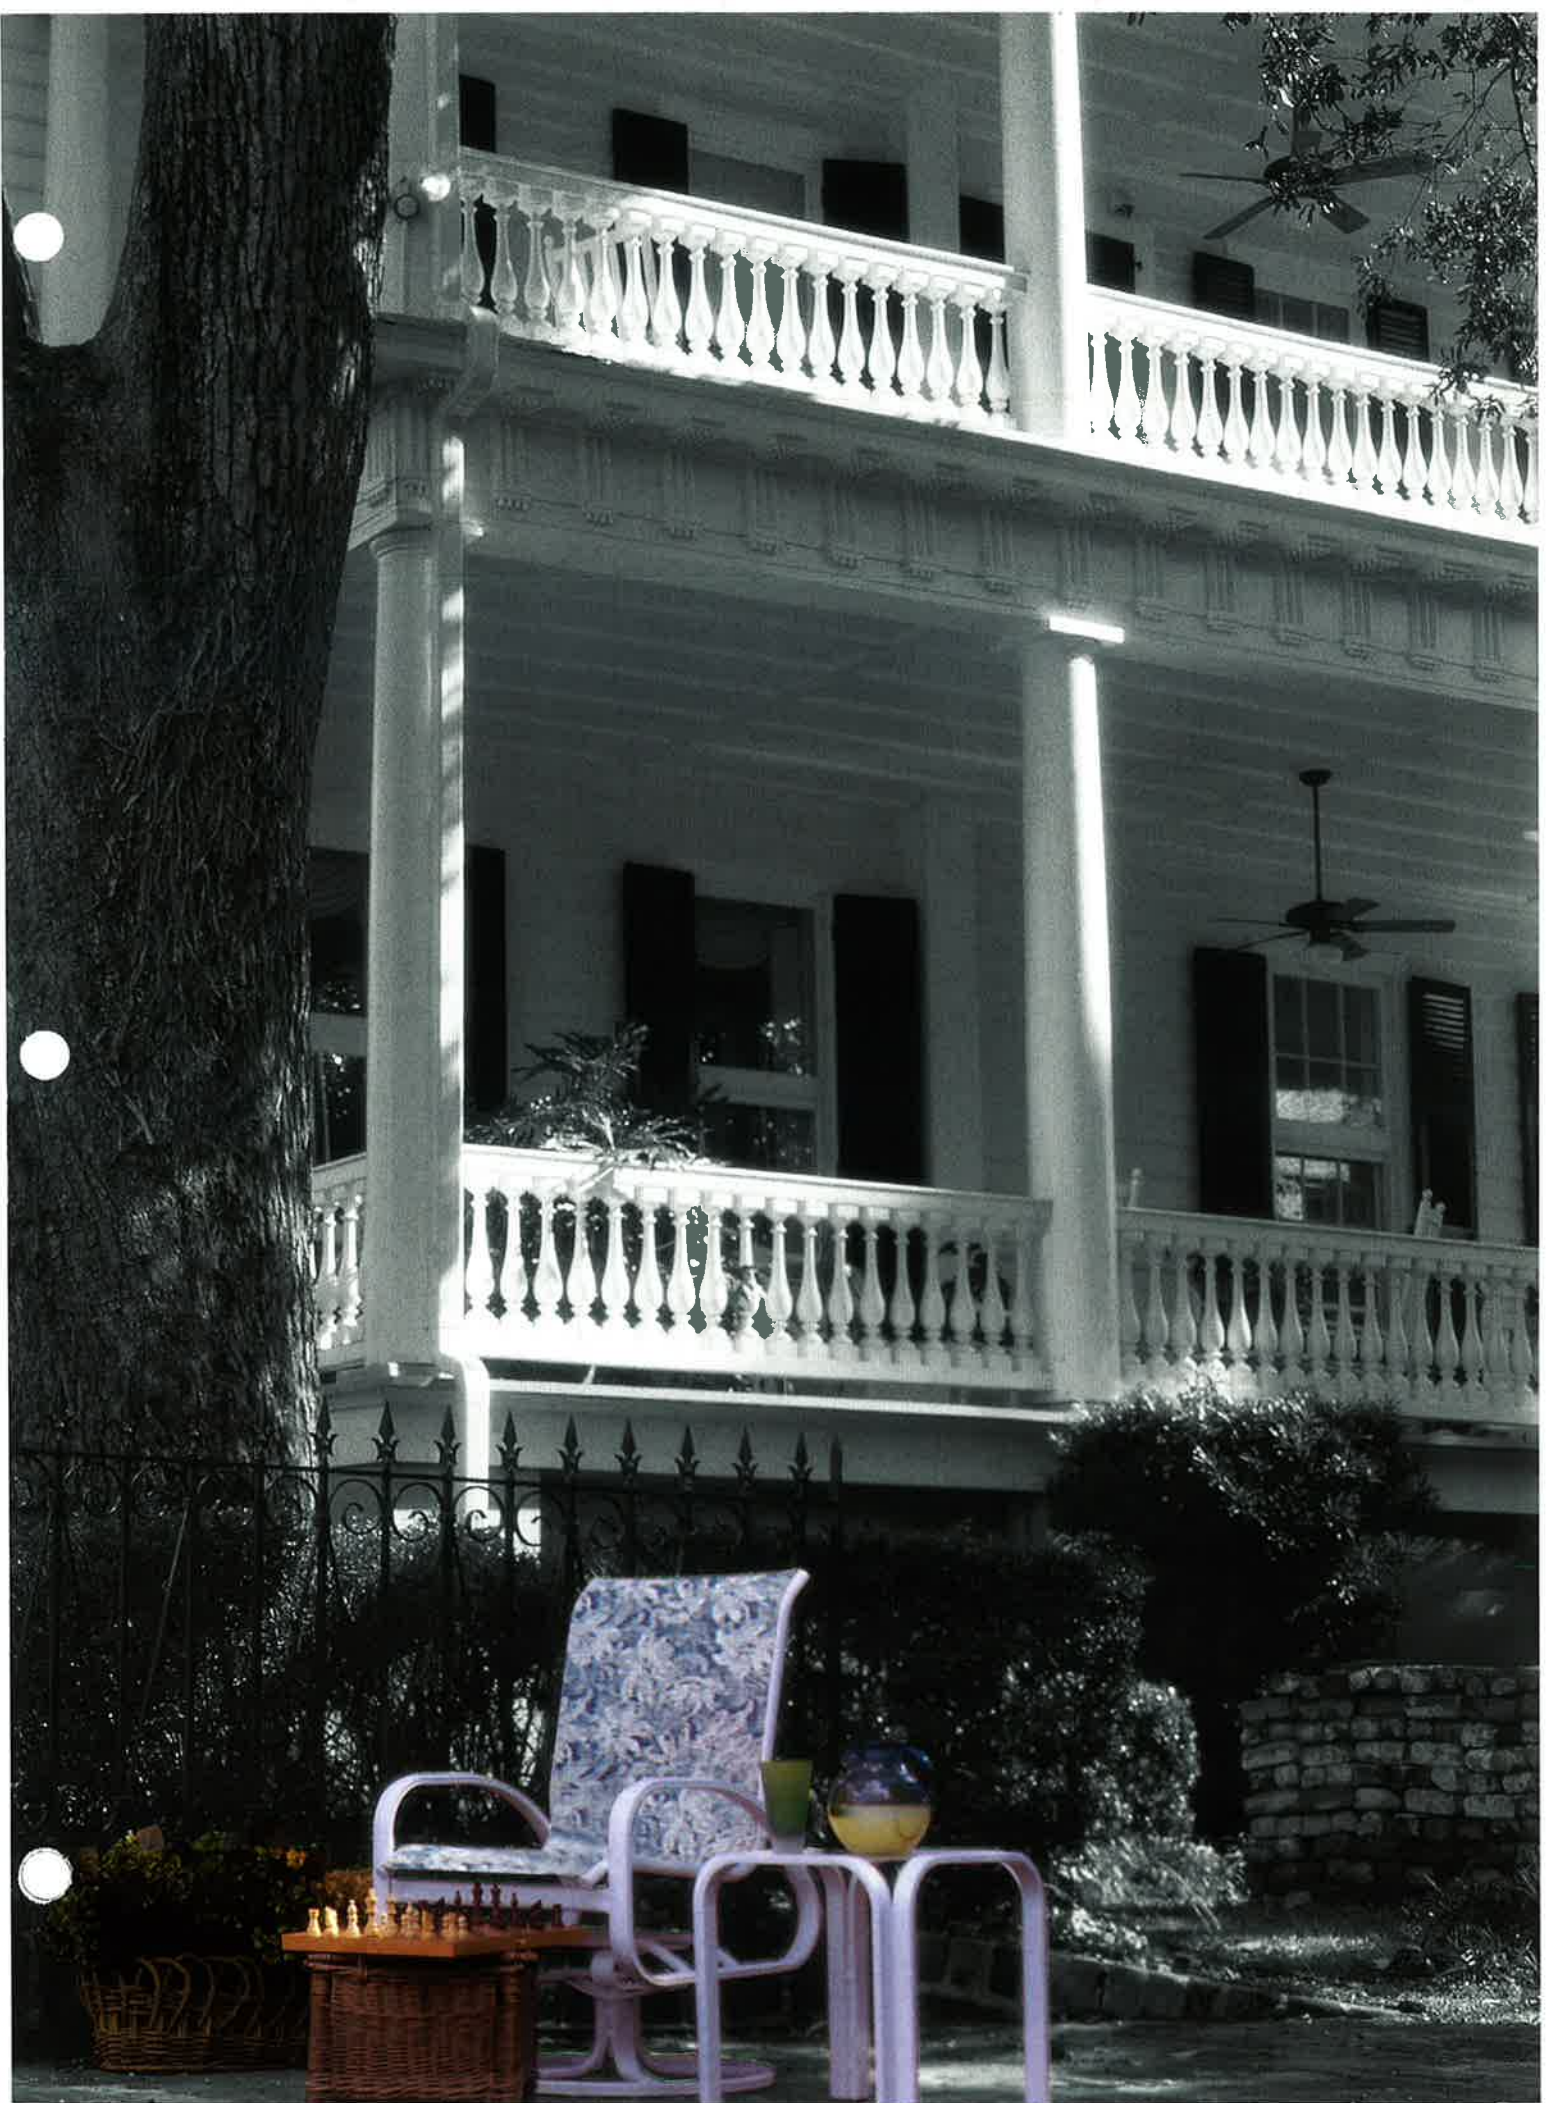

Now your choices are practically endless. Telescope is offering you the choice of any suitable fabric and any frame color you want. Some restrictions apply, so use our Price Index to determine the many possible combinations. We still offer our popular core "quick ship" items in each collection which we attempt to keep in stock for quick delivery to your location. While we cannot guarantee these items will be in stock at any given time, selecting these items helps us to serve you and your customer better. Refer to each collection in this catalog to see the fabrics and frame colors that are a part of our "quick ship" program.

But if you are looking for a uniquely different look, we can make a wide variety of specials for you with no minimum order. You can use pages 94-95 of this catalog to determine whether or not a fabric can be used for an application by looking at the symbols printed under each fabric. The "Key:" at the bottom of the page explains all of the symbols used. The fabric can be used for only those applications listed. We will attempt to ship these specials within 4 to 6 weeks. Telescope reserves the right to split shipment of special orders, but we guarantee that the freight cost will not be greater than if the order was shipped all at once. Director Chairs and silver aluminum furniture are excluded from this program.

