Our People are the Backbone of Telescope

Meet Larry Jones... Larry is a legend at Telescope and has been with the company for 64 years. That means he has celebrated Telescope's 50, 75 and now 100 year anniversary.

Shaping The Future For The Next 100 Years

In 2003, Telescope celebrated our 100th anniversary, an especially exciting benchmark for our company. We thank and acknowledge all of you, our loyal employees, dealers, representatives, suppliers and consumers, for your contribution.

Based on your needs and market trends, we are making exciting plans for the next 100 years. Telescope's ability to adjust our sails in the face of economic challenges provides us with staying-power and will enable us to retain our position as an industry leader.

When you consider the many different roads Telescope has traveled to arrive at where we are today in the casual furniture industry—you will see that we have often been the pioneers, designing the process along the way and setting industry standards with award-winning products.

Going forward, we plan to introduce more new innovations and products. We are also pushing the envelope on our already high standards, with a focus on ensuring that we are doing our best in all areas of our business. Our goal is to continue adding value

to our products and remain competitive in a growing market.

We are increasing our design, research and development, and engineering efforts to create even more innovative variety for the consumer. We are revamping our manufacturing processes and seeking new supplier opportunities to help us continue to produce the best casual furniture in the nation.

This year, we are working closer than ever with dealers to receive their feedback earlier in the design and manufacturing process. This approach is helping us to make meaningful adjustments to our manufacturing methods and shipping programs. This will help us work towards ensuring that the consumers are getting exactly what they want, even faster than in the past. This genuine commitment applies to our entire extensive line of furniture.

Telescope is privileged to have the strength and success of 100 years behind our offerings. We look forward to shaping the next 100 years with quality, variety, service, and delivery.

Telescope's Mission Statement

Telescope's mission is to consistently supply products that our customers can rely on for quality and value. We are committed to provide our customers with the best service possible, whether they order one unit or a thousand. Through teamwork with our dedicated workforce, we will grow and prosper for another 100 years.

Where We Have Been And Where We Are Going

Hardwood Folding Chair
(from our 1932 Catalog)

Looking Back Over 100 Fabulous Years . . .

The Telescope Cot Bed & Novelty Company was founded in 1903. Telescope draws its name and rich heritage from our original line of cots and camp stools with "telescoping" legs.

Telescope's woodworking operations were located in a wooded rural area of Pennsylvania that came to be known as Telescope, Pennsylvania. The rest of our operation, including assembly and sales, operated out of our New York City facility.

Telescope moved its saw mill and manufacturing operations to Granville, New York, in 1921. Granville offered lush woodland, wide-

The Standard Telescope Cot Bed #100
(from our 1929 Catalog)

open countryside, railroads, and plenty of skilled, hard-working laborers who had gravitated to the area to work in the slate mining industry.

Self Adjusting Sun Chair
(from our 1941 Catalog)

In 1932, Telescope's sales and administration departments moved out of New York City to Granville.

#53 Director Chair
(from our 1956 Catalog)

In 1953, Telescope invented and patented the award-winning Director Chair with replaceable seat covers. A long-time Hollywood favorite, it remains popular today for everyday use.

The Illinois Institute of Technology once named our World Famous Director Chair as number 46 on its list of "100 best designed items of modern times."

Popular Web Collection
(from our 1970 Catalog)

Telescope added aluminum furniture to the product line in 1957.

When Telescope became popular for beach furniture, the company ran under the name Telescope

#691 Wood Rocker
Used by President Kennedy
(from our 1957 Catalog)

Folding Furniture Company. Later, it adopted its current name, Telescope Casual Furniture, Inc.

In the mid-1970's, Telescope took the industry by surprise with its innovative replaceable sling and powder-coated aluminum leisure furniture. Our Slings are now considered the standard in the industry.

Sharing a part of American history over the years, Telescope proudly manufactured products for the U.S. government during both world wars and the Korean conflict. President John F. Kennedy was often photographed in his Telescope Bentwood Slat Rocker. And

Our "Apollo" Award Winner
#7041 Folding Rattan Arm Chair
(from our 1959 Catalog)

in recent years, several first ladies have chosen Telescope Furniture when re-decorating their own homes and Camp David.

Still Growing Strong . . .

The year 2003 began a brand new century for Tele-

scope! We remain committed to the future and to the rich past we have inherited.

The nearly one-million square-foot plant in Granville and our private, environmentally-controlled land preserve in upstate New York and Vermont continue to be owned, managed and operated by the Vanderminden family.

