

Telescope Casual

2002 COLLECTION

With the dawn of what we believe will be the next golden age of design, our new collections bring together the best of everything you've been searching for in leisure furniture.

Since 1903, we've been innovating and producing high-quality products that are beautiful, durable and easy to maintain. Our products are stylish, timeless and just right for life in the new millennium. From upscale indoor/outdoor, to casual aluminum folding collections... with Telescope, you'll be sitting pretty in the 21st century.

Shaping The Future For The Next 100 Years

Back in 1903, our forebears at Telescope could not have imagined how much we'd shape the future of the casual furniture industry. Over the years, we've produced products for the U.S. military and for consumers. We've manufactured beach, folding, and aluminum casual furniture, patented the award-winning director chair, and pioneered replaceable sling and powder coat aluminum leisure furniture.

Today, Telescope Casual remains family-owned. We are renowned for creative design, versatility, service, and superior quality. We owe much of our success to our powder-coated collections.

For your satisfaction, we are committed to intensive research and development. We continually study new materials,

finding new and imaginative ways to use them in our products. We apply all that we've learned over the years and implement sound engineering and manufacturing processes. This discipline ensures that we are offering you the most value today and in the future when we improve existing products and introduce new ones.

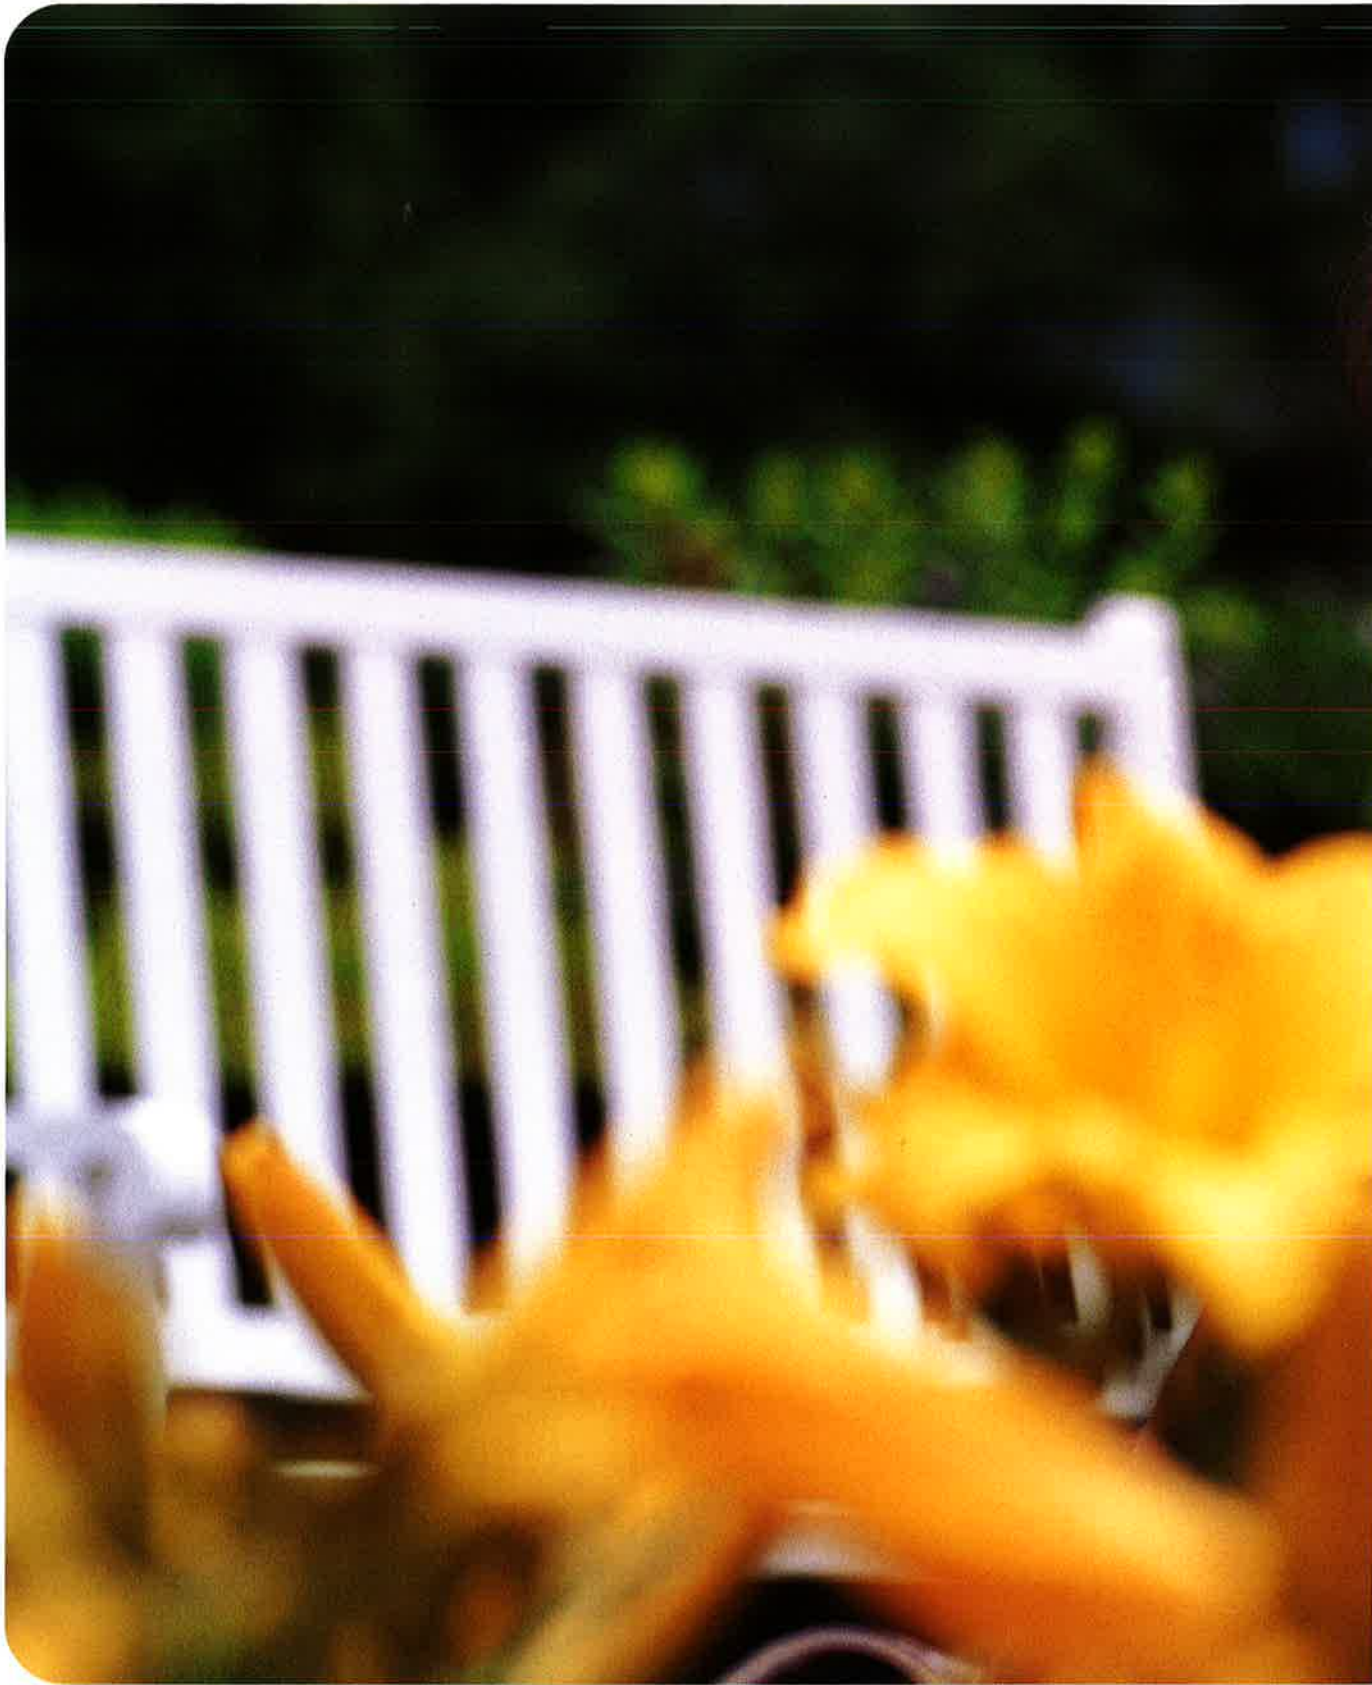

Every year we expand our style offerings and bring you traditional, contemporary, and timeless design selections to complement your unique lifestyle.

At Telescope, we're blazing new paths into the new century. By relentlessly striving to improve our already successful track record, we will continue to shape the industry for the next 100 years.

Telescope's Mission Statement

Telescope's mission is to consistently supply products that our customers can rely on for quality and value. We are committed to provide our customers with the best service possible, whether they order one unit or a thousand. Through teamwork with our dedicated workforce, we will grow and prosper for another 100 years.

Hampton Bay Product Selection

Sumptuous comfort and down-home elegance are the hallmarks of our new Hampton Bay Collection. Quality crafted of 100% aluminum with 7" thick lush cushions of durable "rain through" densified polyester fibers, Hampton Bay transforms porch, patio, or deck into your own private haven. Combine arm chairs, ottomans, loveseats and sofas to create an ideal setting for winding-down in gracious style or entertaining with panache. Hampton Bay makes it special.

Key Largo Cushion Product Selection

