

TELESCOPE CASUAL

F U R N I T U R E

2009 COLLECTION

A CENTURY-LONG JOURNEY TO EXCELLENCE

In 1903, the Telescope Cot Bed & Novelty Company in New York City started manufacturing cots and campstools with “telescoping” legs that were popular among the military. In addition to our factory in midtown Manhattan, Telescope’s sawmills were located in Pennsylvania until 1921 when Telescope moved to the lush countryside of Granville, New York. Granville and the surrounding areas not only offered acres of woodlands, but also hard working laborers and railroads that allowed the trains to run through the new plant. After the sales and administration moved from New York City in 1932, the entire operation was located in Granville and Telescope embarked on a transformation that would eventually establish the company as a leader in casual furniture.

To evolve with an expanding product line, the Granville plant has had to constantly make renovations to the nearly one-million square foot facility and make concentrated efforts in research, development, engineering and unique manufacturing processes. Telescope has always been self sufficient, which has allowed us to remain competitive in today’s market by responding quickly and finding innovative methods for manufacturing. For over 100 years Telescope has remained a remarkably successful family owned business currently managed by the fourth and fifth generation, and headed by Kathy Juckett. More than 300 employees maintain a close working relationship with the Vanderminden family and management team. Much of Telescope’s success is owed to the talented and skilled work force that takes pride in their craftsmanship, and the professional sales force who work closely with dealers to ensure every customer’s expectations are exceeded by their Telescope experience.

Telescope’s goals are to focus on providing the highest levels of Quality, Design, Comfort, Selection and Fast/Consistent Delivery. None of these characteristics are easy to deliver, but we know that they are critically important to retailers and consumers alike. In acknowledgement of this hard work, Telescope is proud and humbled to have once again received top honors in *Hearth & Home Magazine’s* annual survey of retailers in which Telescope was ranked #1 in Quality and #1 in Fast/Consistent Delivery! Telescope has been a leader in these important attributes consecutively for a fourth and third year respectively.

The future for Telescope will be reminiscent of the first 100 years. Telescope remains committed to being an industry pioneer by introducing new innovations and products while preserving our well deserved reputation for the highest quality and unsurpassed customer service. This genuine commitment has served Telescope well for over a century and will continue to be our goal in shaping the casual furniture industry.

Why mess with a good thing? To make it better than ever before while maintaining the ever-popular, classic Primera Sling profile. We introduced the Primera Sling Collection in 1984 and redefined the look of outdoor furniture. While paying homage to its roots and capitalizing on the strength of a beautiful design, we have completely updated this collection to be as solidly fresh in the 00's as it was in the 80's. This collection is offered with a staggering 12 different seating pieces to meet every outdoor furniture need. 15-year residential warranty.

MARKET & VALUE MARKET UMBRELLA...

The Telescope Market Umbrella is so unique it's patented. Choose from Ash or Powder Coated Aluminum Market Umbrellas. The Powder Coated Umbrella has an extremely durable baked on polyester finish. The Wood Umbrellas are varnished for long lasting protection. Use freestanding or with an Umbrella Table. All Market Umbrellas are offered in 8', 9' and 10' sizes. Telescope's Easy Lever-Lift locks into place automatically. Please choose any suitable fabric listed on page 84-86 of this catalog.

Our Easy Lever-Lift lets you open and close your umbrella with ease.

Our strong support ribs are designed so the fabric sets off from the rib, plus the fabric snaps on and off easily.

8', 9' & 10' Market Umbrellas

The Value Market Umbrellas feature excellent quality at an attractive price. New for 2009, we are offering an 11 ft diameter aluminum auto-tilt market umbrella along with our 9 ft diameter aluminum auto-tilt market umbrella available in six powder coat finishes that coordinate nicely with Telescope's finishes. Also new for 2009, in addition to our six coordinating Value Olefin fabrics, you can now order these Value Umbrellas in any Telescope fabric suitable for use on market umbrellas.

