A Century-Long Journey to Excellence

Aerial view of Telescope's plant in Granville, New York

Even after more than 100 years in the industry, Telescope Casual promises one thing will always remain the same. "Change," states the outdoor living manufacturer's CEO, Kathy Juckett. "Not simply for the sake of change, but for excellence and to grow our business," she explains.

This enthusiastically embraced idea recently led the Granville, N.Y.-based company to a pinnacle of the industry - recognition through the Casual Furniture Retailers Association Manufacturer Leadership Award.

While the honor represents a culmination of sorts, Juckett emphasizes the company will never stop striving for new summits. "It's always 'What's next?' for us" she says. Juckett is clearly proud of what the Telescope Casual team has been able to accomplish. "We have a fantastic organization," she remarks. "Each time we've challenged our team to reach for something, they've delivered."

Besides the CFR, the *Design Journal* also recently saluted the firm by bestowing its ADEX award. Retailers, too, have been quick to extend high praise. "Telescope has become a shining star in the industry," states Petey Fleischut, co-owner and operator of Delaware-based Casual Marketplace. "Some of the most amazing visions for the new products have come from Telescope Casual."

In an industry where design differentiation is crucial for success, Telescope has become known for its ability to stand out in a crowded, competitive marketplace. "Telescope Casual's Northampton Collection is a perfect example of this," says Craig Chapello, formerly Chief Retail Officer of Illinois-based Fireplace & Patio. "It looks like traditional wood bench furniture, but is made from aluminum for greater durability and ease of maintenance."

"They probably exceed most retailers' expectations," believes Jeff Bender, formerly Vice President of Florida-based Suniland Patio. The century-old manufacturer achieves this not only by consistently turning out unique products, but also by maintaining an unwavering stance with respect to quality. Telescope Casual's Juckett explains: "There's always a temptation in this business to sacrifice quality in order to achieve a better price point. We've consciously decided against that."

Telescope's focus on quality permeates every aspect of how the firm does business. "It may sound cliché, but our goal is to have the very best customer service in the industry," CEO Juckett says.

Fabric features #346 Zinnia accented with

Boca Raton, Florida

Key Biscayne Deep Seat Wicker Collection

You're sure to be amazed by the craftsmanship of our new wicker collection. The premium all weather resin wicker material is meticulously woven over the sturdy aluminum frames of this handsome collection. It has a special three-year wicker fiber warranty (see price index for details) and is available in four colors, including Rustic White. The comfortable thick seating cushion is fully weatherproof and available in an array of coordinating fabric choices.

Wicker Selections

For Key Biscayne, Romanesque and Savona Wicker Collections

These collections feature a high quality all-weather resin wicker material made by VIRO. This quality material is backed by a solid 3 year warranty (see our Price Index for details). With four exciting colorways, you can create a rich tone-on-tone look or go for a variety of contrasting frame, fabric and wicker combinations. Key Biscayne features a herring-bone weave, while the Romanesque and Savona Wicker Collections feature the weave shown below.

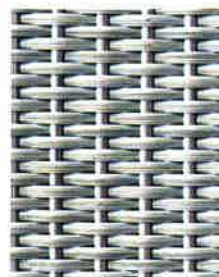

W60 Desert Wicker

W90 Canyon Wicker

W70 Espresso Wicker

W50 Rustic White Wicker

Style numbers shown above indicate the frame style shown. See pages 2-3 of our Price Index for the full range of available Wicker colors, prices and specifications. Wicker features #W90 Canyon Wicker. Fabric features #246 Blossom.

*Wicker features #W70 Espresso Wicker
on Textured Espresso frame
Charleston, South Carolina*

Romanesque Wicker Collection

Appropriately, the name of this new collection says it all! The aluminum powder coated finial details in the legs are styled like a Roman column. Choose a coordinating or contrasting frame color to enhance the natural-looking seating material. A premium, all weather resin wicker fiber material is hand woven over the seat frames to create this comfortable, snag-free wicker collection. Your purchase is covered by a special three-year wicker fiber warranty (see price index for details) and is available in four colors, including Rustic White. Available wicker colors shown on page 7. 15 year residential warranty.