Key Largo is a dream come true! And Telescope offers you the same 10 frame styles you will find in our Windham Cushion Collection. Key Largo has thick, cozy cushions that attach to our powder coated aluminum frames with easy to attach fabric tabs. Rain and water are never a problem. We use our unique "Rain-thru" padding in all cushions so they dry quickly, resist mildew, and keep their shape.

Contour Sling Pads

The Spectra Collection featuring #35A Cobalt Blue

Contour Sling Pad Fabric Selection

For our Lisbon, Carolina, Hanalei, Spectra and Concord Collections

Choose one of our innovative removable Contour Sling Pads. Now you can dress up your Lisbon, Carolina, Concord, Spectra and Hanalei Sling Collections. Less bulky than traditional pads, our versatile Contour Sling Pads add a refined, firm support layer to your sling. Each pad is designed to precisely match the contour of your specific collection. For extra comfort and reinforced lumbar support, we've even added a contour rail bar inside each cushion.

Carolina Sling Product Selection

Our Carolina Sling Collection, featuring a unique and eclectic mix of style and detail. It's the newest sensation in wrought-style furniture. It offers the authentic look of old ironwork craftsmanship. As graceful looking as a music note, this rugged yet delicate collection features a rhapsody of exposed architectural hardware, combined with a frame that has pitched, scrolled, rolled and bent solid aluminum. We've created a masterpiece that will truly sing to your heart.

Concord Sling Product Selection

Simply sophisticated with gracefully curved accents...Concord Sling is a classic favorite. With its bold look, you won't believe how incredibly durable this powder-coated extruded aluminum collection is. We use strong, stylish fabrics with added ultraviolet inhibitors and plasticizers for shape and colorfastness. With Concord, you'll feel like you're sitting on air! A feature of all of our sling collections is the lumbar support providing extra comfort.

Vanese Sling Product Selection

The Vanese Sling Collection comes to the rescue when poolside patio or balcony furniture takes a lot of wear! Without sacrificing comfort, or the sturdy, solid, and rugged build you expect from Telescope, we've designed this entire collection with efficiency in mind. You can fit more chairs around a table, and still have ample room for entertaining.

Telescope's Wood & Folding Collections

World Famous Director Chairs

fabric features #25C Burgundy

World Famous Product Selection

Telescope's World Famous Director Chair is soundly constructed using the finest solid North American hardwood. Made in the U.S.A. this is the finest chair in the industry. Canvas covers are custom dyed with the finest vat dyes available. Arms are shaped and sanded by hand for maximum comfort and smoothness. The heavy duty shaped legs of the World Famous Chair set it apart from the crowd. Corner bracing on the counter and bar height designs insure long term rigidity of these frames. Chairs fold compactly, arm assembly folds down flat, packs easily. Available in three seat heights and four frame finishes.