Granvilla Collection
(from our 1976 Catalog)

Plant renovations and concentrated research, development, engineering, and unique manufacturing processes enable Telescope to design and produce products that offer the cus-

Gardenella Collection
(from our 1998 Catalog)

tomer great quality and value, at competitive price points.

With its well-earned reputation as an established leader in the casual furniture industry, Telescope is famous for its style, grace, generous size, rugged build, and ability to stand up to unpredictable elements.

Telescope has stood the test of time. Collections like Gardenella have been

around for nearly 30 years, and Director Chairs are still very popular.

Lisbon Sling Collection
(from our 2001 Catalog)

Our powder-coated frames and replaceable straps and slings are often imitated, but with Telescope's high-quality craftsmanship and customer warranty, you won't find a better value.

Telescope's Collections Include:

- Cast Aluminum Collections
- Cushion Collections
- Sling Collections
- Strap Collections
- Director Chair Collections
- Beach Chairs & Folding Leisure Furniture
- Market & Drape Umbrellas
- Table Collections
- Accessory Items

Tobago Cay Collection
(from our 2003 Catalog)

Shaping the future of outdoor furniture design, we at Telescope are striving to remain an industry leader in quality control, innovations, unsurpassed customer service, education, and employee/dealer support, today and for the next 100 years.

Cádiz Product Selection

Introduced in late 2003 as Telescope's first fully cast aluminum grouping, the Cádiz Collection is rich in character and very popular. The sand cast manufacturing process makes the product durable and enhances the surface to take on a hand-crafted appearance. The chairs are engineered to be very comfortable, used with or without cushions. When not in use, they conveniently stack for easy storage. New for 2004, we have added a 41" X 73" oval cast table, as well as a bar height swivel and 48" cast bar table. In addition, this collection works beautifully with our cast and stone tables shown on pages 94-96 of this catalog. Our Northampton cushions fit these chairs nicely.

Telescope is shipping our in-season orders in three weeks or less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Northampton Product Selection

Update your outdoor garden decor with Telescope's Northampton Collection. Enjoy the handsome look of traditional style bench furniture... featuring cast aluminum components and mortise and tenon style joinery. This collection is constructed entirely of rust free powder-coated aluminum! This aluminum interpretation of the traditional English Garden chair and bench is the ultimate in maintenance-free seating. Optional seat cushions dry quickly and are mildew resistant. Complete your collection with matching round, square or rectangular tables. 15 year residential warranty.

Telescope is shipping our in-season orders in three weeks or less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102. Please note that the NCAN canopy is available only in solid color acrylics.

Tobago Cay Product Selection

Tobago Cay was inspired by images of warm tropical breezes. Although reminiscent of Grandma's deep-seating, high back wicker chair, Tobago Cay's frames are actually powder-coated aluminum, and the easy-care cushions sit comfortably in the furniture. The splendid transitional chair was designed to work either in a delightful seating arrangement with ottoman, two-seat settee, rocker, and accessory tables, or it can be used around a dining table, or conversation table. Perfect for outdoors or in the sun room. 15 year residential warranty.

Telescope is shipping our in-season orders in three weeks on less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Lisbon Sling Product Selection

The Lisbon Sling Collection sets you apart from the rest. This classic collection features traditional-looking solid cast aluminum. Its timeless motif with fanciful swirls and scrolls evolves into a focal point that features an architectural-style finial. The Lisbon Sling Collection is simply stated with a broad and robust design. New for 2004, Telescope is introducing two ultra premium "elastomeric" fabrics. These fabrics feature a technologically advanced elastomeric monofilament that contours to your body for extra comfort and then returns immediately to its original shape. Due to special design considerations with these advanced new fabrics, we are only offering them on our Lisbon and Caneel Bay Sling collections at this time. 15 year residential warranty.

Telescope is shipping our in-season orders in three weeks or less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Esprit Sling Product Selection

Brand new for 2004, this high-spirited original collection has tons of style. Esprit has traditional lines with a modern flair. The contoured arms of the chair appear suspended and have a most unique shape that arches with the flow of the back legs. So attractive, you may consider using it indoors. Cast aluminum and comfortable, breathable slings combine to give this collection just the right touch of added weight and strength. For care-free maintenance, it is finished with our famous powder coating technique.

Riata Sling Product Selection

Making its debut this year is the Riata Sling collection. This elegantly styled collection has narrow curves that swirl into the front legs. We've cast the entire side of the chair providing both seamless style and sturdy construction in an uncompromising design. The clean classic lines of this superior design are destined for success. This collection comes with a 15 year residential warranty.