Value Olefin Fabric Selection:

20V Natural Canvas 13V Navy

Telescope's World Famous Director Chair is soundly constructed using the finest solid North American hardwood. Made in the U.S.A., this is the finest chair in the industry. Canvas covers are custom dyed with the finest vat dyes available. Arms are shaped and sanded by hand for maximum comfort and smoothness. The heavy duty shaped legs of the World Famous Chair set it apart from the crowd. Corner bracing on the counter and bar height designs insure long term rigidity of these frames. Chairs fold compactly, arm assembly folds down flat and packs easily. Available in three seat heights and four frame finishes.

TOP 10 REASONS FOR CHOOSING TELESCOPE DIRECTOR CHAIRS

Quality standards are maintained and improved by independent lab testing and Telescope's own testing facilities.

All back covers have a non-sag feature. One size seat and back fits all Director Chairs.

All frames are select, kiln-dried solid hardwoods. They are shaped and hand sanded.

The seating material slips into a specially designed groove. No tools are needed.

All wood parts are precision-milled, pressed together and nailed for maximum rigidity.

The tapered, shaped legs are nailed securely into a beveled seat block with mortise and tenon style joinery.

Extra Heavy-duty, corrosion-resistant, zinc-plated steel braces are 50% stronger than previous braces.

The arm and chair framing folds down compactly and packs easily into a box.

Extra-strong leg braces are nailed securely into the legs.

Self-levelling plastic glides on the legs help to prevent marring of floors. Screws make these glides easily replaceable.

The Original World Famous Director Chair

No other director chair offers you so much. Eye catching design, personal comfort, quality construction and economical pricing. Don't be fooled by imitations. Demand the original director chair by Telescope...Telescope invented the slip-in seat and back design in 1953. Patented for many years, our World Famous chair eventually became the industry standard. Perfect for Trade Shows, Exhibits, Hospitality Suites, Showrooms, Office Interiors and so much more. Ideal for Prizes, Incentives and Awards. An outstanding selection of fabrics, finishes and seat heights to choose from. We offer two styles of Director Chairs...The World Famous and The Celebrity.

Custom Chair Covers

HEAT TRANSFER COVERS

Celebrate any special event in style with a one-of-a-kind personalized director chair. Perfect for incentives, promotions, graduations, birthdays, or any occasion you can dream of! No expensive set up charge or minimum quantities for this fully computerized full color production system. Reproductions of trademarks require written approval by owner or licensee.

SILK SCREEN COVERS

Silkscreen covers expand your design options. Picture your logo emblazoned across the back of a chair that is synonymous with quality! Use one, two, three or more colors for your eye catching artwork. Create the image you want, and we can bring it to reality on a Telescope Director Chair. Silk screen printing can be done on canvas only. Reproductions of trademarks require written approval by owner or licensee.

1900SUP Table Top Support
For use with Telescope pedestal bases and
non-Telescope table tops

2050 20" x 25" Serving
Cart with Cooler

Complete your "outdoor room" with an elegant beverage bar or serving cart. The extensive array of high quality porcelain tiles available on our tile top bar is sure to compliment any décor. Our weighted add-on bar is a great option for really windy locations. New for 2009, we have added a table top support that lets you use our excellent pedestal bases with non-Telescope table tops.

Style numbers shown below do not indicate the frame finishes featured. See our Price Index for the full range of frame finishes, prices and specifications.

For extra windy locations we offer a Weighted Add-On Bar for Sling Collections. There is one bar that fits chairs, one to fit Cafe Chairs and Bar Stools, and one to fit Chaises.

2300 Tile Top Bar

DINING TABLE COLLECTION

Telescope umbrella tables feature a strong aluminum banded table rim and leg assembly with a durable baked on polyester finish in white, ivory, aspen green, aged bronze, black, espresso, pewter, canyon and mahogany. The knock-down (KD) feature of many of our tables provides efficient storage as well as easy assembly. Plastic glides on all legs help to protect the deck or patio surface. The glass used in our tables is tempered for extra strength. An umbrella hole protective ring and plug are included. Most of our tables are available in all nine frame finishes. Please refer to our Price Index for details.