10ft. Market Umbrella

9ft. Market Umbrella

8ft. Market Umbrella

The Telescope Market Umbrella is so unique it's patented. The Ash Market Umbrella and Powder-Coated Aluminum Market Umbrella are designed to be the perfect addition to any casual setting. The Powder Coated Umbrella has an extremely durable baked on polyester finish. The Wood Umbrellas are varnished for long lasting protection. Use freestanding or with an Umbrella Table. All Market Umbrellas are offered with vents.

Market Umbrellas

Telescope's Easy Lever-Lift locks into place automatically when the umbrella is opened. This truly creative mechanism takes the hassle out of opening and closing your market umbrella. This Lever is offered on both our wood and aluminum framed umbrella. Our strong support ribs are designed so the fabric sets off the ribs, to reduce abrasion from the wind. The cover snaps on and off easily. All our market umbrellas come with an easy tilt mechanism. Telescope offers three convenient vented market umbrella sizes in 8ft., 9ft., and 10ft. diameters.

Our Easy Lever-Lift lets you open and close your umbrella with ease.

Our strong support ribs are designed so the fabric sets off from the rib, plus the fabric snaps on and off easily.

Crank and Tilt for easy use

Furniture Accents

With elegantly curved legs, and swirl motif handle, our new designer serving cart lends a touch of class to any setting. Its wide tempered-glass top, double ringed shelf, and large easy-wheels, make it a snap to bring drinks, hors d'oeuvres, or a complete meal from your prep center direct to your guests. And, with style to spare. Telescope also offers our award-winning mobile serving bar, or our serving carts with coolers. The bar has a removable acrylic bottom shelf and a generously sized top serving area made of tempered glass. The bar can be used with matching bar stools or with Windham Sling or Director bar height chairs.

Telescope's plant stands are available to further accentuate your furniture selections.

Dining Tables

Telescope umbrella tables feature a strong aluminum banded table rim and leg assembly with a durable baked on polyester finish in white, ivory, sandstone, green, bronze or black. The knock-down (KD) feature of our tables provides efficient storage as well as easy assembly. Plastic glides on all legs help to protect the deck or patio surface. The glass used in our tables is tempered for extra strength. An umbrella hole protective ring and plug are included. Most of our tables are available in all six frame finishes. Please refer to our Price Index for details.

Fabric Selection

Anything On Anything

Now your choices are practically endless. Telescope is offering you the choice of any suitable fabric and any frame color you want. Some restrictions apply, so use our Price Index to determine the many possible combinations. We still offer our popular core "quick ship" items in each collection which we attempt to keep in stock for quick delivery to your location. While we cannot guarantee these items will be in stock at any given time, selecting these items helps us to serve you and your customer better. Refer to each collection in this catalog to see the fabrics and frame colors that are a part of our "quick ship" program.

But if you are looking for a uniquely different look, we can make a wide variety of specials for you with no minimum order. You can use pages 104-107 of this catalog to determine whether or not a fabric can be used for an application by looking at the symbols printed under each fabric. The "Key:" at the bottom of pages 104-107 explains all of the symbols used. The fabric can be used for only those applications listed. We will attempt to ship these specials within 4 to 6 weeks. Telescope reserves the right to split shipment of special orders, but we guarantee that the freight cost will not be greater than if the order was shipped all at once. Director Chairs and silver aluminum furniture are excluded from this program.

Exclusive Telescope Fabrics

These exciting 19 Exclusive Fabric Patterns are sold only by Telescope Casual Furniture.

Powder Coat Frame Colors

Choose from six powder coated frame finishes.

As shown in photo: Textured Black, Textured Green, Textured Sandstone, Textured Ivory, Gloss White and Textured Bronze.

Warranty & Service

Warranty

If your Telescope powder-coated frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

Not included in our "powder-coat" warranty are table tops, umbrellas, terrace shells and market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our steel market bases, if not properly maintained, will rust if the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture that, in our opinion, was caused by acts of God, or by unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed.

Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price index, in which case it is warranted for one year from the date of purchase. Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact

our Customer Service Department in writing, stating the problem and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc., after September 1, 1986. This warranty is in lieu of any other warranty, expressed or implied by law.

Custom Designs

In quantities of 50 chairs or more, Telescope will silk screen the customer's artwork on the backs of our famous beach chairs. The following charges are added to the #741 Mini-Sun Chaise, or the #733 Sun & Sand Chair: \$60 Net for one screen, one color printing (One time charge); \$50 Net for each additional color (One time charge). A printing charge of \$.50 per color, per cover will be added to the screen cost. All re-orders will require a \$10 net set-up charge. We will store customer screens for a maximum of two years from the date of customer's last purchase. Polyester fabric is available in Red, Cobalt, Lakeside Blue, Teal, Royal Blue and Forest Green. Order requirements: Minimum order is 50 chairs. Delivered quantities must be flexible by plus or minus 5% (for example, an order of 300 chairs must be flexible from 285 to 315 chairs). We require 50% deposit on all custom orders. Camera ready artwork must be provided by the customer. Allow 4 to 6 weeks delivery time. Reproductions of trademarks require written approval by owner or licensee.

Customer Service

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department. To place or check

on orders, inquire about shipping date or to have your Telescope Sales Representative visit you, please contact Telescope Customer Service Department. For advertising needs, black and white glossies, line drawings and other promotional materials, please contact the Telescope Advertising Department. For premium and incentive information please contact the Telescope Premium Sales Department.

"Anything On Anything"

Telescope's Quick Ship and Special Order Policies:

Now your choices are practically endless. Telescope is offering you the choice of any suitable fabric and any frame color you want. Some restrictions apply, so use our Price Index to determine the many possible combinations. We still offer our popular core "quick ship" items in each collection, which we attempt to keep in stock for quick delivery to your location. While we cannot guarantee these items will be in stock at any given time, selecting these items helps us to serve you and your customer better. Refer to each collection in this catalog to see the fabrics and frame colors that are a part of our "quick ship" program.