Telescope is shipping our in-season orders in three weeks or less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Concord Sling Product Selection

Simply sophisticated with gracefully curved accents...Concord Sling is a classic favorite. With its bold look, you won't believe how incredibly durable this powder-coated extruded rust-free aluminum collection is. We use strong, stylish fabrics with added ultraviolet inhibitors and plasticizers for shape and color-fastness. A feature of all of our sling collections is the lumbar support providing extra comfort. Our Swivel Rocker adjusts to create individual comfort settings. 15 year residential warranty.

Telescope is shipping our in-season orders in three weeks or less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Caneel Bay Sling Product Selection

Caneel Bay Ultra High Back's open contour frame design makes it a true work of art for family and friends to admire. This collection features an ultra high back for added comfort. The sled base design is ideal for wood decks. New for 2004, Telescope is introducing two ultra premium "elastomeric" fabrics. These fabrics feature a technologically advanced elastomeric monofilament that contours to your body for extra comfort and then returns immediately to its original shape. Due to special design considerations with these advanced new fabrics, we are only offering them on our Caneel Bay and Lisbon Sling collections at this time. 15 year residential warranty.

Telescope is shipping our in-season orders in three weeks or less, so please pick any suitable frame/fabric combination from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Cape May Sling Product Selection

Introducing the Cape May Sling Collection. This clean, smart-looking collection is comfortable and stylish. The final detail on the solid cast aluminum arm adds a subtle touch of class to the design. Made of a cast combination that uses extruded components, the chairs are stackable adding extra value. The replaceable, weather-resistant sling fabric cleans-up easily, using soap and water. The powder coated finish is extremely durable. The Cape May collection is backed up by our 15 year residential warranty.

Furniture Accessories

Accessories

Action Furniture For Accessory Pieces

Just as you would accessorize your living room, Telescope provides you with an extensive variety of items to accessorize your outdoor room, turning the outside of your house into part of your home. In addition to serving carts, serving bars and plant stands, mixing and matching action pieces from various collections provides you with a wide variety of items to create exactly the environment you desire.

*The two Primera Footstool Recliners, in the foreground, feature fabric #460 Botanical on our Textured Green frame. The coordinating Caneel Bay Chairs and Drape Umbrella in the background feature the same #460 Botanical fabric on our Textured Green frame.
Delray Beach, Florida*

Furniture Accessory Product Selection

With elegantly curved legs, and swirl motif handle, our designer serving cart lends a touch of class to any setting. Its wide tempered-glass top, double ringed shelf, and large easy-wheels, make it a snap to bring drinks, hors d'oeuvres, or a complete meal from your prep center direct to your guests. And, with style to spare. Telescope also offers our new Horseshoe Bar with glass top. The bar can be used with stacking bar stools, Cádiz Cast, Windham Sling, Spectra Sling or Montserrat Strap chairs. Telescope's plant stands are available to further accentuate your furniture selections.

Horseshoe Bar

Our New Horseshoe Bar features a woven vinyl strap privacy screen for storing all the "little extras" you need to make your party a success.

Telescope umbrella tables feature a strong aluminum banded table rim and leg assembly with a durable baked on polyester finish in white, ivory, green, bronze, black, espresso, moss and desert. The knock-down (KD) feature of many of our tables provides efficient storage as well as easy assembly. Plastic glides on all legs help to protect the deck or patio surface. The glass used in our tables is tempered for extra strength. An umbrella hole protective ring and plug are included. Most of our tables are available in all eight frame finishes. Please refer to our Price Index for details.

Market Umbrellas

Telescope's Easy Lever-Lift locks into place automatically when the umbrella is opened. This truly creative mechanism takes the hassle out of opening and closing your market umbrella. This Lever is offered on both our wood and aluminum framed umbrella. Our strong support ribs are designed so the fabric sets off the ribs, to reduce abrasion from the wind. The cover snaps on and off easily. All our market umbrellas come with an easy tilt mechanism. Telescope offers three convenient vented market umbrella sizes in 8ft., 9ft., and 10ft. diameters.

Our Easy Lever-Lift lets you open and close your umbrella with ease.

Our strong support ribs are designed so the fabric sets off from the rib, plus the fabric snaps on and off easily.