CORDS & FRINGES

The Key Biscayne Deep Seat Wicker, St. Lucia II Deep Seat Wicker, Savona II Cushion and Bella Lucca Cushion collections can be customized with coordinating cording on cushions and fringed accessory pillows. Unlike many delicate indoor cording and fringes, our 100% solution dyed acrylic materials are designed to last in outdoor weather conditions. See our Price Index for upcharge information for cords & fringes.

Cord is available on Savona II Cushion, Bella Lucca Deep Seat Cushion, St. Lucia II Wicker, and Key Biscayne Deep Seat Wicker only.
Fringe is available on HPLW and LPLW only.

FRAME FINISHES

Powder Coat Frame Colors

FEATURES OF TELESCOPE'S QUALITY FURNITURE

Telescope's Historic Commitment to Quality

Since 1903, our family-owned company has built a sound reputation based on our remarkable history, fine products, reliable quality, and exceptional service. As an established leader in casual furniture, we stand behind our products. Our customer service department is known as the best in the industry.

Design Excellence, Innovations and Awards

In the 1950's, we began producing aluminum furniture. In 1953, we invented and patented our world famous director chairs with replaceable seat covers. In the mid-1970's, we were the first to use this same technology in replaceable sling furniture. Recently the Casual Furniture Retailers Association (CFR) presented Telescope with their coveted *Manufacturer Leadership Award*. The stringent criterion for this major award includes excellence in design, product quality, merchandising, customer service, ethics, communication and trade relations.

Frame Finishes and Colors

All of our powder coated aluminum collections feature the most durable finish on the market. This finish resists scratching, blistering, chipping and peeling, and is five times thicker than liquid spray paint. Powder coating is created by spraying dry polyester powder onto raw aluminum frames from guns that produce a negative charge, electrostatically attracting the colored powder to the frames. A baking process permanently sets the finish on the frame. Our Black, Aspen Green, Ivory, Mahogany, Espresso, Pewter, Canyon and Aged Bronze finishes are offered in popular textures, while traditionally, our White remains a brilliant, glossy, pure white.

Aluminum Extrusions

At Telescope, we design and specify our own aluminum extrusions, precisely matching the application characteristics of aesthetics, strength, stiffness, bendability and cost.

Welded Parts

For added strength and beauty, Telescope products are welded together using either the MIG (Metal Inert Gas) or TIG (Tungsten Inert Gas) process, depending on the particular application. Both processes have their own distinct advantages.

Plastic End Caps and Spacers

Our plastic end caps and spacers are molded to match the color and shape of our frames. UV (Ultraviolet) stabilizers are added in the molding process to help protect these parts from the damaging effects of the sun.

Tables

Our wide variety of tables include large and small, rectangular, square, round, and oval styles. Powder coated aluminum tables feature extra-strength tempered glass or solid acrylic materials. We also offer several solid top tables, including powder coated solid cast aluminum tops to coordinate with our cast collections, beautiful High Pressure Composite tops and Werzalit tops in a variety of color ways. Plastic glides on all table legs help protect deck or patio surfaces. Packaged for easy assembly and efficient storage, many of our tables are designed to pull apart easily into three pieces (no nuts, bolts, or screws are used) and others are easily assembled using a few screws.

Cushions

Our comfortable, generously-sized outdoor cushions are made of vinyl, polyester, olefin and acrylic fabrics. The stuffing is made of either 100% polyester fibers that are welded by heat and pressure to maintain their loft or a combination of polyester fibers and reticulated "rain-through" foam. Water drains right through these cushions; rain is never a problem. Our easy-maintenance cushions dry quickly, resist mildew, and keep their shape longer than other cushion products on the market. The various cushion styles either slip over the back of the chair to give the feeling of an upholstered chair, easily attach with fabric tabs, or fit snugly into the furniture frame. Customers can mix and match some of our cushion furniture with sling options made from the same frame design.