But if you are searching for a uniquely different look, we can make a wide variety of specials for you with no minimum order. You can use pages 104-107 of this catalog to determine whether or not a fabric can be used for an application by looking at the symbols printed under each fabric. The "Key:" at the bottom of pages 104-107 explains all of the symbols used. The fabric can be used for only those applications listed. We will attempt to ship these specials within 4 to 6 weeks. Telescope reserves the right to split shipment of special orders, but we guarantee that the freight cost will not be greater than if the order was shipped all at once. Director Chairs and silver aluminum furniture are excluded from this program.

Patent Protection

Telescope products are protected by the following patents:

Telescope's Care & Maintenance

Solution Dyed Acrylic Fabrics

(solid and stripes)

Spot wash dirt with lukewarm water and a mild soap. Rinse thoroughly with clean water, then air-dry. To clean mildew stains, in a ventilated area, prepare a mild solution of one cup bleach plus two caps full of a natural soap per gallon of water. Spray the entire area, and scrub vigorously if necessary. You may wish to spray the fabric with Scotchguard after washing.

Polyester Print Fabrics

A soapy solution of Ivory Liquid and lukewarm water will remove common dirt. **DO NOT USE BLEACH OR OTHER HARSH DETERGENTS.**
DO NOT PLACE IN DRYER.

PVC/Acrylic Blend Fabrics

Dirt can be removed with a soapy solution of warm water and Ivory Liquid. Do not use pine oil cleansers. Rinse and allow to dry.

Telaweave Mesh Fabrics

Soak the entire area with warm water and detergent. A small amount of chlorine bleach can be added to remove stubborn stains.

Olefin Fabrics

Use mild detergent such as Ivory Liquid and water. Chlorine bleach can be used on stubborn stains.

Aluminum Frames, including Powder-Coat

To keep furniture looking new, use Soft Scrub or similar non-abrasive products to remove scuff marks and scratches. Non-textured frames should be waxed once or twice a year with an automotive paste wax to maintain luster. Wax will make washing and cleaning easier. Do not use paste wax on textured finishes. Instead use lemon oil for protection and natural soap and water for cleaning.