Patent Protection

Telescope products are protected by the following patents:

4,201,416 / 4,230,363 / 4,252,367 / 4,264,230 / 4,273,379 / 4,315,467 / D-263,526 / D-263,654 / 4,467,730 / 4,514,009 / D-278,804 / D-280,473 / D-280,474 / 4,541,666 / D-280,683 / D-281,037 / D-281,378 / D-284,143 / D-287,316 / D-287,552 / D-289,349 / D-290,068 / D-292,854 / 4,867,505 / D-306,530 / 4,941,413 / 4,471,394 / 4,638,827 / 4,674,524 / D-358,264 / 5,499,585 / 5,593,205 / 5,599,064 / 5,711,333 / D-386,321 / D-405,580 / 5,871,024 / 5,927,812.

Features of Telescope's Quality Furniture

Care & Maintenance

Solution Dyed Acrylic Fabric

(solid and stripes)

Spot wash dirt with lukewarm water and a mild soap. Rinse thoroughly with clean water, then air-dry. To clean mildew stains, in a ventilated area, prepare a mild solution of one cup bleach plus two caps full of a natural soap per gallon of water. Spray the entire area, and scrub vigorously if necessary. You may wish to spray the fabric with Scotchguard after washing.

Polyester Print Fabrics

A soapy solution of Ivory Liquid and lukewarm water will remove common dirt. **DO NOT USE BLEACH OR OTHER HARSH DETERGENTS. DO NOT PLACE IN DRYER.**

PVC/Acrylic Blend Fabrics

Dirt can be removed with a soapy solution of warm water and Ivory Liquid. Do not use pine cleansers. Rinse and allow to dry.

Telaweave Mesh Fabrics

Soak the entire area with warm water and detergent. A small amount of chlorine bleach can be added to remove stubborn stains.

Olefin Fabrics

Use mild detergent such as Ivory Liquid and water. Chlorine bleach can be used on stubborn stains.

Aluminum Frames, including Powder-Coat

To keep furniture looking new, use Soft Scrub or similar non-abrasive products to remove scuff marks and scratches. Non-textured frames should be waxed once or twice a year with an automotive paste wax to maintain luster. Wax will make washing and cleaning easier. Do not use paste wax on textured finishes. Instead use lemon oil for protection and natural soap and water for cleaning.

PVC Strap Furniture

Telescope Straps can be cleaned using a soapy solution of warm water and Ivory Liquid. Hose down to rinse and **DO NOT USE** pine oil cleansers or harsh abrasives. Straps can be easily replaced by the consumer by heating the strap in hot water and

pinning it to the frame while hot. As the straps cool down, they will shrink for a snug fit.

Winter Maintenance

Furniture that will be stored outside or in other cold areas should be drained of any water to avoid ice damage in the tubing.

Telescope Quality

Telescope offers six frame colors utilizing a polyester powder coating process which bakes the finish permanently in place at 450 degrees Fahrenheit. Once this finish "cures" it becomes extremely durable, resistant to scratching, chipping and peeling. Our black, green, ivory, sandstone and bronze finishes are offered in popular textures, while, traditionally, our white remains a brilliant, glossy, pure white.

Telescope designs and specifies all of its own aluminum extrusions to precisely match the characteristics needed for each application. These include aesthetics, strength, stiffness, "bendability," and cost. In this way, Telescope can pass along the maximum value possible to its customers. And since Telescope's products are made almost exclusively with aluminum, our products will remain virtually rust-free, forever.

Telescope products are welded together using either the MIG (metal inert gas) process or the TIG (Tungsten inert gas) process, depending on the particular application. Both processes have their own distinct advantages and, once again, Telescope utilizes these advantages to provide the most value to our customers.

Our tables set new standards for ease of use. They feature a heavy-duty aluminum rim, tempered glass (five times stronger than regular glass) and UV stabilized plastic clips that hold the glass firmly in place. The best feature of our tables, however, rests in the legs. They contain spring-loaded end caps that allow the table to be securely assembled or disassembled in a matter of seconds, no tools required.

Telescope's swivel rocker mechanism is made out of a special alloy of aluminum to provide a smooth and comfortable motion, while maintaining its durable construction.

Our Windham Cushion design has proven to be a popular twist to the traditional outdoor furniture padding. Wrapping over the back of the chair, our cushion provides the feeling of an upholstered head rest, while retaining its reversibility. That's right! This cushion can be easily turned over if the need arises.