Strap Styles

The 100% virgin PVC straps are extruded at our factory, ensuring consistent color and durability. We use only heavy-duty vinyl straps containing UV and mildew inhibitors for reliable strength, resilience, and elasticity. Our traditional style straps are secured to the frame using the double wrap method to eliminate any concerns of strap pull-out. For a smooth look, our newer strap design is created by heat-welding straps that securely slip into a covered aluminum extrusion. Both of these strap styles can be easily replaced for a change of color.

Sling Styles

Sling furniture is our signature product. We use extra-heavy construction in our slings to ensure that they will last. Our slings are available in heavy, high thread-count woven vinyl-coated polyester fabric, as well as a variety of blended fabrics. UV inhibitors and plasticizers have been added for shape and colorfastness. During manufacturing, the fabric is cut to size, heat sealed or sewn, fitted with a dowel, and inserted into the seat rail, where it is firmly bolted into place. Sling furniture is attractive, comfortable, easy to clean, and dries quickly after inclement weather. For a change of style, our sling fabrics are replaceable.

Umbrellas

We've spent years perfecting our distinctive Market and Drape umbrellas. Our innovative Easy Lever-Lift Market umbrella locks into place automatically when the umbrella is opened. We've designed a handy tilt function that easily locks the umbrella angle in the desired position. Available with separate bases, our umbrellas coordinate beautifully with all Telescope collections. Freestanding or as a table umbrella, there's a size and style just right for every customer. Powder coated aluminum Market umbrella frames are available in colors to match our furniture collections. The Market umbrella frame is also available in ash wood. A variety of fabrics are available to coordinate umbrellas to seating arrangements. For easy cleaning, all Telescope Market umbrella covers are easily removable using heavy duty brass snaps.

Wood Products

Telescope's own skilled craftspeople produce wooden products in our nearly one-million square-foot plant. The fine maple, beech, yellow birch, and ash woods used in our products are carefully selected from our own private land preserve in upstate New York and Vermont.

WARRANTY & SERVICE

Limited 15 Year Warranty

If your Telescope powder coat frame fails structurally during normal usage within 15 years from the date of purchase, we will repair, refinish or replace the frame without charge, parts and labor included. (In the case of discontinued models or finishes, we will replace the item with the closest comparable current model.) The finish is warranted against peeling, cracking or blistering for a period of 3 years from the date of purchase.

The marine grade polymer frame of our Windward Sling Collection is warranted for five years from date of purchase against breakage under normal use.

Not included in our "powder coat" warranty are table tops, umbrellas, terrace shells and market bases, wood furniture, cushions, slings and folding aluminum furniture. These products are warranted for one year to be free of manufacturing defects. Our cast iron and steel market bases, if not properly maintained, will rust if the finish is scratched through to the metal. If this occurs, it must be touched up with an acrylic based paint.

Our non-glass table tops are warranted for three years from date of purchase against manufacturing defects. Fading or staining of the table surface is not included under warranty. Tables must not be stored upside down.

Our Banquet folding aluminum chair is warranted for 3 years from date of purchase against manufacturing defects.

The wicker fibers featured in our Wicker Collections are warranted by the fiber manufacturer for 3 years from the date of purchase. Please refer to our Price Index or contact our Customer Service Department for details on this wicker fiber warranty.

The natural weathering of wood finishes, breakage of glass, fading, staining and mildewing of fabrics, slings and strapping or the compression of cushion fillings and the rusting of market bases are not covered under warranty.