10ft. Market Umbrella

9ft. Market Umbrella

8ft. Market Umbrella

The Telescope Market Umbrella is so unique it's patented. The Ash Market Umbrella and Powder-Coated Aluminum Market Umbrella are designed to be the perfect addition to any casual setting. The Powder Coated Umbrella has an extremely durable baked on polyester finish. The Wood Umbrellas are varnished for long lasting protection. Use freestanding or with an Umbrella Table. All Market Umbrellas are offered with vents.

In addition to shipping our in-season orders in three weeks or less, Telescope will attempt to keep the fabrics shown below available for even faster ship times. For special orders, please pick any suitable fabric from pages 104-107 of this catalog. Suggested combinations are listed on page 102.

Features of Telescope's Quality Furniture

Telescope's Historic Commitment to Quality

Since 1903, our family-owned company has built a sound reputation based on our remarkable history, fine products, reliable quality, and exceptional service. As an established leader in casual furniture, we stand behind our products. Our customer service department is known as the best in the industry.

Design Excellence, Innovations and Awards

In the 1950's, we began producing aluminum furniture. In 1953, we invented and patented our world famous director chairs with replaceable seat covers. In the mid-1970's, we were the first to use this same technology in replaceable sling furniture. Over the years we've won many design and service awards, including recent Design Excellence awards from the International Casual Furniture & Accessory Market.

Frame Finishes and Colors

All of our powdercoated aluminum collections feature the most durable finish on the market. This finish resists scratching, blistering, chipping and peeling, and is five times thicker than liquid spray paint. Powder-coating is created by spraying dry polyester powder onto raw aluminum frames from guns that produce a negative charge, electrostatically attracting the colored powder to the frames. A baking process permanently sets the finish on the frame. Our Black, Green, Ivory, Desert, Espresso, Moss and Bronze finishes are offered in popular textures, while traditionally, our White remains a brilliant, glossy, pure white.

Aluminum Extrusions

At Telescope, we design and specify our own aluminum extrusions, precisely matching the application characteristics of aesthetics, strength, stiffness, bendability and cost.

Welded Parts

For added strength and beauty, Telescope products are welded together using either the MIG (Metal Inert Gas) or TIG (Tungsten Inert Gas) process, depending on the particular application. Both processes have their own distinct advantages.

Swivel Rocker Mechanism

Our swivel rocker mechanism is made from durable aluminum alloys that provide a smooth and comfortable motion. Our adjustable feature allows customers to tailor the spring tension to perfectly match their maximum comfort level.

Plastic End Caps and Spacers

Our plastic end caps and spacers are molded to match the color and shape of our frames. UV (Ultraviolet) stabilizers are added in the molding process to help protect these parts from the damaging effects of the sun.

Wood Products

Telescope's own skilled craftspeople produce wooden products in our nearly one-million square-foot plant. The fine maple, beech, yellow birch, and ash woods used in our products are carefully selected from our own private land preserve in upstate New York and Vermont.

Tables

Our wide variety of tables include large and small, rectangular, round, and oval styles. Powder-coated aluminum tables feature extra-strength tempered glass or solid acrylic materials. We also offer several solid top tables, including powder-coated solid cast aluminum tops to coordinate with our Cádiz collection, beautiful faux-stone tops and Werzalit tops in a variety of color ways. Plastic glides on all table legs help protect deck or patio surfaces. Packaged for easy assembly and efficient storage, many of our tables are designed to pull apart easily into three pieces (no nuts, bolts, or screws are used) and others are easily assembled using a few screws. We have made many improvements to our Designer tables making them easier to assemble and substantially more rigid after assembly.

Cushions

Our comfortable, generously-sized outdoor cushions are made of vinyl, polyester, olefin and acrylic fabrics. The stuffing is made of 100% polyester fibers that are welded by heat and pressure to maintain their loft. Water drains right through these fibers; rain is never a problem. Our easy-maintenance cushions dry quickly, resist mildew, and keep their shape longer than other cushion products on the market.

The various cushion styles either wrap over the back of the chair to give the feeling of an upholstered headrest, easily attach with fabric tabs, or fit snugly into the furniture frame. Customers can mix and match some of our cushion furniture with sling and strap options made from the same frame design.

Strap Styles

The 100% virgin PVC straps are extruded at our factory, ensuring consistent color and durability. We use only heavy-duty vinyl straps containing UV and mildew inhibitors for reliable strength, resilience, and elasticity. Our traditional style straps are secured to the frame with pins to eliminate any concerns of strap pull-out. For a smooth, unpinned

look, our newer strap design is created by heat-welding straps that securely slip into a covered aluminum extrusion. Both of these strap styles can be easily replaced for a change of color.