Bella Lucca Cast Collection... Solid Cast Aluminum

The distinct style of this beautiful collection provides discerning customers with an upscale outdoor cast furniture option. Bella Lucca is manufactured using a special sand-cast process to create a handcrafted appearance. Designed to be the most comfortable cast seating in the market, the chair can be used with or without our stylish Seat Pads. The counter height swivel works as a stylish balcony chair or as the perfect complement to a barbeque island. 15 year residential warranty.

A photograph of an outdoor dining set in a tropical setting. The set, featuring a textured pewter finish, includes a round table and four chairs with lattice backs and seats. The table is set with four place settings, each with a white bowl, a glass of red juice, and a small purple floral centerpiece. The set is positioned on a light-colored stone patio next to a swimming pool. In the background, there are palm trees, a black grill, and a flower bed with red and white blooms. The scene is brightly lit, casting shadows on the patio.

*Frame features Textured Pewter finish.
Boca Raton, Florida*

Cádiz Cast Collection... Solid Cast Aluminum

Introduced in late 2003 as Telescope's first fully cast aluminum grouping, the Cádiz Collection is rich in character and very popular. The sand cast manufacturing process makes the product durable and enhances the surface to take on a hand-crafted appearance. The chairs are engineered to be very comfortable, used with or without our Seat Pads. When not in use, the chairs conveniently stack for easy storage. The Settee can be used as a bench to create an intimate setting under a favorite tree or in a cozy corner on the patio. 15 year residential warranty.

Alfresco Cast Collection... Solid Cast Aluminum

The Alfresco Bistro Arm Chair is pure high style. Ornate design detailing is evident on every inch of this lovely sand cast aluminum chair – from the organic floral back pattern to the subtle woven seating pattern, to the graceful arms and decorative feet. These arm chairs are stackable and have plastic bumpers that provide added protection during stacking. The chair can be used with or without our optional ACRS seat pad. There is a 15-year residential warranty on this chair.

Lisbon Sling Collection... Cast/Tubular Aluminum

The Lisbon Sling Collection sets you apart from the rest. This classic collection features traditional-looking solid cast aluminum. Its timeless motif with fanciful swirls and scrolls evolves into a focal point that features an architectural-style finial. The Lisbon Sling Collection is simply stated with a broad and robust design. Telescope offers five super-comfortable "elastomeric" fabrics. These fabrics feature a technologically advanced elastomeric monofilament that contours to your body for extra comfort and then returns immediately to its original shape. Due to special design considerations with these advanced fabrics, we are only offering them on our Romanesque, Lisbon and Savona Sling Collections at this time. 15 year residential warranty.

A photograph of an outdoor furniture set on a brick patio. In the background, a lounge chair with a red fabric and a white frame is positioned next to a small white side table holding two yellow mugs. In the foreground, a round white table is set for a meal with plates, glasses, and a bowl of food. A chair with a purple fabric and white frame is in the foreground, and another chair with a red fabric and white frame is behind the table. The patio is made of reddish-brown bricks, and there are some plants and flowers in the background.

Gardenella Strap Chaise

5 year contract warranty on frame.

2" wide extruded vinyl straps made of 100% virgin vinyl and UV stabilizers for colorfastness.

Strap locks securely in specially designed channel. Individual straps can be replaced if necessary.

Our chaise is resistant to tipping... even if you sit on the headrest.

15" bed height vs. the competition's 13" height makes it easier to get in and out of chaise.

Unlimited stacking for easy storage.

High strength 1 1/4" aluminum tubing for added strength.

Brass or aluminum hardware resists corrosion.

The back is the same width as the seat, enhancing comfort and appearance.

Our four position chaise back adjusts from 60° upright to truly flat for use as a sun bed.

No dangerous pinch points.

Durable aluminum ratchets rest on plastic guards to protect finish.

Catch bar insures that headrest will not fold forward.

Dual frame construction for added strength.

Durable replaceable plastic skid plates protect both chaise and decking surface.

Sun Bed Flat Chaise offers generous length of 75"

Windham Contract Strap Chaise

Choose your own eye catching color combination.