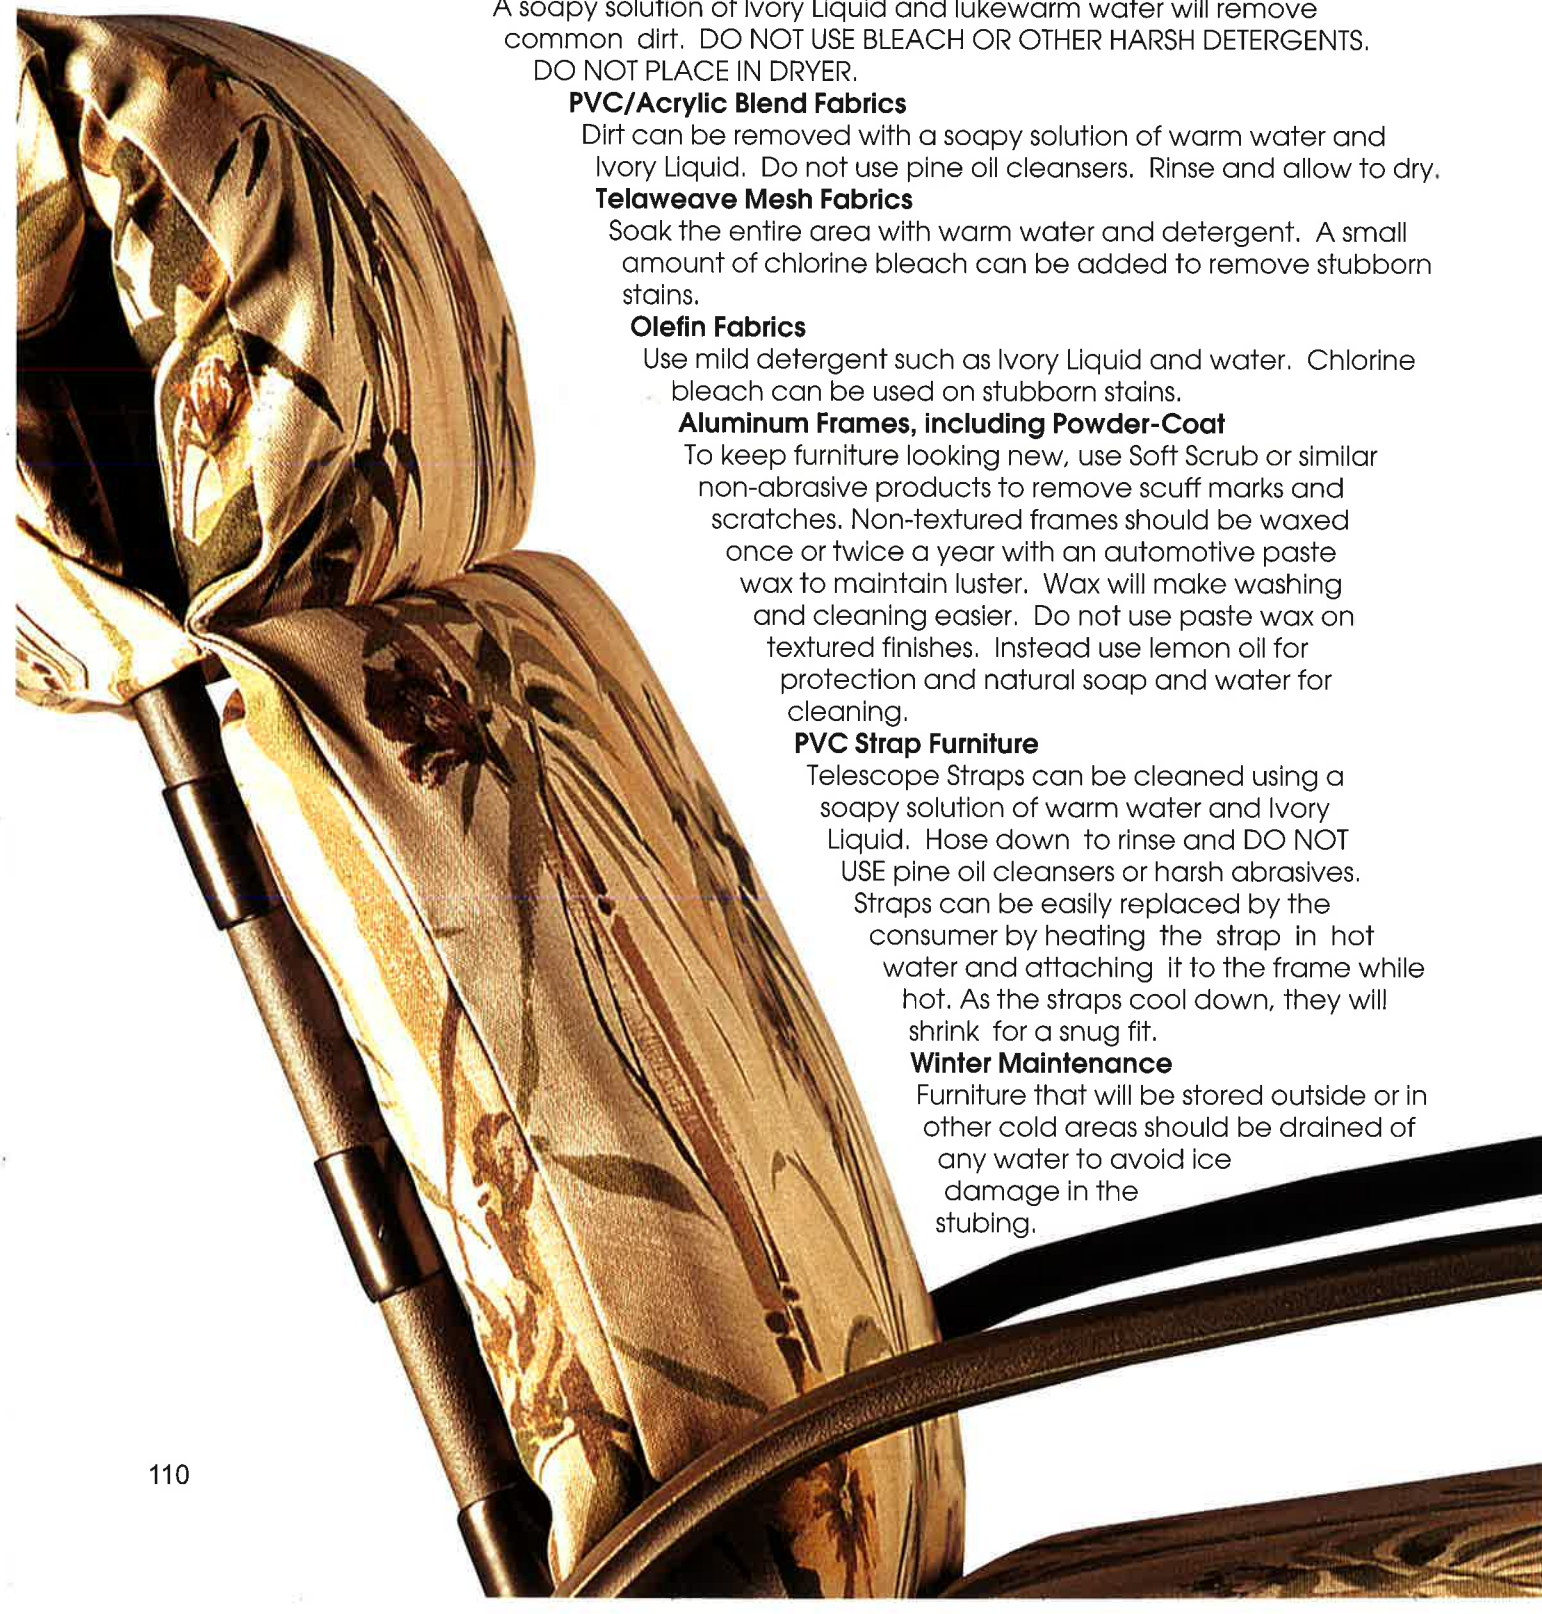

PVC Strap Furniture

Telescope Straps can be cleaned using a soapy solution of warm water and Ivory Liquid. Hose down to rinse and **DO NOT USE** pine oil cleansers or harsh abrasives.

Straps can be easily replaced by the consumer by heating the strap in hot water and attaching it to the frame while hot. As the straps cool down, they will shrink for a snug fit.

Winter Maintenance

Furniture that will be stored outside or in other cold areas should be drained of any water to avoid ice damage in the tubing.

Features of Telescope's Quality Furniture

Telescope's Historic Commitment to Quality

Since 1903, our family-owned company has built a sound reputation based on our remarkable history, fine products, reliable quality, and exceptional service. As an established leader in casual furniture, we stand behind our products. Our customer service department is known as the best in the industry.

Design Excellence, Innovations and Awards

In the 1950's, we began producing aluminum furniture. In 1953, we invented and patented our world famous director chairs with replaceable seat covers. In 1972, we were the first to use this same technology in replaceable sling furniture. Over the years we've won many design and service awards, including recent Design Excellence awards from the International Casual Furniture & Accessory Market.

Frame Finishes and Colors

Most of our collections have frames made of powder-coated aluminum, creating the most durable finish on the market. This finish resists scratching, blistering, chipping and peeling, and is five times thicker than liquid spray paint. Powder-coating is created by spraying dry polyester powder onto raw aluminum frames from guns that produce a negative charge, electrostatically attracting the colored powder to the frames. A baking process permanently sets the finish on the frame. Our black, green, ivory, sandstone and bronze finishes are offered in popular textures, while traditionally, our white remains a brilliant, glossy, pure white.

Aluminum Extrusions

At Telescope, we design and specify our own aluminum extrusions, precisely matching the application characteristics of aesthetics, strength, stiffness, bendability and cost.

Welded Parts

For added strength and beauty, Telescope products are welded together using either the MIG (Metal Inert Gas) or TIG (Tungsten Inert Gas) process, depending on the particular application. Both processes have their own distinct advantages.