All of our cushions are made with materials designed for outdoor use. The fabrics range from vinyl, polyester and olefins to acrylics. The stuffing is made of 100% polyester fibers welded by heat and pressure to maintain their loft. Water drains right through these fibers, rain is never a problem. They dry quickly.

Telescope's straps are extruded right at our factory with 100% virgin PVC to ensure consistent color, strength and durability. They are secured to the frame with pins to eliminate any concerns of strap pullout. Yet at the same time, these same straps can still be easily replaced.

Telescope sling furniture is our hallmark. The durability and style of our sling furniture traces its roots back through all of our proud 98 year history. And what we've learned we've put into every chair we make. We use extra heavy construction in our slings to ensure that they will last. Our slings are sewn to plastic dowels that are securely locked into our specifically designed extrusion.

Our plastic end caps and spacers are molded in-house to match our frames exactly in both shape and color. Ultraviolet (UV) stabilizers are added into the molding process to help protect these parts from the damaging effects of the sun.

Experience the result of our never ending quest for a quality product at a value to our customers!

Telescope's Advertising & Marketing Support

Marketing Tools

Telescope has a complete line of visual aids, display material and brochures to help our dealers. We feel that this support material will be helpful as sales tools to enhance the merchandise in your showroom as well as helping your customers with informational literature.

Telescope remains a strong supporter of our industry and will be featured in *Casual Decor*.

We are also a member and sponsor of the Home Furnishings Council, National Association of Casual Furniture Retailers, Summer & Casual Furniture Manufacturers Association and Hearth Products Association.

Haven's National Television

Telescope has been featured with Joy Philben in *Haven* for the past six seasons. Besides the hundreds of consumers that call us direct because of the show, we also mail out a consumer catalog and dealer list to viewers from *Haven* interested in casual furniture.

National Media

Placement For Our Dealers

Telescope places full page advertisements on the back cover of various national magazines. We will generate over 10,000,000 impressions with all leads going to our dealers. Our consumer magazines will consist of Special Interest Publications: *Better Homes & Gardens*, *Woman's Day*, *Century Home*, and *Home*.

NATIONAL TIE-IN PROGRAM WITH DEALERSHIP

We will be placing a full page advertisement in **Better Homes & Gardens** with a dealer's name and address on the opposite page.

Internet Website

Telescope is featured on the World Wide Web with our own website. We offer our full product line plus dealer locations for the consumer. Our domain name is...

www.telescopecasual.com

Plus we have two other special web sites with...

www.telescopebeachchairs.com

www.directorchairs.com

High Resolution Color Photos

Telescope offers three ways to retrieve full color quality photos from this catalog.

1. Our Digital Library is located on our main web site. This is ideal for down loading high or low resolution photos directly to your computer. The username is: telescope and the password is: advertising.
2. A set of High Resolution CD Disks are available in PC or MAC format.
3. We offer a full supply of 4x5 color transparencies for your use.

TeleCompute 2001

Telescope offers an extensive windows-based computer program to help dealers price their line. The dealer can customize individual or overall prices to achieve the margins they desire. Custom Price Lists can then be printed.

Television Commercials

We have created a fully produced commercial package with a creative :30 second television spot with a :05 second dealer logo and address tag at the end.

We have also produced a second option...a commercial donut...so you can create your own spot with raw footage of nine of our top collections in attractive home settings. These spots are shot on film and produced on broadcast quality 1" tape at no charge to you.

Brochures

& Handout Material

We have expanded our consumer catalog. The consumer brochure is designed as a mini-catalog. We have also expanded our Contract Catalog and Price Index that are offered to our dealers.

Each dealer can receive 100 consumer catalogs plus 25 contract catalogs with price index at no charge.

Visual Aids and Point of Purchase Material

Telescope has a full supply of visual aid material to assist you with all your marketing and printing needs. We offer an advertising catalog of camera ready art work for newspaper advertisements. We offer a 20 minute product knowledge tape on our merchandise, its use, and how to care for it. We also have a full supply of black and white or colored photographs and product transparencies to meet your needs. Plus we have individual product shots on various items.