Straps are fade-resistant and stand up to the elements.

Resilient strapping won't permanently sag after long use.

Replaceable straps are securely pinned for extra durability.

Available in 9 finishes and a variety of strap colors shown on page 57.

77" long when laid flat.

Telescope's straps are simple to clean.

15" seating height for easy in and out.

Extra-durable aluminum frames are an excellent companion to straps.

Straps are closely positioned to avoid uncomfortable gaps.

High density polyethylene and nylon skid glides prevent marring of decks.

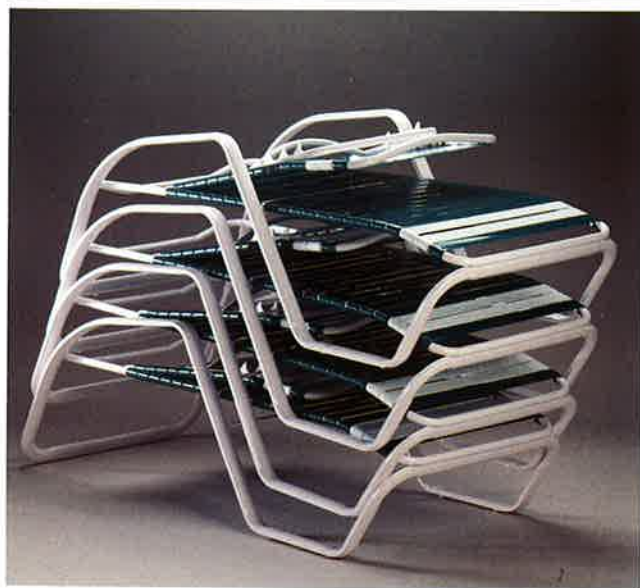

Stackable for easy storage.

Custom Strap Selection

These Custom Strap colors are available on our Windham Contract Strap and Gardenella Strap Collections. Please note, you can not mix embossed and non-embossed (smooth) straps on the same frame. Straps listed below are smooth unless otherwise noted.

For extra windy locations we now offer a Weighted Add-On Bar for Sling Collections. There is one bar that fits chairs, one to fit Cafe Chairs and Bar Stools, and one to fit Chaises.

Style numbers shown above indicate the Textured Aspen Green and Textured Aged Bronze frame finishes featured. See page 50 and page 60 of our Price Index for the full range of frame finishes, prices and specifications.

Dining Table Collection

Telescope umbrella tables feature a strong aluminum banded table rim and leg assembly with a durable baked on polyester finish in white, ivory, aspen green, aged bronze, black, espresso, pewter, canyon and desert. The knock-down (KD) feature of many of our tables provides efficient storage as well as easy assembly. Plastic glides on all legs help to protect the deck or patio surface. The glass used in our tables is tempered for extra strength. An umbrella hole protective ring and plug are included. Most of our tables are available in all nine frame finishes. Please refer to our Price Index for details.

All tables are packaged & shipped for easy storage & assembly

Many of our tables are designed to slip apart for efficient storage and easy assembly.

Features of Telescope's Quality Furniture

Telescope's Historic Commitment to Quality

Since 1903, our family-owned company has built a sound reputation based on our remarkable history, fine products, reliable quality, and exceptional service. As an established leader in casual furniture, we stand behind our products. Our customer service department is known as the best in the industry.

Design Excellence, Innovations and Awards

In the 1950's, we began producing aluminum furniture. In 1953, we invented and patented our world famous director chairs with replaceable seat covers. In the mid-1970's, we were the first to use this same technology in replaceable sling furniture. The Casual Furniture Retailers Association (CFR) presented Telescope with the *Manufacturer Leadership Award* at the January 2005 All-Industry Form in Atlanta, Georgia. The stringent criterion for this major award includes excellence in design, product quality, merchandising, customer service, ethics, communication and trade relations.