Swivel Rocker Mechanism

Our swivel rocker mechanism is made from durable aluminum alloys that provide a smooth and comfortable motion. Our new adjustable feature allows customers to tailor the spring tension to perfectly match their maximum comfort level.

Plastic End Caps and Spacers

Our plastic end caps and spacers are molded in-house to match the color and shape of our frames. UV (Ultraviolet) stabilizers are added in

the molding process to help protect these parts from the damaging effects of the sun.

Wood Products

Telescope's own skilled craftspeople produce wooden products in our one-million

square-foot plant. The fine maple, beech, yellow birch, and ash woods used in our products are carefully selected from our own private twenty-four-thousand-acre land preserve in upstate New York and Vermont.

Tables

Our wide variety of tables include large and small, rectangular, round, and oval styles. Wood slat tables are available in clear varnish, stain, or dipped paint finishes. Powder-coated aluminum tables feature extra-strength tempered glass or solid acrylic materials, and powder-coated aluminum tops. Plastic glides on all table legs help protect deck or patio surfaces. Packaged for easy assembly and efficient storage, many of our tables are designed to pull apart easily into three pieces (no nuts, bolts, or screws are used) and others are easily assembled using a few clips and screws.

Cushions

Our comfortable, generously-sized outdoor cushions are made of vinyl, polyester, olefin and acrylic fabrics. The stuffing is made of 100% polyester fibers that are welded by heat and pressure to maintain their loft. Water drains right through these fibers; rain is never a problem. Our easy-maintenance cushions dry quickly, resist mildew, and keep their shape longer than other cushion products on the market.

The various cushion styles either wrap over the back of the chair to give the feeling of an upholstered headrest, easily attach with fabric tabs, or fit snugly into the furniture frame. Customers can mix and match some of our cushion furniture with sling and strap options made for the same frame design.

Strap Styles

The 100% virgin PVC straps are extruded at our factory, ensuring consistent color and durability. We use only heavy-duty vinyl straps containing UV and mildew inhibitors for reliable strength, resilience, and elasticity. Our traditional style straps are secured to the frame with pins to eliminate any concerns of strap pull-out. For a smooth, unpinned look, our newer strap design is created by heat-welding wrapped straps that securely slip into a covered aluminum extrusion. Both of these strap styles can be easily replaced for a change of color.

Sling Styles

Sling furniture is our signature product. We use extra-heavy construction in our slings to ensure that they will last. Our slings are available in heavy, high thread-count woven vinyl-coated polyester fabric, strong olefins, acrylics, or polyester/acrylic blends. UV inhibitors and plasticizers have been added for shape and colorfastness. During manufacturing, the fabric is cut to size, heat sealed or sewn, fitted with a dowel, and inserted into the seat rail, where it is firmly bolted into place. For a change of style, our sling fabrics are replaceable.

Umbrellas

We've spent years perfecting our distinctive Market and Drape umbrellas. Our innovative Easy Lever-Lift Market umbrella locks into place automatically when the umbrella is opened. We've designed a handy tilt function that easily locks the umbrella angle in the desired position. Available with separate bases, our umbrellas coordinate beautifully with all Telescope collections. Freestanding

or as a table umbrella, there's a size and style just right for every customer. Powder-coated aluminum Market umbrella frames are available in colors to match our furniture collections. The Market umbrella frame is also available in ash wood. A variety of fabrics are available to coordinate umbrellas to seating arrangements. For easy cleaning, all Telescope Market umbrella covers are easily removable using heavy duty brass snaps.

Telescope's Advertising & Marketing Support

Marketing Tools

Telescope has a complete line of visual aids, display material and brochures to help our dealers. We feel that this support material will be helpful as sales tools to enhance the merchandise in your showroom.

We are a member and sponsor of the Home Furnishings Council, National Association of Casual Furniture Retailers, Summer & Casual Furniture Manufacturers Association and Hearth Products Association.

National Media

Placement For Our Dealers

Telescope places full page advertisements on the back cover of various national magazines. We will generate over 10,000,000 impressions, with all leads going to our dealers. Our consumer magazines will consist of special interest publications: Better Homes & Gardens, Woman's Day, Century Home, and Home.

NATIONAL TIE-IN PROGRAM WITH OUR DEALERS

We will be placing a full page advertisement in **Better Homes & Gardens** with a dealer's name and address on the opposite page.

Internet Web site

Telescope is featured on the World Wide Web with our own Web site. We offer our full product line plus dealer locations for the consumer.

Our domain name is...

www.telescopecasual.com

Plus we have two other special web sites with...

www.telescopebeachchairs.com

www.directorchairs.com

High Resolution Color Photos

Telescope offers three ways to retrieve full color quality photos from this catalog.

1. Our Digital Library is located on our main Web site. This is ideal for downloading high or low resolution photos directly to your computer. The username is *telescope* and the password is *advertising*.

2. A set of High Resolution CD Disks are available in PC or MAC format.

3. We offer a full supply of 4x5 color transparencies.

TeleCompute 2002

Telescope offers an extensive Windows-based computer program to help dealers price their line. Dealers can customize individual or overall prices to achieve the margins they desire. Custom Price Lists can then be printed.

Television Commercials

We have created a fully produced commercial package offering a creative :30 second television spot with a :05 second dealer logo and address tag at the end.

We have also produced a second option...a commercial donut...so you can create your own spot with raw footage of several of our top collections in attractive home settings. These spots are shot on film and produced on broadcast Beta tape at no charge to you.

Brochures

& Handout Material

We have expanded our consumer catalog. The consumer brochure is designed as a mini-catalog. We have also expanded our Contract Catalog and Price Index.

Each dealer can receive 100 consumer catalogs plus 25 contract catalogs with price info at no charge.

Visual Aids and Point of Purchase Material

Telescope has a full supply of vi-

sual aid material to assist you with all of your marketing and printing needs. We offer an advertising catalog of camera ready line drawings for newspaper advertisements. You can also download our line drawings from the digital library on Telescope's main Web site. We offer a new 20 minute product knowledge tape on our merchandise, its use, and how to care for it.