Sling Styles

Sling furniture is our signature product. We use extra-heavy construction in our slings to ensure that they will last. Our slings are available in heavy, high thread-count woven vinyl-coated polyester fabric, strong olefins, acrylics, or polyester/acrylic blends. UV inhibitors and plasticizers have been

added for shape and colorfastness. During manufacturing, the fabric is cut to size, heat sealed or sewn, fitted with a dowel, and inserted into the seat rail, where it is firmly bolted into place. Sling furniture is attractive, comfortable, easy to clean, and dries quickly after inclement weather. For a change of style, our sling fabrics are replaceable.

Umbrellas

We've spent years perfecting our distinctive Market and Drape umbrellas. Our innovative Easy Lever-Lift Market umbrella locks into place automatically when the umbrella is opened. We've designed a handy tilt function that easily locks the umbrella angle in the desired position. Available with separate bases, our umbrellas coordinate beautifully with all Telescope collections. Freestanding or as a table umbrella, there's a size and style just right for every customer. Powder-coated aluminum Market umbrella frames are available in colors to match our furniture collections. The Market umbrella frame is also available in ash wood. A variety of fabrics are available to coordinate umbrellas to seating arrangements. For easy cleaning, all Telescope Market umbrella covers are easily removable using heavy duty brass snaps.

World Famous Director Chairs

Fabric features #20C Natural on Varnish frame.

World Famous Product Selection

Telescope's World Famous Director Chair is soundly constructed using the finest solid North American hardwood. Made in the U.S.A., this is the finest chair in the industry. Canvas covers are custom dyed with the finest vat dyes available. Arms are shaped and sanded by hand for maximum comfort and smoothness. The heavy duty shaped legs of the World Famous Chair set it apart from the crowd. Corner bracing on the counter and bar height designs insure long term rigidity of these frames. Chairs fold compactly, arm assembly folds down flat, packs easily. Available in three seat heights and four frame finishes.

Top 10 Reasons for Choosing Telescope Director Chairs

Quality standards are maintained and improved by independent lab testing and Telescope's own testing facilities.

All back covers have a non-sag feature. One size seat and back fits all Director Chairs.

All frames are select, kiln-dried solid hardwoods. They are shaped and hand sanded.

The seating material slips into a specially designed groove. No tools are needed.

All wood parts are precision-milled, pressed together and nailed for maximum rigidity.

The tapered, shaped legs are nailed securely into a beveled seat block with mortise and tenon style joinery.

Extra Heavy-duty, corrosion-resistant, zinc-plated steel braces are 50% stronger than previous braces.

The arm and chair framing folds down compactly and packs easily into a box.

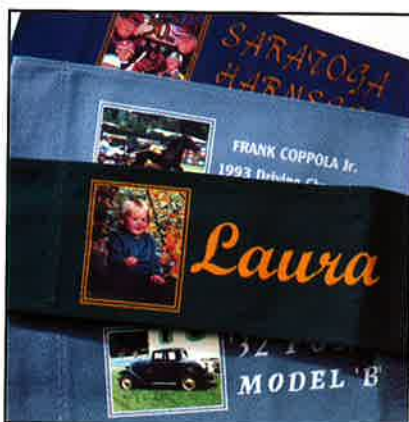

Extra-strong leg braces are nailed securely into the legs.

Self-leveling plastic glides on the legs help to prevent marring of floors. Screws make these glides easily replaceable.

The Original World Famous Director Chair

No other director chair offers you so much. Eye catching design, personal comfort, quality construction and economical pricing. Don't be fooled by imitations. Demand the original director chair by Telescope...Telescope invented the slip-in seat and back design in 1953. Patented for many years, our World Famous chair eventually became the industry standard. Perfect for Trade Shows, Exhibits, Hospitality Suites, Showrooms, Office Interiors and so much more. Ideal for Prizes, Incentives and Awards. An outstanding selection of fabrics, finishes and seat heights to choose from. We offer two styles of Director Chairs...The World Famous, and The Celebrity.

Custom Chair Covers

HEAT TRANSFER COVERS

Celebrate any special event in style with a one-of-a-kind personalized director chair. Perfect for Incentives, promotions, graduations, birthdays, or any occasion you can dream of! No expensive set up charge or minimum quantities for this fully computerized full color production system.

SILK SCREEN COVERS

Silkscreen covers expand your design options. Picture your logo emblazoned across the back of a chair that is synonymous with quality! Use one, two, three or more colors for your eye catching artwork. Create the image you want, and we can bring it to reality on a Telescope Director Chair. Silk screen printing can be done on canvas only.