Frame Finishes and Colors

All of our powder coated aluminum collections feature the most durable finish on the market. This finish resists scratching, blistering, chipping and peeling, and is five times thicker than liquid spray paint. Powder coating is created by spraying dry polyester powder onto raw aluminum frames from guns that produce a negative charge, electrostatically attracting the colored powder to the frames. A baking process permanently sets the finish on the frame. Our Black, Aspen Green, Ivory, Desert, Espresso, Pewter, Canyon and Aged Bronze finishes are offered in popular textures, while traditionally, our White remains a brilliant, glossy, pure white.

Aluminum Extrusions

At Telescope, we design and specify our own aluminum extrusions, precisely matching the application characteristics of aesthetics, strength, stiffness, bendability and cost.

Welded Parts

For added strength and beauty, Telescope products are welded together using either the MIG (Metal Inert Gas) or TIG (Tungsten Inert Gas) process, depending on the particular application. Both processes have their own distinct advantages.

Plastic End Caps and Spacers

Our plastic end caps and spacers are molded to match the color and shape of our frames. UV (Ultraviolet) stabilizers are added in the molding process to help protect these parts from the damaging effects of the sun.

Tables

Our wide variety of tables include large and small, rectangular, round, and oval styles. Powder coated aluminum tables feature extra-strength tempered glass or solid acrylic materials. We also offer several solid top tables, including powder coated solid cast aluminum tops to coordinate with our cast collections, beautiful Laminate tops and Werzalit tops in a variety of color ways. Plastic glides on all table legs help protect deck or patio surfaces. Packaged for easy assembly and efficient storage, many of our tables are designed to pull apart easily into three pieces (no nuts, bolts, or screws are used) and others are easily assembled using a few screws.

Cushions

Our comfortable, generously-sized outdoor cushions are made of vinyl, polyester, olefin and acrylic fabrics. The stuffing is made of either 100% polyester fibers that are welded by heat and pressure to maintain their loft or a combination of polyester fibers and reticulated "rain-through" foam. Water drains right through these cushions; rain is never a problem. Our easy-maintenance cushions dry quickly, resist mildew, and keep their shape longer than other cushion products on the market. The various cushion styles either wrap over the back of the chair to give the feeling of an upholstered headrest, easily attach with fabric tabs, or fit snugly into the furniture frame. Customers can mix and match some of our cushion furniture with sling options made from the same frame design.

Strap Styles

The 100% virgin PVC straps are extruded at our factory, ensuring consistent color and durability. We use only heavy-duty vinyl straps containing UV and mildew inhibitors for reliable strength, resilience, and elasticity. Our traditional style straps are secured to the frame with pins to eliminate any concerns of strap pull-out. For a smooth, unpinned look, our newer strap design is created by heat-welding straps that securely slip into a covered aluminum extrusion. Both of these strap styles can be easily replaced for a change of color.

Sling Styles

Sling furniture is our signature product. We use extra-heavy construction in our slings to ensure that they will last. Our slings are available in heavy, high thread-count woven vinyl-coated polyester fabric, as well as a variety of blended fabrics. UV inhibitors and plasticizers have been added for shape and colorfastness. During manufacturing, the fabric is cut to size, heat sealed or sewn, fitted with a dowel, and inserted into the seat rail, where it is firmly bolted into place. Sling furniture is attractive, comfortable, easy to clean, and dries quickly after inclement weather. For a change of style, our sling fabrics are replaceable.

Umbrellas

We've spent years perfecting our distinctive Market and Drape umbrellas. Our innovative Easy Lever-Lift Market umbrella locks into place automatically when the umbrella is opened. We've designed a handy tilt function that easily locks the umbrella angle in the desired position. Available with separate bases, our umbrellas coordinate beautifully with all Telescope collections. Freestanding or as a table umbrella, there's a size and style just right for every customer. Powder coated aluminum Market umbrella frames are available in colors to match our furniture collections. The Market umbrella frame is also available in ash wood. A variety of fabrics are available to coordinate umbrellas to seating arrangements. For easy cleaning, all Telescope Market umbrella covers are easily removable using heavy duty brass snaps.

Wood Products

Telescope's own skilled craftspeople produce wooden products in our nearly one-million square-foot plant. The fine maple, beech, yellow birch, and ash woods used in our products are carefully selected from our own private land preserve in upstate New York and Vermont.