This warranty does not cover the failure of furniture that, in our opinion, was caused by acts of God, accident, neglect, improper shipping or handling, or by unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed. Furniture used in a commercial setting is not warranted unless it is specifically designated for commercial use as noted by a CQ (commercial quality) in our price index, in which case it is warranted for either one year or five years from the date of purchase. Furniture stored outside or in other cold storage should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under our product warranty.

To obtain service, contact our Customer Service Department in writing at Telescope Casual Furniture, Inc., 82 Church Street, Granville, NY 12832, stating the problem, providing pictures and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to furniture manufactured by Telescope Casual Furniture, Inc., after September 1, 1986 and is limited to 15 years from the date of purchase. This warranty is in lieu of any other warranty, expressed or implied by law. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Customer Service

For information on routing, tracing and shipping lines, please contact the Telescope Traffic Department. To place or check on orders, inquire about shipping date or to have your Telescope Sales Representative visit you, please contact Telescope Customer Service Department. For advertising needs, black and white glossies, line drawings and other promotional materials, please contact the Telescope Advertising Department. For premium and incentive information please contact the Telescope Premium Sales Department.

PATENT PROTECTION

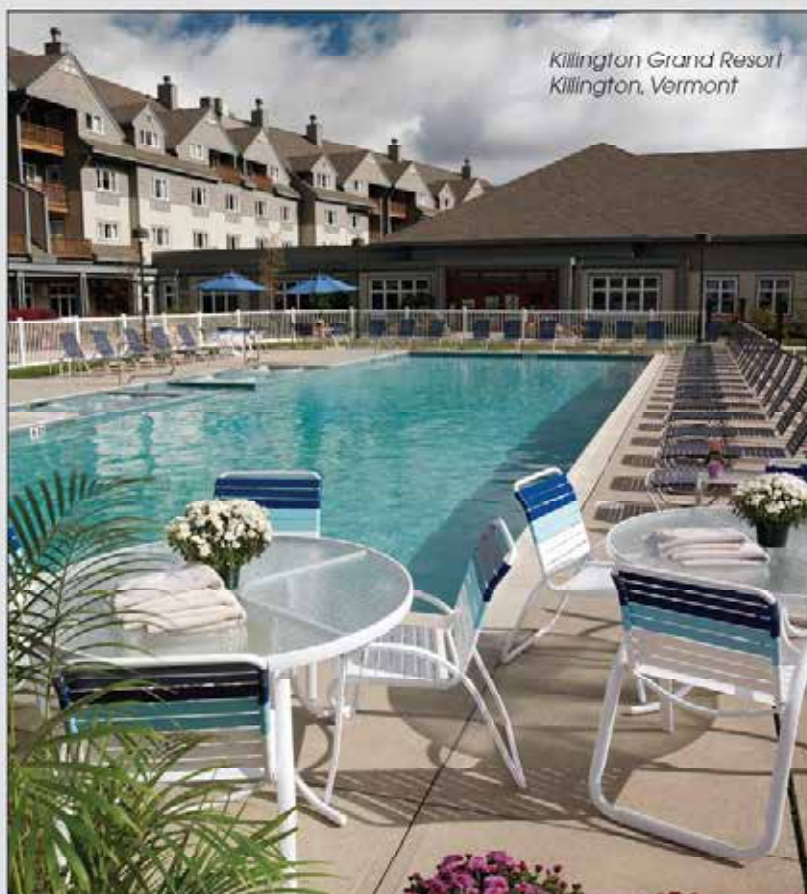

Telescope products are protected by the following patents:

1 Year Limited Contract Warranty

Telescope warrants that its furniture is free from manufacturing defects as of the date of purchase. This 1 year warranty applies to the furniture collections listed above. Telescope warrants its powder coat finish against peeling, cracking or blistering for 3 (three) years from date of purchase, its vinyl straps against breakage and the frames against breakage for a full 1 (one) year from date of purchase, under normal use. Repairs or replacement parts will be provided at the discretion of Telescope Casual Furniture, Inc. (In the case of discontinued models or finishes, we will repair or replace the item or parts with the closest comparable current model.) Please refer to our Price Index for information about the warranty on the wicker fiber used in our Wicker Collections.

Table tops, umbrellas, terrace shells, wood furniture, cast iron and steel bases, the natural weathering of wood finishes, breakage of glass, fading, staining or mildewing of fabric and strapping or the compression of cushion fillings and rusting of market bases are not covered under the warranty.

Our non-glass table tops are warranted for three years from the date of purchase against manufacturing defects. Fading or staining of the table surface is not included under warranty. Tables must not be stored upside down.

This warranty does not cover the failure of furniture which, in our opinion, was caused by acts of God, accident, neglect, improper shipping or handling, or unreasonable or abusive use, and is void if our care and maintenance instructions were not properly followed. Furniture stored outside or in other cold storage areas should be drained of any water. If allowed to freeze inside the furniture, water can damage the tubing. Such damage is not covered under this warranty.

To obtain service, contact our Customer Service Department in writing at Telescope Casual Furniture, Inc., 82 Church Street, Granville, NY 12832, stating the problem, providing pictures and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received, your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to the collections listed above, manufactured by Telescope Casual Furniture, Inc. after September 1, 1986 and is limited to 1 year from the date of purchase. This warranty is in lieu of any other warranty, expressed or implied by law. This is a limited warranty and extends only to the original purchaser. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

To obtain service, contact our Customer Service Department in writing at Telescope Casual Furniture, Inc., 82 Church Street, Granville, NY 12832, stating the problem, providing pictures and providing proof of purchase. A Return Merchandise Authorization will be sent to you giving instructions for returning items if necessary. No returns will be accepted by our factory without prior written authorization from our Customer Service Department. After authorization is received, your furniture must be returned to the factory in proper packaging, freight prepaid.

This warranty applies only to the collections listed above, manufactured by Telescope Casual Furniture, Inc. after January 1, 1992 and is limited to 5 years from the date of purchase. This warranty is in lieu of any other warranty, expressed or implied by law. This is a limited warranty and extends only to the original purchaser. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Sanibel Harbour Resort
Fort Myers, Florida

This catalog is printed on FSC-certified paper. FSC is the Forest Stewardship Council whose sole purpose is to ensure that the products they certify are made in a way that utilizes environmentally friendly forest management practices.

Telescope has always been a "Green" company, partially for ethical reasons; protecting this awesome resource we are responsible for, and partially for economic reasons. For 30 years, Telescope has been utilizing the waste from our wood operations to heat our manufacturing facility. We manufacture in the North East, and it gets quite cold during the winter. The last time we ran our oil-fired furnaces, we used 800,000 gallons of fuel oil per year. Our manufacturing plant is substantially larger than it was 30 years ago, but conservatively, Telescope has avoided using 24 million gallons of fuel oil, or over 1/2 million barrels of oil. Change doesn't happen by law or

magic. It takes hard work. Telescope is proud to do its part to help the environment and even more proud that we found an economic reason to support our actions.

While the "Green Movement" has gained momentum recently, for Telescope it's been the only way we've known how to operate. From carefully managing the 10,000 acre timberland for continuous growth and sustained yield, to utilizing recycled materials in all stages of manufacturing and recycling virtually all of its waste, Telescope "was green before green was popular." As consumers and retailers become conscious of environmentally friendly products, Telescope is once again a leader by just doing what we've always done.

Telescope has always exercised the best forest management practices with its wood products. Our lands are managed directly by people who spend their leisure time hiking in the woods and enjoying the magnificent resource. To this end, Telescope is proud to announce the introduction of our FSC-certified Director Chair Collection. A separate Brochure is available for this exciting new product. Even though our historical forest management practices closely mirror those promoted by the Forest Stewardship Council, we understand the advantage of an impartial 3rd party that can help consumers understand the commitment that we have to a healthy, sustainable environment.