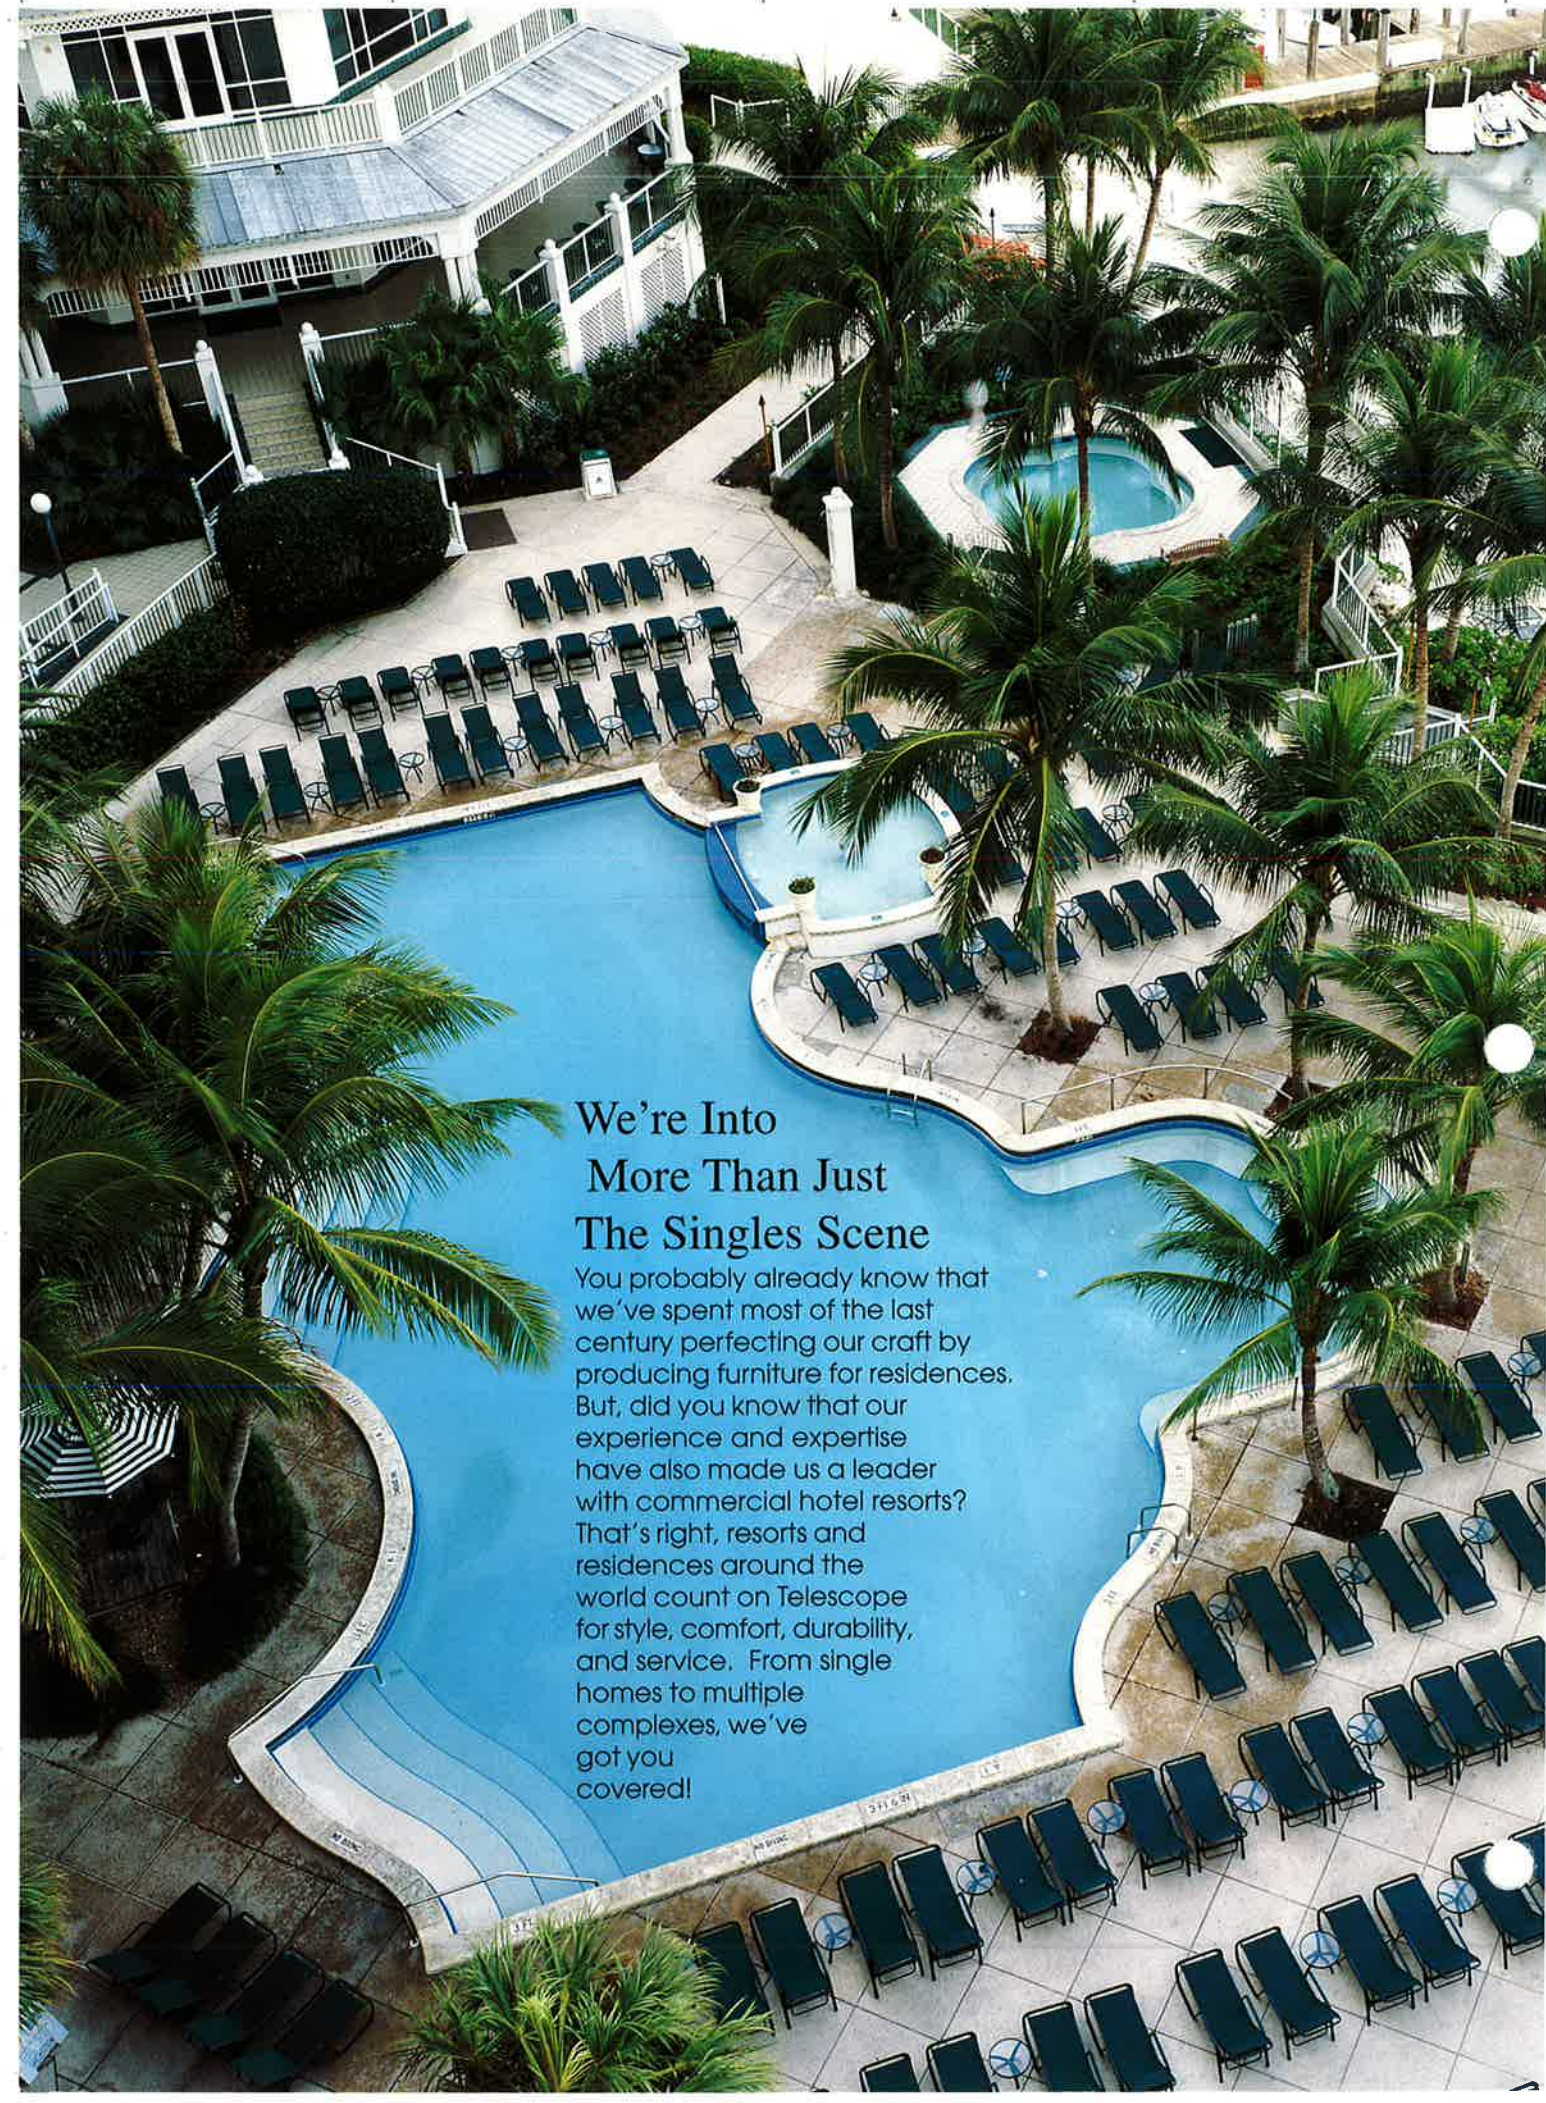

Telescope will offer a variety of point of purchase displays and easel displays to use in your show room, plus a quality 4ft. x 6ft. banner to display outside or inside your location.

We will offer a set of 2ft. x 3ft. full color wall posters to display, plus a series of hang tags and sale signs to be displayed with our product. All this is at no charge to our valued dealers.

Merchandise Display Racks

Telescope offers 2 types of Director Chair Seat & Back holders. One is the freestanding #9900 Swivel Display Rack that holds up to 144 covers. The other is the #9950 Wall Display Rack that holds 72 covers. Both come with an attractive point of purchase sign.

An aerial photograph of a large, irregularly shaped swimming pool at a resort. The pool is surrounded by numerous palm trees and clusters of dark green lounge chairs on a light-colored stone deck. In the upper left, a multi-story white building with balconies is visible. The pool has several curved edges and a small circular inset. The overall scene is lush and tropical.

We're Into More Than Just The Singles Scene

You probably already know that we've spent most of the last century perfecting our craft by producing furniture for residences. But, did you know that our experience and expertise have also made us a leader with commercial hotel resorts? That's right, resorts and residences around the world count on Telescope for style, comfort, durability, and service. From single homes to multiple complexes, we've got you covered!