A photograph of a wooden pier at sunset. In the foreground, a wooden director's chair with a red seat is positioned on a stone-tiled deck. To the left of the chair, a small black table holds two glasses and a bottle. A wooden railing with decorative balusters runs along the edge of the pier. The background shows the ocean under a vibrant orange and purple sky. The pier is part of a larger wooden structure with a roof, and a spiral binding is visible on the right edge of the page.

World Famous & Celebrity Director Chairs

World Famous Product Selection

Telescope's World Famous Director Chair is soundly constructed using the finest solid North American hardwood. Made in the U.S.A., this is the finest chair in the industry. Canvas covers are custom dyed with the finest vat dyes available. Arms are shaped and sanded by hand for maximum comfort and smoothness. The heavy duty shaped legs of the World Famous Chair set it apart from the crowd. Corner bracing on the counter and bar height designs insure long term rigidity of these frames. Chairs fold compactly, arm assembly folds down flat, packs easily. Available in three seat heights and four frame finishes.

60	1510	1560	Varnish Frame

Also available in white, black paint and walnut stain

See pages 46-47 in our Price Index for style numbers, pricing and specifications.

Celebrity Product Selection

The Celebrity Director Chair offers the same quality features as the World Famous Director Chair. It is available in dining height and bar height. The Celebrity is offered in all four frame finishes. Finished round cross leg braces are nailed securely. The strong straight legs give this chair a clean cut appearance. It is the choice for many promotional programs.

Top 10 Reasons for Choosing Telescope Director Chairs

Quality standards are maintained and improved by independent lab testing and Telescope's own testing facilities.

All back covers have a non-sag feature. One size seat and back fits all Director Chairs.

All frames are select, kiln-dried solid hardwoods. They are shaped and hand sanded.

The seating material slips into a specially designed groove. No tools are needed.

All wood parts are precision-milled, pressed together and nailed for maximum rigidity.

The tapered, shaped legs are nailed securely into a beveled seat block with mortise and tenon style joinery.

Extra Heavy-duty, corrosion-resistant, zinc-plated steel braces are 50% stronger than previous braces.

The arm and chair framing folds down compactly and packs easily into a box.

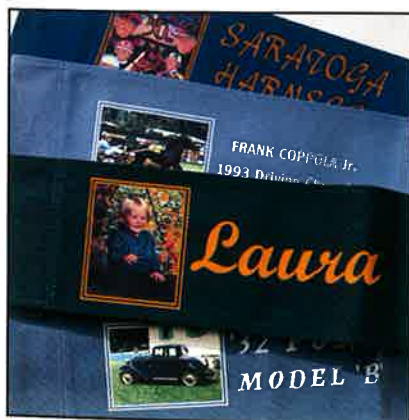

Extra-strong leg braces are nailed securely into the legs.

Self-leveling plastic glides on the legs help to prevent marring of floors. Screws make these glides easily replaceable.

The Original World Famous Director Chair

No other director chair offers you so much. Eye catching design, personal comfort, quality construction and economical pricing. Don't be fooled by imitations. Demand the original director chair by Telescope...Telescope invented the slip-in seat and back design in 1953. Patented for many years, our World Famous chair eventually became the industry standard. Perfect for Trade Shows, Exhibits, Hospitality Suites, Showrooms, Office Interiors and so much more. Ideal for Prizes, Incentives and Awards. An outstanding selection of fabrics, finishes and seat heights to choose from. We offer two styles of Director Chairs...The World Famous and The Celebrity.

Custom Chair Covers

HEAT TRANSFER COVERS

Celebrate any special event in style with a one-of-a-kind personalized director chair. Perfect for incentives, promotions, graduations, birthdays, or any occasion you can dream of! No expensive set up charge or minimum quantities for this fully computerized full color production system.

SILK SCREEN COVERS

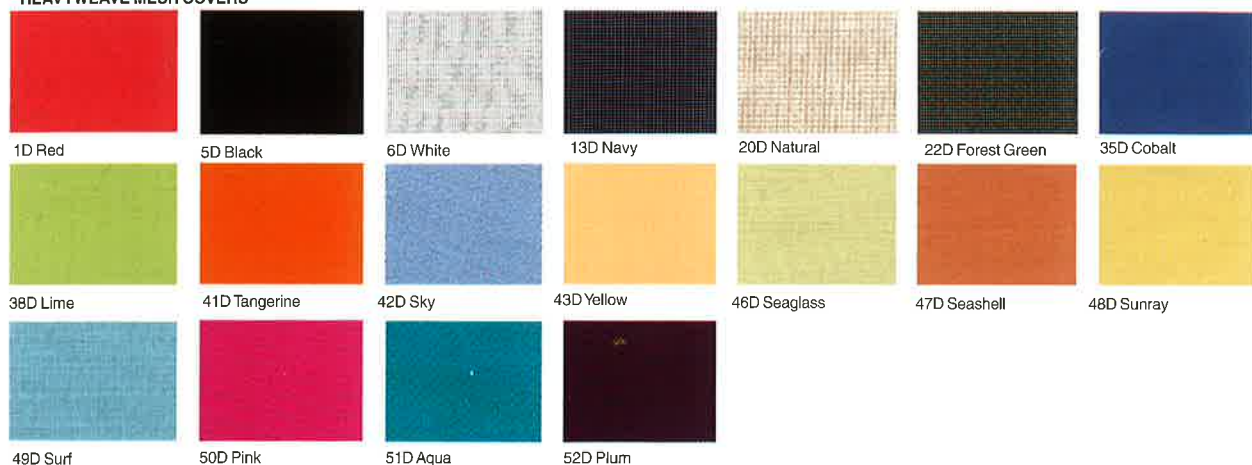

Silkscreen covers expand your design options. Picture your logo emblazoned across the back of a chair that is synonymous with quality! Use one, two, three or more colors for your eye catching artwork. Create the image you want, and we can bring it to reality on a Telescope Director Chair. Silk screen printing can be done on canvas only.

Warranty & Service

Limited Warranty

If your Telescope powder coat frame falls structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

Not included in our "powder coat" warranty are table tops, umbrellas, terrace shells and market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our steel market bases, if not properly maintained, will rust. If the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

Our non-glass table tops are warranted for three years from date of purchase against manufacturing defects. Fading or staining of the table surface is not included under warranty. Tables must not be stored upside down.

The wicker fibers featured in our Wicker Collections are warranted by the fiber manufacturer for 3 years from the date of purchase. Please refer to our Price Index or contact our Customer Service Department for details on this wicker fiber warranty.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture that, in our opinion, was caused by acts of God, accident, neglect, improper shipping or handling, or by unreasonable or abusive use,

and is void if our care and maintenance instructions were not properly followed. Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price index, in which case it is warranted for either one year or five years from the date of purchase. Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact our Customer Service Department in writing at Telescope Casual Furniture, Inc., 82 Church Street, Granville, NY 12832, stating the problem and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc., after September 1, 1986 and is limited to 15 years from the date of purchase. This warranty is in lieu of any other warranty, expressed or implied by law. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Customer Service

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department. 5 Year Limited Contract Warranty

Telescope warrants that its furniture is free from manufacturing defects as of the date of purchase. This 5 year warranty applies to the furniture collections listed above. Telescope warrants the aluminum frame against breakage for a full 5 (five) years from the date of purchase, under normal use. Telescope warrants its powder coat finish against peeling, cracking or blistering for 3 (three) years from date of purchase and its vinyl straps against breakage for a full 1 (one) year from date of purchase, under normal use. Repairs or replacement parts will be provided at the discretion of Telescope Casual Furniture, Inc. (In the case of discontinued models or finishes, we will repair or replace the item or parts with the closest comparable current model.)

Table tops, umbrellas, terrace shells, wood furniture, steel bases, the natural weathering of wood finishes, breakage of glass, fading, staining or mildewing of fabric and strapping or the compression of cushion fillings and rusting of market bases are not covered under the warranty. This warranty does not cover the failure of furniture which, in our opinion, was caused by acts of God, accident, neglect, improper shipping or handling, or unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed. Furniture stored outside or in other cold storage areas should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under this warranty.