Telescope will offer a variety of point of purchase displays and easel displays to use in your showroom, plus a quality 3ft. x 5ft. banner to display outside or inside your location.

We will offer a set of 2ft. x 3ft. full color wall posters to display, plus a series of hang tags and sale signs to be displayed with our product. All this is at no charge to our valued dealers.

Merchandise Display Racks

Telescope offers 2 types of Director Chair Seat & Back holders. One is the freestanding #9900 Swivel Display Rack that holds up to 144 covers. The other is the #9950 Wall Display Rack that holds 72 covers. Both come with an attractive point of purchase sign.

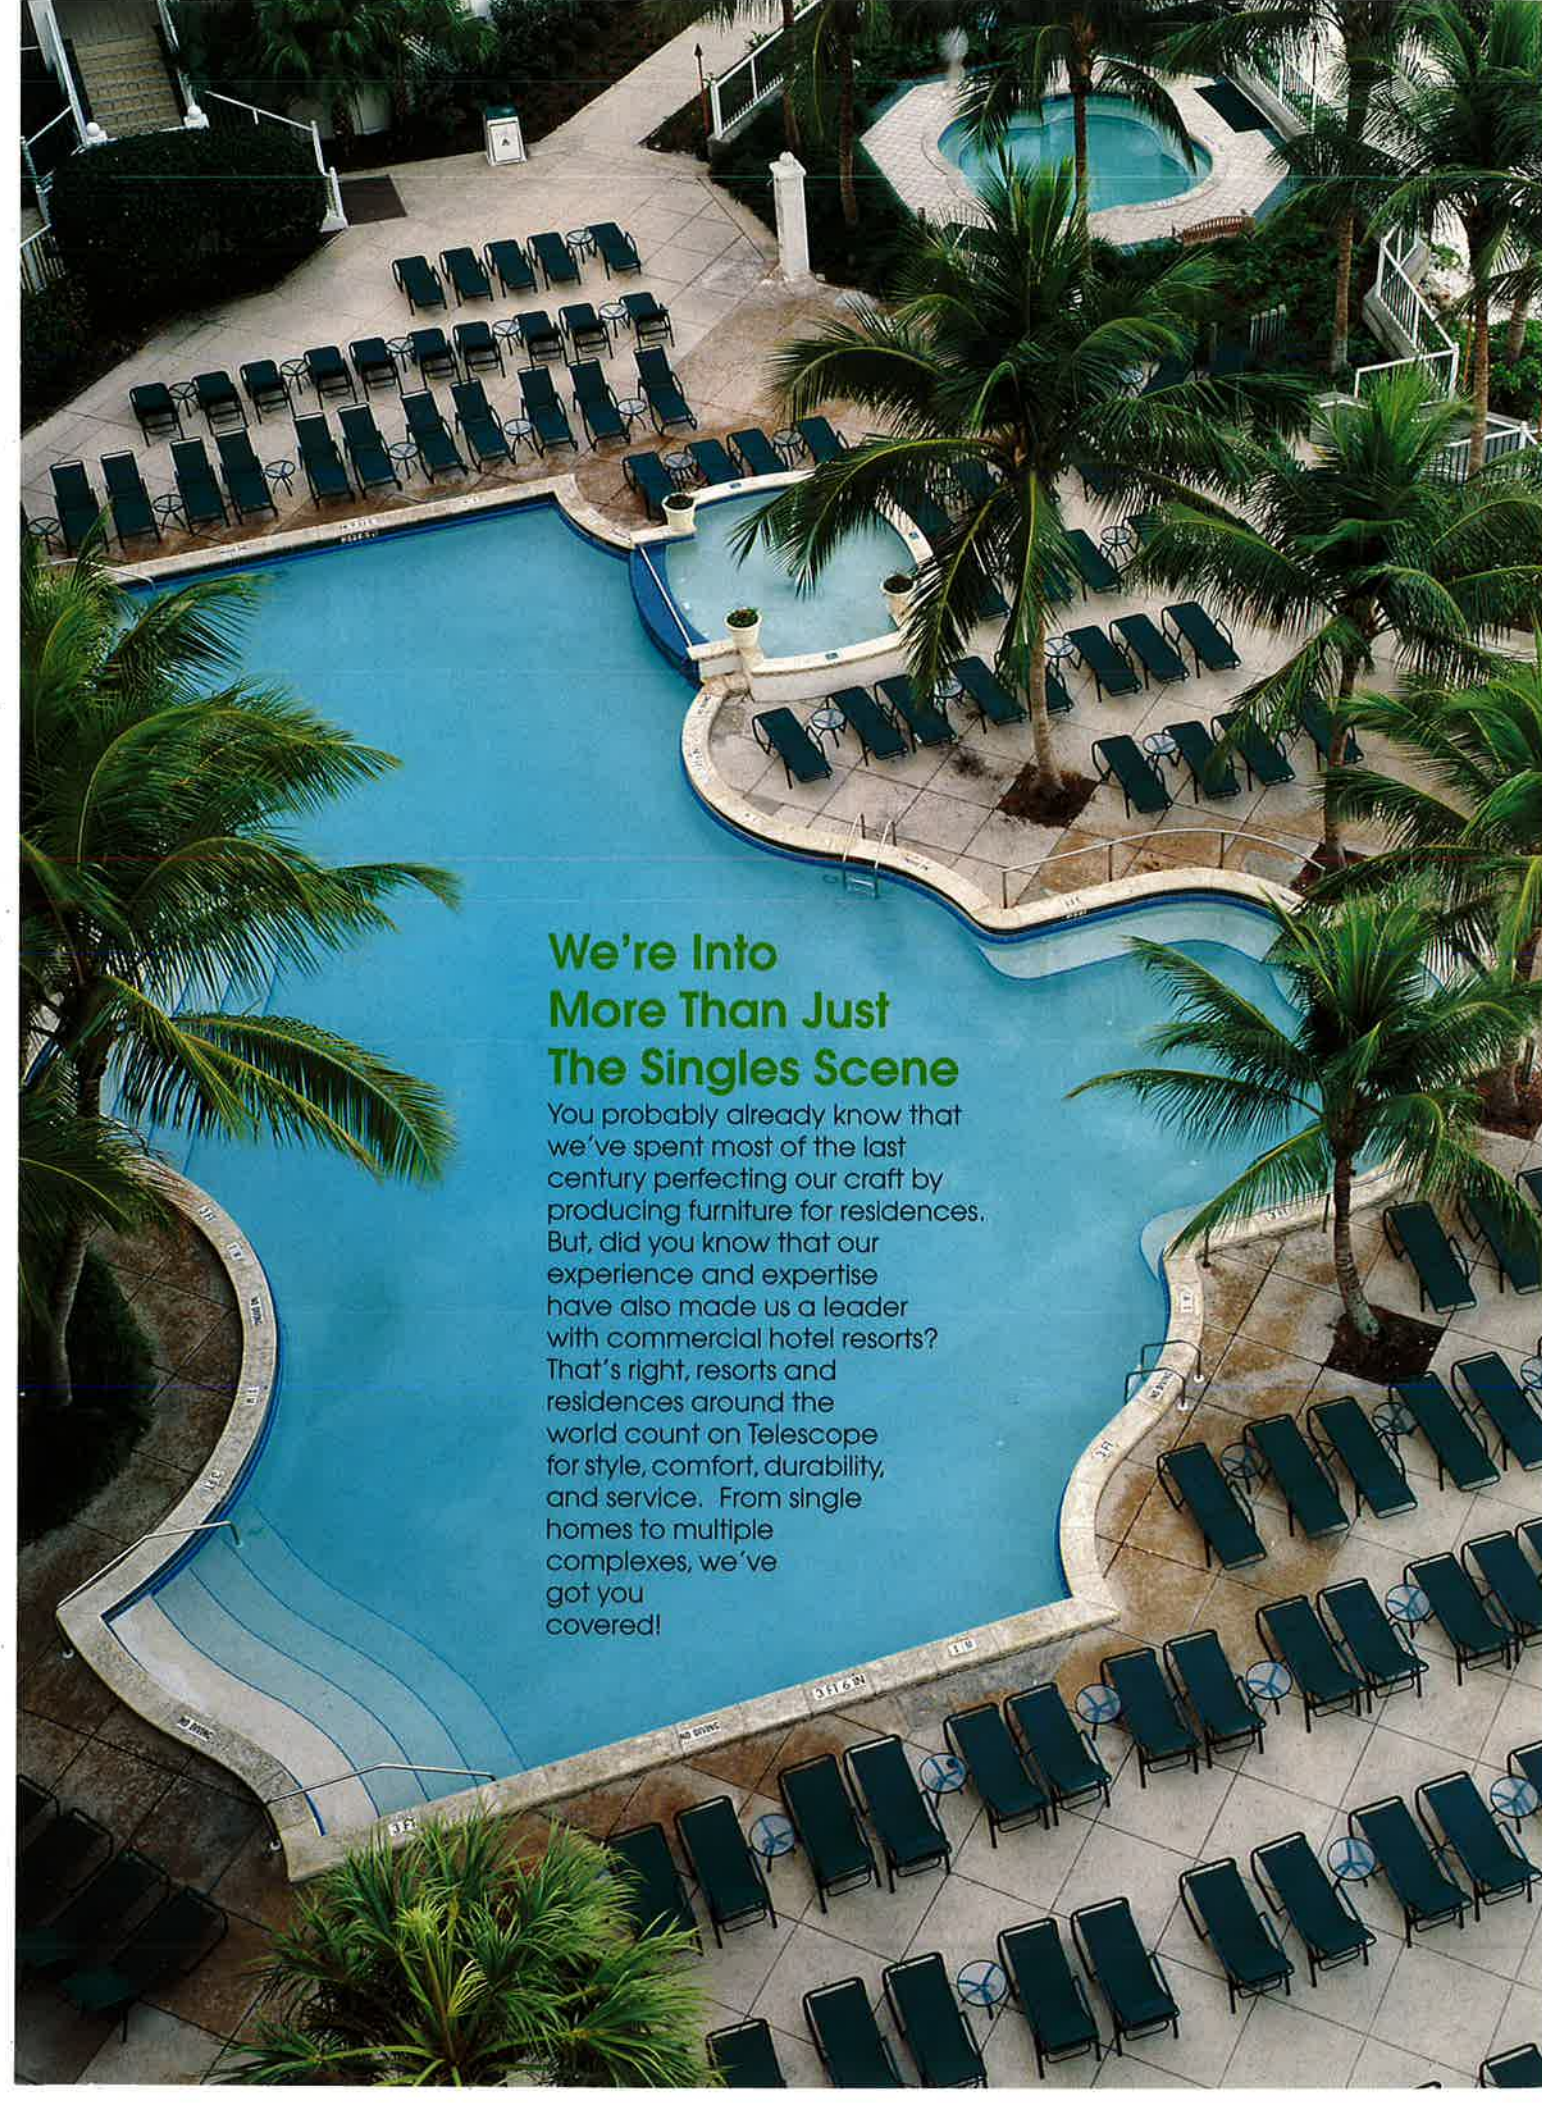

Dealer Backlit Sign

We offer a 2ft. x 3ft. full color two sided backlit Telescope logo sign for your window or wall display. The fluorescent lamps evenly illuminate the image.

Truckload Sale Promotion

We will send one of our custom Telescope trucks to your location for a weekend to sell our product right out of the truck. This is a great promotion for any special event or weekend sale.

An aerial photograph of a large, irregularly shaped swimming pool at a resort. The pool is surrounded by a light-colored stone deck. Numerous dark green lounge chairs are arranged in neat rows on the deck, some with small round tables. Several tall palm trees are scattered around the pool area, adding to the tropical atmosphere. In the background, there's a smaller, circular pool. The overall scene is well-maintained and inviting.

We're Into More Than Just The Singles Scene

You probably already know that we've spent most of the last century perfecting our craft by producing furniture for residences. But, did you know that our experience and expertise have also made us a leader with commercial hotel resorts? That's right, resorts and residences around the world count on Telescope for style, comfort, durability, and service. From single homes to multiple complexes, we've got you covered!