Telescope's Advertising & Marketing

Marketing Tools

Telescope has a complete line of visual aids, display material and brochures to help our dealers. We feel that this support material will be helpful as sales tools to enhance the merchandise in your showroom.

We are a member and sponsor of the Home Furnishings Council, National Association of Casual Furniture Retailers, Summer & Casual Furniture Manufacturers Association and Hearth, Patio & Barbeque Association.

Internet Web site

Telescope is featured on the World Wide Web with our own Web site. We offer our full product line plus dealer locations for the consumer.

Our domain name is...

www.telescopecasual.com

Plus we have two other special web sites with...

www.telescopebeachchairs.com

www.directorchairs.com

High Resolution Color Photos

Telescope offers three ways to retrieve full color quality photos from this catalog.

1. Our Digital Library is located on our main Web site. This is ideal for downloading high or low resolution photos directly to your computer. The username is *telescope* and the password is *advertising*.

2. A set of High Resolution CD Disks are available in PC or MAC format.

3. We offer a full supply of 4x5 color transparencies.

TeleCompute 2004

Telescope offers an extensive Windows-based computer program to help dealers price their line. Dealers can customize in-

dividual or overall prices to achieve the margins they desire. Custom Price Lists can then be printed.

Television Commercials

We have created a fully produced commercial package offering a creative :30 second television spot with a :05 second dealer logo and address tag at the end.

We have also produced a second option...a commercial donut...so you can create your own spot with raw footage of several of our top collections in attractive home settings.

These spots are shot on film and produced on broadcast Beta tape at no charge to you.

Brochures & Handout Material

We have expanded our consumer catalog. The consumer brochure is designed as a mini-catalog. We have also expanded our Contract Catalog and Price Index.

Each dealer can receive 100 consumer catalogs plus 25 contract catalogs with Price Index at no charge.

Visual Aids and Point of Purchase Material

Telescope has a full supply of visual aid material to assist you with all of your marketing and printing needs. We offer an advertising catalog of camera ready line drawings for newspaper advertisements. You can also download our line drawings from the digital library on Telescope's main Web site. We offer a 20 minute product knowledge tape.

Telescope will offer a variety of point of purchase displays and easel displays to use in your

showroom, plus a quality 3ft. x 5ft. banner to display outside or inside your location.

We will offer a set of 2ft. x 3ft. full color wall posters to display, plus a series of hang tags and sale signs to be displayed with our product. All this is at no charge to our valued dealers.

Merchandise Display Racks

Telescope offers 2 types of Director Chair Seat & Back holders. One is the freestanding #9900 Swivel Display Rack that holds up to 144 covers. The other is the #9950 Wall Display Rack that holds 72 covers. Telescope also offers the #9940, an attractive Director Chair Display that also holds covers.

Truckload Sale Promotion

We will send one of our custom Telescope trucks to your location for a weekend to sell our product right out of the truck. This is a great promotion for any special event or weekend sale.

Dealer Backlit Sign

We offer a 2ft. x 3ft. full color two sided backlit Telescope logo sign for your window or wall display. The florescent lamps evenly illuminate the image.

Balloon Promotion

We offer you the use of our Telescope 18ft. high forced air balloon for any special promotion you have. This is an electric forced air balloon that is easy to put up.

Swatch & Frame Samples

We offer you a large swatch-book featuring our extensive fabric selections, plus a set of frame finish swatches featuring our 8 popular frame colors.

Warranty & Service

Warranty

If your Telescope powder-coated frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

Not included in our "powder-coat" warranty are table tops, umbrellas, terrace shells and market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our steel market bases, if not properly maintained, will rust if the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture that, in our opinion, was caused by acts of God, or by unreasonable or

abusive use, and is void if our care and maintenance instructions were not properly followed.

Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price index, in which case it is warranted for one year from the date of purchase. Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact our Customer Service Department in writing, stating the problem and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc., after September 1, 1986. This warranty is in lieu of any other warranty, expressed or implied by law.

Customer Service

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department. To place or check on orders, inquire about shipping date or to have your Telescope Sales Representative visit you, please contact Telescope Customer Service Department. For advertising needs, black and white glossies, line drawings and other promotional materials, please contact the Telescope Advertising Department. For premium and incentive information please contact the Telescope Premium Sales Department.

Patent Protection

Telescope products are protected by the following patents:
